ADVERTISE FOR A WIFE.

Kent County Man Places "Notice" In Frederick Paper.

Frederick, Md., Oct. 3.—This county is winning fame as a place where wives may be secured by advertising. The latest seek for a helpmate is Charles E. Woods, of Chestertown, Kent county, who describes himself as a widower with means and a comfortable home. Mr. Woods says he did not advertise for a wife, but for a house-keeper. He says he has received letters from all over the country and scores of persons have stopped him and inquired about his wants, both in a serious and joking manner.

With the adv. of Woods, three candidates are seeking wives through advertisements in Frederick papers. Le Roy Miller and Charles Crummit are the others. Fauntleroy Unger, who advertised about six weeks ago, recently married Miss Beulah Hummelstine, of Hagerstown, and John Trout, a Union veteran, who advertised a year ago, married soon afterward to a Montgomery county girl about 30 years his junior. A Waynesboro, Pa., man who also advertised in a Frederick paper has since found a helpmate.

The above telegram explains itself. Mr. Woods is a postal clerk on the Quaker Neck rural route and a most pleasant gentleman. If he would look around in Kent a little we are sure he would find no need to go to Western Maryland.

HIGH SCHOOL SPORTS.

The Chestertown High School Athletic Association has been formed with these officers. President Charles Ford, Vice-President Harry Rouse, Sec'ty and Treas, Clarence Usilton, Executive Board, Profs. J. L. Smyth, Mark Creasy and Owen C. Blades; Manager of All-Sports, Owen C. Blades; Captain Basket Ball team, Floyd Brown; Captain of the Track team, Barber Bartley.

Among the girls are the officers: President, Florence Hill, Vice-President Louise Russell, Secretary Clara Coleman, Treasurer, Carrie Bolton, Manager, Miss Anna B. Smyth. It is proposed to have a field day on the fair grounds October 30th.

MEETING OF FARMERS

The Still Pond Farmers' Club met at the home of Mr. F. H. Cornelius on Sept. 25th. Mr. Cornelius was re-elected President for the coming year and A. L. Harris elected secretary, to succeed R. R. Hill. The first question for discussion was, "What Should Be Done With Cow Peas?" Mr. Jarrell recommended plowing under for wheat. Mr, Pennington, to turn the hogs in to fatten and plow for corn in the spring. Mr. Bennett, to plow under now and plant corn in the spring. The next question was, "What Can Be Done to Relieve the Labor Situation?" As the hurry to get wheat seeded is the main cause of the labor condition at this season, it was suggested that a change in crops might be beneficial. The cost of production of the wheat grown in Maryland is greater than the value of the wheat. The average yield for the State is about fourteen bushels. Maryland cannot hope to compete with the Northwest and Canada, where larger crops can be grown with less expense. Mr. Pennington recommended planting less corn ground wheat and more potatoes and tomatoes, using scarlet clover to enrich the soil. Potatoes and tomatoes leave the ground in better condition and do not require any labor at this season of the year. Mr. J. S. Harris recommended using one-third of the land we till as a permanent pasture, one field for mowing and two for pasture, increasing the quantity of stock, which, he says, the present price of meat and milk will make very profitable. Mrs. A. L. Harris spoke very strongly in favor of increasing the labor supply by getting immigrants who would live in the many vacant tenant houses and board themselves. The monthly man who gets $16 wages costs about $40 per month when we include board and room, bed clothes, oil, fuel, use of a team and other incidentals. She recommended starting a movement to get 50 or 100 families of immigrants to locate permanently in the county. Mr. Shafer told of several families of immigrant laborers who came to the county 20 or 30 years ago and are still with us as laborers. He said if the farmers had a better understanding with each other and work together, the labor situation would be greatly relieved.

Lime and Pasture are to be discussed at the next meeting, which is to be held at Mr. E. B. Pennington's on the last Thursday in October.

AN INTERESTING FACT

¶ When we state that last Saturday was the biggest day we have ever had in the history of our business, we do not say it boastfully.

¶ We merely make such a statement to prove that unless we had the goods—ready to deliver—we could never have done the business.

¶ Today there hangs on our clothing racks over $8,000.00 worth of Suits and Overcoats that range in price from $10.00 to $25.00. We have never carried such a complete and varied and costly an assortment since we have been in business, and we would never have put this line in this year if we didn't believe in the famous "Adler-Rochester" Clothes—the ready-to-wear kind.

¶ Take a word of advice from us and ask those who have dealt here and see if what we say is not true.

¶ Don't buy from a book of samples and IMAGINE and WONDER how your clothes will look or fit you—because its 90% disappointment.

¶ Don't wait from six to twenty days for guess work garments to be made up—come to us and we'll show them to you FINISHED and you take them now.

¶ There's too much chance in this so-called tailored stuff—if we didn't believe what we are saying we would close out our ready-to-wear clothes and take measures from a book. Instead, we have bought over $8,000.00 worth of Suits and Overcoats, that we guarantee to fit you perfectly from the stock—and you don't have to wait a minute to have them finished—they're ready for you now. Almost equal to the stock of a big city store—more clothing in our store today than all other stores in the county put together. See for yourself.

¶ You young fellows who have never worn an Adler garment—mail us a card and ask us to send you a booklet of their styles. It will open your eyes to good clothes and show you where you can save from $3.00 to $8.00 on a good ready-to-wear Suit of Clothes or Overcoat.

¶ Whether you are ready to buy or not, makes no difference. We will take pleasure in showing you these models and trying them on to prove our assertions and our claims. Call and see us when you are next in town and remember that you ought not to spend $5,00 extra for tailored stuff when we can give you the same goods for less money and a better fit at that.
