## Suffered Twenty-One Years—Finally Found Relief

Having suffered for twenty-one years with a pain in my side, I finally have found a relief of Dr. Kilmer's Swamp-Root. The physicions called it "Mother's Pain" and injections of morphine were my only relief for short periods of time. I became so sick that I had to undergo a surgical operation in New Orleans, which benefited me for two years. When the same pain came back one day I was so sick that I gave up hopes of living. A friend advised me to try your Swamp-Root and I at once commenced using it The first bottle did me so much good that I purchased two more bottles. I am now on my second bottle and am feeling like a new woman. I passed a gravel stone as large as a big red bean and several small ones, I have not had the least feeling of pain since taking your Swamp-Root and I feel it my duty to recommend this great medicine to all suffering humanity. Gratefully Yours.

MRS. JOSEPH CONSTANCE,
Avoyelles Par. Marksville, La.

Personally appeared before me, this 15th day of July, 1911 Mrs. Joseph Constance, who subscribed the above statement and made oath that the same is true in substance and in fact.

WM. MORROW, Notary Public.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

## NEW PRIMARY ELECTION LAW

**Regarding Nomination, Fees for Candidates, Dates for Filing Applications, Registration, Change of Residence, Affiliation, Etc.**

The following information as to the manner of nominations, fees for candidates, dates for filing application, etc., at the coming primary election in Kent county will be of interest to our readers:

The primaries cannot be held earlier than September 8th, or later than September 15th; provided the chairman of the governing bodies in the State agree on the date, and if they do not agree then the primaries will be held on the second Monday in September, which would be September 8th this year. The primaries will be under the direct supervision of the Board of Election Supervisors for Kent county. They will be legal under the Law of 1912, which is known as the "Primary Election Law."

All candidates for local offices must file their application with the Supervisors of Election at least 20 days prior to the primary election day. The application must be in writing and must be accompanied by the fee required under the law. The fee is regulated as follows: All offices which pay over $300 a year the applicant must put up $25 to become a candidate. All offices which pay less than $300 a year the fee is $10. The cash must accompany the application. Offices which have no emoluments require no fee, but the application must be filed just the same. In Kent county persons seeking the nomination of Members of the House of Delegates and Sheriff must file $25; County Commissioners $10. Delegates to the State Convention and Members of the State Central Committee, no fee required.

Five days before the primary election, the registration officers will sit one day in each district for the purpose of adding names and giving transfers from one district to another. All young men becoming of age can register on this day also. This registration day is for the purpose of giving persons who have moved from one district to another the opportunity to register and vote in their district on the day of the primary election. No voter can change his party affiliation at this day's registration, however. The right to change his party affiliation ceased at the registration last October, but he has another opportunity to change his affiliation at the registration next October. A registered voter, however, who has not declared his party affiliation will be entitled, by virtue of provisions of Section 168 E, to declare his party affiliation for the first time when he appears to vote at the primary election next September.

The Democratic ballots are to be printed on different colored paper than the Republican ballots. A voter who is not affiliated with either party, or refuses to affiliate on the day of the primary cannot be allowed to vote in the primary. This year will be the last chance in the counties for voters to affiliate unless they change their residence from one district to another and get registered new.

Candidates for local offices have the right to get any number of official ballots from the Supervisors to use in the canvas provided they pay for same, but they cannot get the official envelopes. The ballots may be marked outside the election house and inserted in the official envelopes on the day of the primaries. The names of all candidates will be printed alphabetically on the ballot in groups under the offices for which they are running. The voter must make an X mark opposite the name of each candidate he wishes to vote for.

All along Chester river there were camping parties enjoying the shady groves and beautiful scenery, while under the bridge crabbing parties enjoyed themselves.

Betterton and Tolchester were crowded and the behavior was splendid.

The people of Chestertown seemed to have more fireworks than ever before and the town was alive all day, and especially at night.

Mr. Wheat, at the bridge, kept a record of the teams which crossed Chester river, and says there were 1227 from seven in the morning until six in the evening.
