WHAT THEY ARE PAYING FOR TOMATOES.

The American Agriculturist, one of the leading farm journals of the country, has been conducting an investigation throughout the country as to the the price to be paid for tomatoes by the canners during the coming season. Their investigation has been exhaustive and we give below some results which the journal has gotten from the canners themselves. The local contract figures prevailing for 1913 are:

F. P. C., Fredonia, N. Y., says tomatoes will bring $8 50 and $7 per ton.

F. B. S. Millsboro, Del., says he will pay $8.40 per ton for tomatoes.

H. P. C., Bridgeville, Del., contracts with growers for tomatoes will read $9 and $10 per ton.

W. L. S., Bridgeton, N. J., we are contracting for tomatoes at $10 per ton.

H. B. M., Federalsburg, Md., the general price offered for tomatoes will be $9 per ton.

T. K. L. C., Guilford, Ct., contracts for tomatoes for 1913 at $10 per ton.

S. C. C., Scottsburg, Ind., we are contracting for tomatoes for 1913 at $10 per ton.

Toutville, Va., C. E. L., says canners will pay $10 per ton, or 30 cents per bushel for tomatoes delivered at railroad.

This is bona fide information secured by the American Agriculturist, and it should convince the farmers hereabouts that they should hold out for prevailing prices. We clip this information for the benefit of our growers in Kent, Cecil and Queen Anne's.

MESSRS. E. S. VALLIANT, H. E. Walls, J. H. Newnam and H. V. Gould, of Church Hill, met the members of the Government Geological Survey at the mouth of South East river recently. The object of the survey is to get an appropriation to deepen the channel so as to make it navigable for steamboats as far up at least as Bens Point, which would be a great benefit to that town and community. Congressman Covington and Representative Walker are interested in the project and it is hoped they will be successful.

HOW MRS. BROWN SUFFERED

During Change of Life—How Lydia E. Pinkham's Vegetable Compound Made Her a Well Woman.

Iola, Kansas.—"During the Change of Life I was sick for two years. Before I took your medicine I could not bear the weight of my clothes and was bloated very badly. I doctored with three doctors but they did me no good. They said nature must have its way. My sister advised me to take Lydia E. Pinkham's Vegetable Compound and I purchased a bottle. Before it was gone the bloating left me and I was not so sore. I continued taking it until I had taken twelve bottles. Now I am stronger than I have been for years and can do all my work, even the washing. Your medicine is worth its weight in gold. I cannot praise it enough. If more women would take your medicine there would be more healthy women. You may use this letter for the good of others."—Mrs. D. H. BROWN, 809 N. Walnut St., Iola, Kan.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

THE States have ratified the Income Tax Amendment to the Constitution. It is now up to Congress to pass a law. Representative Cordell Hull, a member of the Ways and Means Committee, had been tenatively selected to draft the new income tax measure. The bill will be designed to supersede the present excise tax, and is expected to raise about $150,000,000 a year in revenue. The law will be similar to that which the Supreme Court of the United States held to be unconstitutional some time ago.

When the income tax bill is presented to the extra session its provisions will be approximately as follows:

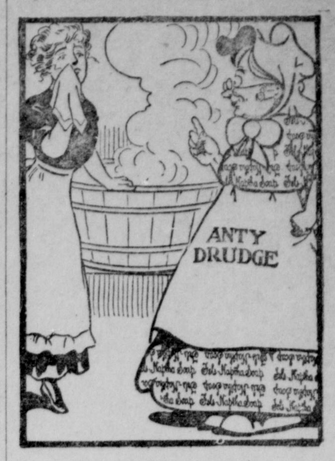

A 1 per cent. tax on all earned incomes above $5,000 a year.

A 1½ per cent. tax on all unearned incomes over $5,000 a year.

A graduated and higher tax from swollen fortunes and extensive real estate holdings.

Mrs. Heatup—"Gracious, Anty, you look cool as a cucumber, and here am I dripping with perspiration."
