AN ANNOUNCEMENT IN SEASON!

SPRING IS ON ITS WAY. Men's and Boys' Clothes will have to be bought. The progressive firm of BORDLEY & SONS extends to every man a cordial invitation to call and see what we offer in the nature of Clothing and Shoes for the approaching Spring and Summer season. Our stock—twice its usual size—is arriving rapidly and we will be pleased to show you our lines whenever you can visit our store and inspect them.

On account of the retirement of two firms, Messrs. Hoffecker and Lusby, we have bought twice our usual supply of Clothes to meet the increasing demand for the better class of garments, and we can say this season, without fear of contradiction, that we have the finest line ever assembled together in any store in Chestertown. Every merchant lays big claims upon his merchandise—that's natural; but when customers look to us for proof of our claims we point out the perfect fit and almost incredible durability of our line of Clothing, especially of the famous "Adler-Rochester" stock. The New York Clothing House, of Baltimore City, features this line as their best grade of Men's Clothing, and sell it at prices 20 per cent higher than we do, who have bought the identical stock to sell right at your home. Ask the man who wears "Adler-Rochester" Clothes, and be guided by his opinion.

"Adler" Clothes -	$18.00 Up
"Frankel-Fifteen" -	15.00
"Pecan Brand" - -	13.50
"Skill-Craft,"	$10.00 to 12.50

POSTOFFICE APPOINTEES.

The numerous applicants for postmastership in Kent will be interested in the following:

When the extra session opens Postmaster General Burleson expects to have ready his plan for dealing with the situation created when all fourth-class postmasters were put into the classified service.

The Postmaster-General had a long talk with Chairman McCombs and said afterward that he would occupy himself in the next three weeks with the drafting of a plan by which the merit system could be applied to fourth-class postmasters. Mr. Burleson does not believe that the executive order through which the postmasters were placed on the civil service list should be revoked, but he insists that those who were placed on the civil service list without examination be required to submit to the merit test.

While the question of Federal appointments is absorbing the attention of President Wilson, it became apparent that besides the members of the Cabinet who are sifting the mass of applicants, National Chairman McCombs and Secretary Tumulty are working in close harmony with members of Congress.

It was made known also that no particular policy will be followed in all the States with reference to organization, anti-organization and independent Democratic factions.

"Each State presents its own problems," said Mr. McCombs.

Postmaster Hitchcock in his annual report adopted the recommendation of Assistant Postmaster General DeBraw, which was submitted to him in December last, that the aggregate salaries of rural carriers be increased from $1,100 to $1,200 per annum. If adoped by Congress this increases pro rata the pay of all carriers serving on soutes of less than 24 miles.
