METHODS OF "REFORMERS."

Marked Tickets Sent In Wrong Precincts—A Misleading Slip Enclosed To Aggravate Voters.

In the dignified campaign waged in the editorial columns of the NEWS we call the public's attention to our article on "Be Fair." This was the theme of one of the noted speakers at the Chautauqua in Iowa last week and it is now the text of this article. The Organization in Kent has never claimed to be perfect nor to possess *all* the good men in the county, but they have certainly waged a fair fight, and won a great victory. Can the opposition lay claim to the same? We don't think so and here is the proof.

Marked tickets for all the Organization candidates were sent out from Chestertown—not from nor by the authority of any of the Organization. Enclosed in the marked ticket was a slip of paper on which were the lines:

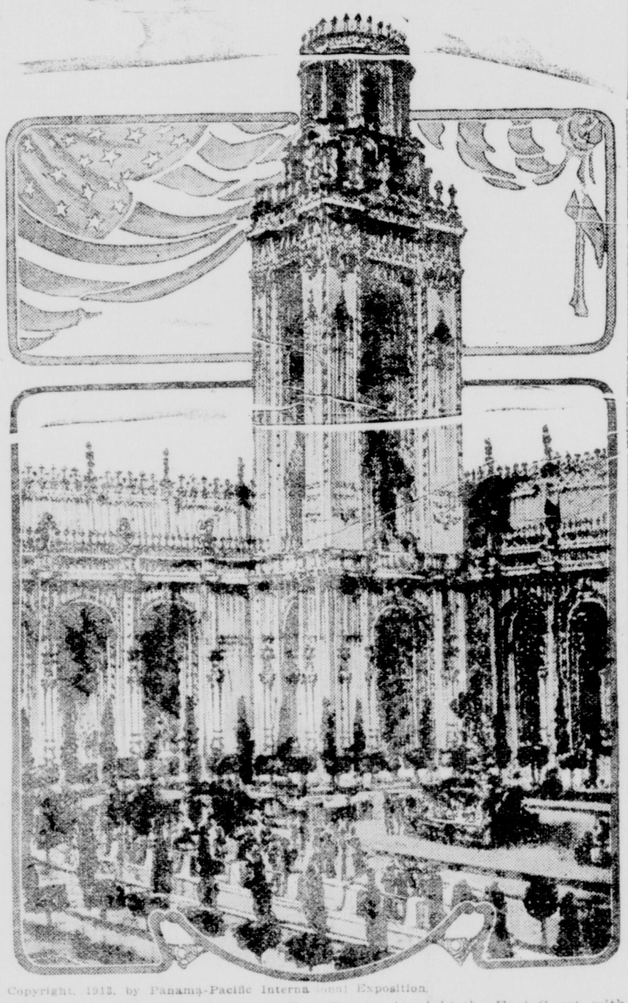

"This is a straight vote AGAINST BARROLL and his Woodrow Wilson Progressive Democracy. This is a solid STATE ORGANIZATION TICKET.

For God, for country and for Home. Vote it as we have marked it." [The above slip we have positive knowledge was printed in the office of a Chestertown newspaper.] This device had a three-fold purpose. It was double forged. The ticket was not sent to every Organization voter, but to only those who m they hoped to catch napping. By putting the words "against Woodrow Wilson Progressive Democracy" they hoped to so incense the voter that he would vote an Anti ticket or else not vote at all. If this did not work then the ballot if voted was so fixed that it did not count. It was no account because of having the wrong precinct on the back!

There were 10 of these tickets thrown out at Rock Hall—enough to have nominated Thompson and in other districts there were sufficient to have nominated Taylor.

We are not squealing, but mention these things to show some of the methods of a faction which has been trying to sail under the name of REFORM and PROGRESSIVE!

PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915.

Copyright, 1913, by Panama-Pacific International Exposition.

AN echo tower in the Festive or East Court. At night the East Court, with its pavements of gold, its great banks of flowers, and its lofty palms, will be flooded with light. Musical masterpieces of the world will be rendered by the chimes in the towers. Great saengerfests and choral festivals will assemble upon the floors of the court. In the Festive Court, the visitor will behold a vision surpassing the richest dreams of Oriental or Moorish architecture. The floors of this court will be in tesselated pavements of gold. In the center of the court will be great groups of sculpture with fauns, dancing nymphs and satyrs. There will be great fountains upon which magic lights will play at night and at night this mystic court, as all others, will be flooded by a glow of indirect light which will resemble a bright moonlight. At the south end of the court will be a huge tower 270 feet in height in which will be a great organ with echo organs in smaller towers of the court. The Festive Court will be a court of music, of acting, and symphonic dancing. Here will assemble many of the great pageants of Oriental nations that will take part during the exposition; here too will come many of the processions from the amusement center, which will be designed to draw visitors from the more serious phases of the exposition.
