THIRD ANNUAL REPORT

—OF—

Roads Engineer

OF KENT COUNTY.

JUNE 15, 1913.

ISAAC GIBBS, JR.

TO THE BOARD OF COUNTY COMMISSIONERS.

Sirs:

I wish to report to you that during the year 1911-1912 that ended May 31, 1912, that the sum of $21,231.83 was expended in taking care of the roads and bridges of Kent county. Of this amount about $6,500 had to be spent on work that the heavy rains in March, 1912, made necessary.

In the Second District the foundation of Perkins' Mill bridge was washed away, and it cost the county $1,108.28 to get the bridge rebuilt, and if some of the citizens of the county had not have been willing to lend the money to rebuild the bridge, it would have been six months before Perkins' Mill bridge could have been rebuilt and opened to travel.

In the Third District Still Pond Neck causeway washed out, and the people living in the Neck had to drive through Mr. James Harris' property, to get out of the Neck. It cost $915.00 to build retaining wall for the causeway and to make the roadway so that the people living in the Neck could travel over the causeway. The men who did the work on the Still Pond Neck causeway, did the work in June, and did not receive a cent for their work until November and December.

In the Fourth District the bridge back of the Eliason farm was washed out, and on account of the lack of funds it was impossible to get it replaced until December. A concrete slab bridge was built at the cost of $537.

In the First District a little over a mile of road from Massey to Sassafras was graveled. This makes about three miles of gravel road that has been completed in the First District. The oldest part of this road is in need of repair, and plans are being made to have this done.

The work last year was held up because the money which was levied for the road was not obtainable until after the work would have been done. A great deal of work was done by men who were willing to wait for their money, but in some places the men would not work until they knew that they could get their money. So the work had to wait.

During the year 58,698 bushels of shells were bought and placed on the roads. Of these shells 27,860 bushels were hauled by farmers of the county free of charge.

SHELLS BY DISTRICTS.

2nd Dist— 3,275 bu. hauled by farmers in Morgan Neck.

5th Dist—27,475 bu.

7th Dist—21,438 bu. hauled by farmers in the 7th Dist.

7th Dist— 6,510 bu.

Total 58,698

The road from Chestertown to Tolchester has been scraped during the past year, and arrangements have been made to have drag used on it after every rain. Arrangements have been made to have the road from Chestertown to Rock Hall scraped and kept in shape.

SAVED FROM OPERATIONS

Two Women Tell How They Escaped the Surgeon's Knife by Taking Lydia E. Pinkham's Vegetable Compound.

Swarthmore, Penn. — "For fifteen years I suffered untold agony, and for one period of nearly two years I had hemorrhages and the doctors told me I would have to undergo an operation, but I began taking Lydia E. Pinkham's Vegetable Compound and am in good health now. I am all over the Change of Life and cannot praise your Vegetable Compound too highly. Every woman should take it at that time. I recommend it to both old and young for female troubles." — Mrs. EMILY SUMMERSGILL, Swarthmore, Pa.

Baltimore, Md. — "My troubles began with the loss of a child, and I had hemorrhages for four months. The doctors said an operation was necessary, but I dreaded it and decided to try Lydia E. Pinkham's Vegetable Compound. The medicine has made me a well woman and I feel strong and do my own work." — Mrs. J. R. PICKING, 1260 Sargent St., Baltimore, Md.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?
