When expecting guests, the housewife often finds it necessary to call upon the local dealers for quick service. A window-shade breaks, or a new rug is needed—perhaps the piano needs tuning—or something special in the way of food supplies may be wanted. It's handy to step to the telephone and order what is needed. Telephone orders always receive prompt attention.

The Directors of the Galena Cemetery met March 10th and adopted a new plan, whereby each lot owner will be taxed a sum of fifty cents per lot, each year to help create a fund to keep the cemetery mowed and in order. This amount being due and payable to the secretary of the Company on or before May the 1st of each year. We think this is a splendid idea as some lot owners have moved away and cannot keep lots in order and a few neglected graves spoil the looks of the cemetery.

Overland $985

It's Worth More than it Costs You

OF COURSE you admit the value of the automobile for any one who has to go from one place to another—and wants to get there and back quickly. We all agree on that point.

The cost of the automobile is what is worrying you, maybe.

You wonder is it worth the money—to you.

Have you ever noticed that when a man buys an automobile, and, after using it, either in his business or for pleasure, or for both, sells it, always buys another one?

Yes? Well, that's the answer.

Buy an automobile, find out that its price is an investment rather than an expense, and you can't do without it. You wouldn't want to.

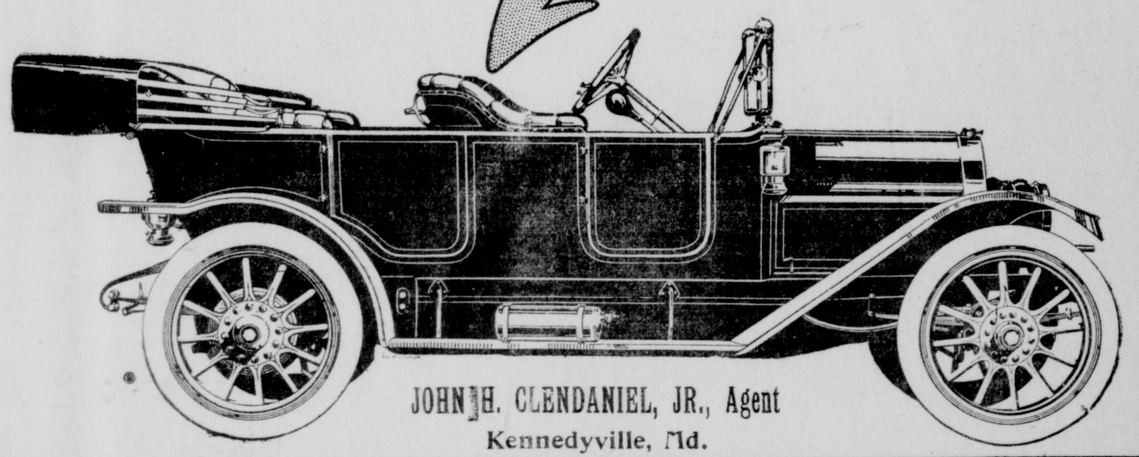

Because you will have found that the car is worth more to you than it cost you, that it has added to your capacity of doing business, that it made one hour do the work of three, that the store, the theatre, the folks ten miles away, have suddenly become your next-door neighbors, that it has given a store of health to you and your family.

Which automobile?

The Overland—because it is the best value that money can buy.

Whatever your notions are as to what an automobile should be to do justice to your requirements, whether you value power, comfort, impressive appearance, low cost of upkeep, or the kind of durability—Overland durability—that makes the possession of a car a source of downright satisfaction, you can't afford to consider any automobile without first investigating the new Overland.

At least come and take a look at it. Compare it with others. Let us give you a ride in the big, fully equipped Overland; it involves no obligation on your part. Then draw your own conclusions.—That's all.

M. E. CONFERENCE NEXT WEEK

Final arrangements are being made for the coming annual session of the Wilmington M. E. Conference, which convenes this year in Immanuel Church, Crisfield, Md., of which the Rev. W. E. Habbart is pastor, and while the statement has been made that there is likely to be an unusually small number of pastoral changes, there may be some eleventh hour surprises.

The Rev. Mr. Habbart, as chairman of the entertainment committee, has been busy assigning the visitors to homes, and it is believed that they will give much satisfaction.

The opening session of the conference will be held Wednesday, March 26th, at 8.30 o'clock in the morning, and the indications are that the session will be one of unusual interest. Bishop Berry will be the presiding officer, and he already has gone over the preliminary work with his cabinet, consisting of the district superintendents.
