THIRD ANNUAL REPORT

—OF—

Roads Engineer

OF KENT COUNTY.

JUNE 15, 1913. ISAAC GIBBS, JR.

TO THE BOARD OF COUNTY COMMISSIONERS.

Sirs:

I wish to report to you that during the year 1911-1912 that ended May 31, 1912, that the sum of $21,231.83 was expended in taking care of the roads and bridges of Kent county. Of this amount about $6,500 had to be spent on work that the heavy rains in March, 1912, made necessary.

In the Second District the foundation of Perkins' Mill bridge was washed away, and it cost the county $1,108.28 to get the bridge rebuilt, and if some of the citizens of the county had not have been willing to lend the money to rebuild the bridge, it would have been six months before Perkins' Mill bridge could have been rebuilt and opened to travel.

In the Third District Still Pond Neck causeway washed out, and the people living in the Neck had to drive through Mr. James Harris' property, to get out of the Neck. It cost $915.00 to build retaining wall for the causeway and to make the roadway so that the people living in the Neck could travel over the causeway. The men who did the work on the Still Pond Neck causeway, did the work in June, and did not receive a cent for their work until November and December.

In the Fourth District the bridge back of the Eliason farm was washed out, and on account of the lack of funds it was impossible to get it replaced until December. A concrete slab bridge was built at the cost of $537.

In the First District a little over a mile of road from Massey to Sassafras was graveled. This makes about three miles of gravel road that has been completed in the First District. The oldest part of this road is in need of repair, and plans are being made to have this done.

The work last year was held up because the money which was levied for the road was not obtainable until after the work would have been done. A great deal of work was done by men who were willing to wait for their money, but in some places the men would not work until they knew that they could get their money. So the work had to wait.

During the year 58,698 bushels of shells were bought and placed on the roads. Of these shells 27,860 bushels were hauled by farmers of the county free of charge.

SHELLS BY DISTRICTS.

2nd Dist— 3,275 bu. hauled by farmers in Morgan Neck.

5th Dist—27,475 bu.

7th Dist—21,438 bu. hauled by farmers in the 7th Dist.

7th Dist— 6,510 bu.

Total.....58,698

The road from Chestertown to Tolchester has been scraped during the past year, and arrangements have been made to have drag used on it after every rain. Arrangements have been made to have the road from Chestertown to Rock Hall scraped and kept in shape.

By the purchase of the entire capital stock of the Farmers and Merchants Telephone Co., operating in Queen Anne, Caroline, Talbot and part of Kent counties, the Chesapeake and Potomac Telephone Co. assumes control of this company. The Public Service Commission approved of this purchase last week.

The Farmers and Merchants Company has for a number of years successfully operated the telephone service on the Eastern Shore, with exchanges at Denton, Easton, Centreville, Ridgely, Federalsburg, Greensboro, Henderson, Hillsboro, Millington, Oxford, Preston, St. Michaels, Queenstown, Tilghman, serving about 1500 subscribers.

At a meeting recently the following officers were elected: President, M. H. Buehler, who is also second vice-president and general manager of the Chesapeake and Potomac Telephone Co.; vice-president, S. M. Greer, who is general commercial superintendent of the Chesapeake and Potomac Co; secretary and treasurer, A. P. Crenshaw, at present assistant secretary and treasurer of the Chesapeake and Potomac Co. These, together with the following, constitute the new board of directors: G. S. Rairigh, of Denton, Md.; D. K. Crouse, of Queen Anne, Md., and D. P. Holsigner, of Ridgely, Md., all of the old board of directors and W. A. Tower, general plant superintendent of the Chesapeake and Potomac Telephone Co. of Baltimore.

Mr. Buehler, the newly elected president, who is at the head of the Chesapeake and Potomac Telephone interests in Baltimore, stated after the meeting that for the present there would be no change in the management of the company's property. He stated that Messrs. Rairigh, Crouse and Holsigner had consented to serve on the new board of directors with an idea of looking after the local interests, and also on account of their familiarity with the general conditions of the company. H. M. Thompson, who has for a number of years been general manager, will be retained in that position, and it is not expected that there will be any change for the present in the personnel of the company's employees.

Mr. Buehler expressed the opinion that the purchase of the local company by the Chesapeake and Potomac would conserve the best interests of all of the present subscribers and the public in general, as he thought that to bring the management of the larger telephone interests on the Eastern Shore into one organization would prove of great benefit to the territory served by the Farmers and Merchants Company and all of those concerned.

Much of the toll line plant in use by the Farmers and Merchants Co. is the property of the Chesapeake and Potomac Co., besides which a considerable amount of telephone plant at present used by the local company has been leased from the C. & P. Co. This being the case, it can readily be seen that placing the entire property under the management of the one company would have nothing but a beneficial effect.

Mr. Buehler stated that he believes the counties in which the F. & M. Co. is now operating are capable of a much greater telephone development and a larger scope of service than at present, and that it is the intention of his company to use every means to bring about the fullest usefulness of the telephone plant and develop it to its highest efficiency. It is understood that a study of the present conditions will be made at once with the idea of making any necessary improvements.

WHY SIT IDLY BY?

One hundred residents of Ashland, Pennsylvania, have organized the Inter-Church Law and Order Association. The purpose of the organization is to rid the town of gambling devices and see that Sabbath violations cease. The organization proposes to close all cigar stores and ice cream parlors on the Lord's Day. Increasing police protection and organizing institutions like the one mentioned above may not materially benefit or increase the moral and religious standing of a community, but the law should certainly be enforced as touching these things, not only in Ashland, but in every other town and city where these violations of the Sabbath law are found.

We are raising up a generation of people in this day who increasingly ignore the Lord's Day and His house, by permitting places to be wide open on Sunday, in which there is no shadow of necessity. Why cannot people who must smoke purchase their cigars on Saturday, and why cannot people do without ice cream on Sabbath? They can, and where they are not willing to do it naturally, they should be compelled to do it by law. But if the seller of these unnecessary commodities is a violator of the law of God and man, are not those who purchase these luxuries on God's Holy day also violators? Certainly they are. Then why only compel the merchant to close his place or pay a fine for such violation? Why not inflict a fine upon the purchaser.

Proprietors of questionable resorts are arrested (occasionly) and once in a while a patron, but as a rule the big howl is about the man or the woman who opens the door. They may be most guilty, but they are not the only persons who should feel the force of the law. Many of these proprietors claim that it is their customers who make these demands. It may be the old story over again of the Garden of Eden, but evidently there is a strong coloring of truth in it.

Protect the Sabbath, certainly, but protect it clear down the line.—Ex.

TO WED AT WHITE HOUSE.

Official announcement was made at the White House Wednesday night of the engagement of Miss Jessie Wilson, second daughter of President and Mrs. Wilson, to Francis Bowes Sayre, of New York city. The wedding, it is understood, will take place sometime in the early fall at the White House.

The first announcement of the engagement was made to members of the President's Cabinet and their wives and Vice President and Mrs. Marshall Wednesday afternoon, but the engagement was not publicly announced until late that night.

Miss Jessie Wilson is now with her mother and sister at Cornish, N. H., the summer home of the President and his family.

Miss Jessie is to be the thirteenth White House bride. She is 24 years old.
