Studebaker

"My New Studebaker"

There's a note of pride in the remark. To own a Studebaker buggy is to own the finest, classiest looking, lightest running vehicle on the road.

Slender, yet sturdy wheels, flexible bent-reach gear of the new Studebaker pattern, well proportioned, graceful lines, upholstery of the kind that makes you want to lean back and enjoy yourself, and the Studebaker double ironed shafts, strong and shapely.

Why wouldn't any man be proud to own a Studebaker?

716 W. Fayette St., Baltimore, Md.

BAD BLAZE AT CHURCH HILL.

A barn and stable, owned by Dr. W. G. Coppage, were burned to the ground at 12.30 o'clock Wednesday afternoon, of last week together with a valuable colt, a carriage, automobile accessories, hay, straw and 200 bundles of blades. The property was valued at $1200. There was no insurance.

The fire was started by Willie the 5 year-old son son of Dr. and Mrs. Coppage. He had been playing about the stable, and decided that the colt was cold, Entering the kitchen, he procured several matches, and in a few moments a fire was blazing merrily. The alarm was sounded, but already the building was enveloped in flames. The Church Hill fire department responded and succeeded in saving near by buildings Fortunately Dr. Coppage had run his automobile from the building earlier in the day and left it down the street, otherwise it, too, would have been destroyed.

GALENA ITEMS.

Mr. and Mrs. Harry Brockson have moved to the Mier property.

Mrs. Ella Whitaker is having some improvement put on her home on Front street.

Mr. Samuel King and sister, Miss Lena, of Warwick, spent Sunday with Mr. James Caldwell.

Miss Mary Mulford, who has been spending some time in Baltimore, returned home last week.

Miss Bertha Brockson, has been substitute teacher at Rock Hall High School during the past week.

Gertrude Esther the little two year old daughter of Mr. and Mrs. I. L. Dempsey, fell while playing in the yard last Monday and broke her right arm. Dr. E. A. Scott dressed the arm. The little girl is getting along nicely at this writing.

Epworth League services Sunday evening in charge of the president, Mr. Wm. Fogwell, Topic: Jesus's Doctrine of His Own Person.

The continued cold weather and the frosts are playing havoc with tomato plants.

FIFTY YEARS OF NEGRO PROGRESS.

An interesting resume of the progress made by the negroes of this country since all slaves were freed by the Emancipation Proclamation, issued by President Lincoln a little more than a half a century ago, is given in a leaflet written by Monroe F. Work, editor of the "Negro Year Book," and printed at the Hampton Normal and Agricultural Institute. The showing is somewhat surprising, and very interesting.

In 1863 there were 4,500,000 negroes in the United States. Now there are 10,000,000. Fifty years ago the value of church property owned by negroes was only a few thousand dollars; today it represents a value of about $57,000,000.

Fifty years ago it was difficulty for a negro minister to obtain competent training. There was but three institutions open to him—the Lutheran Seminary at Gettysburg, Oberlin College and the Oneida Institute. Now he has the advantage of 28 theological schools and departments. The original requirement of a negro minister, that he should have good lung power and be able to "give the rousements," has been supplanted by a demand for a trained and efficient ministry. Now negro churches are contributing $1,000,000 yearly to home missions, supporting 200 missionaries and giving aid to more than 350 needy churches, in the Methodist Episcopal denomination alone. The negro Baptists are carrying on missionary work in five countries, have 132 stations and support 97 missionaries. The A. M. E. Church carries on missionary work in eight foreign countries and has two bishops in Africa. In 1863 there were less than a hundred colored Sunday schools, with less than 10,000 children, in the South; now there are more than 35,000 schools, with 1,750,000 pupils.

The number of day schools for negro children in the South in 1863 was less than a hundred. Now more than 1,700,000, negro children are enrolled in the schools and more than 100,000 in normal schools and colleges, with 34,000 teachers, of whom about 3,000 are employed in colleges and in normal and industrial schools more than 400, together with schools of theology, law, medicine and other professions. And still the demand is for greater educational facilities for the negroes.

Fifty years ago the negro was but a "hewer of wood and a drawer of water." Today there are more than 50,000 in the professionals and about 30,000 engaged in various business pursuits. There are fully 300,000 negroes working at trades. There are 64 banks, in the country conducted by negroes, with a capital of $1,600,000 and annual business of $20,000,000.

Good progress in agriculture has been made by the negroes and they now operate nearly 900,000 farms comprising about 42,000,000 acres, besides engaging as workers in the cultivation of many more farms and acres. Negroes now own in fee simple 20,000,000 acres of land, the total values of their land holdings being close to $500,000,000. In their half-century of freedom the negroes of the United States have accumulated wealth to the extent of $7,000,000,000, an average of about $350 per family or $70 per capita.

This is a pleasing and creditable showing, yet it must be admitted that in communities such as our own State it would be more gratifying if this general advancement by the negroes was more conspicuously in evidence. The greatest evil among the negroes in Delaware, as is pointed out by the Morning News in a recently printed editorial, is idleness. Many negro men will not work at all, or work very erratically, while there is a continual demand for their labor. Here is a fine field for the efforts of those who have a practical interest in the advancement of all the negroes of the country.—Wilmington Every Evening.

BASE HITS

The Washington College baseball team suffered its fourth straight defeat last Saturday at the hands of the St John's College nine, on the latter's diamond at Annapolis, by the score of 3 to 1. The battle resolved itself into a pitchers duel between Biddle, of W. C., and Wilson of St. J. C. The latter had the better of the argument, not allowing a single hit off his delivery. Although Biddle pitched gilt edge ball, he was miserably supported by his team mates, and as a consequence not one of the cadets trio of runs was earned.

Kennedyville defeated the Chestertown High School Monday by Score of 12 to 10. Wiltbanks carried off the batting honors for the visitors, while Jarman led for the locals. The batteries were—for C. H. S., Brown and Robinson; for Kennedyville, Logan, Smith and Hill.

Washington College and Baltimore City College will play here this afternoon.

KANSAS WOMAN WHO SUFFERED

From Headache, Backache, Dizziness and Nervousness, Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Lawrence, Kans.—"A year ago I was suffering from a number of ailments. I always had pain and was irregular. During the delay I suffered a great deal with headache, backache, dizziness, feverish spells, nervousness and bloating. I had been married nearly three years. I took Lydia E. Pinkham's Vegetable Compound and now I feel better than I have for years. I recommend Lydia E. Pinkham's Vegetable Compound to all who suffer as I did."—Mrs. M. ZEUNER, 1045 New Jersey Street, Lawrence, Kansas.

Montana Woman's Case.

Burns, Mont.—"Lydia E. Pinkham's Vegetable Compound cured me of awful backache which I had suffered with for months. I was so weak I could hardly do my work and my head and eyes ached all the time. Your Compound helped me in many ways and is a great strengthener. I always recommend it to my friends and tell them what a grand medicine it is for women. You may use my name for the good of others."—Mrs. JOHN FRANCIS, Burns, Montana.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as those above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.
