Mrs. Earner --- "Don't these automobile covers look fine? You remember how soiled they were, and you told me to send them to a cleaner? Well, I asked a cleaner how much he would charge and he told me $7.50. Just then along came Anty Drudge and said she'd show me how to save $7.45. I was afraid to let her try at first, but she persuaded me, and here they are! It only took a couple of hours and wasn't a bit hard!"

"A penny saved is a penny earned."

Fels-Naptha Soap may not save you seven hundred and fifty pennies every day in the year, but it saves you many dollars every year, if you count the hard, tiresome work it relieves you of and the pleasure and profit you can get from the extra time it saves for you.

It works best in cool or lukewarm water.

Follow the directions on the Red and Green Wrapper. Better buy Fels-Naptha by the carton or box.

Fels & Co., Philadelphia.

FOR RENT.

Notice to the parents of children who attend the Chestertown High School and all others who wish to stable while in town. This stable is known as the McMenamin Stable, large stalls and conveniently arranged and only one block from the school. Can drive in out of the weather to ungear. Terms moderate. Apply to
s3-tf OWEN B. CROW.

GALENA ITEMS.

Our sermons from now on will be on the pentacostal order preparatory to our revival services which will begin Sunday October 18th.

The ushers union will meet on Monday evening. The ladies aid will meet on Tuesday evening. We have our prayer meeting Wednesday evening and on Thursday evening the choir rehersal.

Miss Mary Smith chaperoned quite a number of school children down to Miss Eleanor Dilbecks where they all played games and after that they all went chestnutting, but very few were found.

Mrs. C. W. Moore is visiting in Baltimore.

There was a very high tide on Wednesday evening at Wilson's point; the water was up to the granary.

Miss Carrie M. Dempsey is visiting her sister, Mrs. O. H. Connelly, of Christiana, Del.

That old bird, "the stork," has been around again. This time he teft a ten pound daughter at Mr. and Mrs. Robert Fogwell's. All are doing well.

The infant of Mr. and Mrs. Will Deshane died one day last week and interment was made in Galena cemetery.

ROCK HILL DEFEATS WASHINGTON COLLEGE

For the first time in many years, the Washington College football team played Rock Hill College at Ellicott City, the latter winning 7 to 6. The game was originally scheduled to be played at Chestertown, but at the last moment it was switched to Ellicott City.

For the first three quarters neither side was able to get the pigskin across the counting line, but in the fourth quarter all of the excitement of the game was found.

Rock Hill began a determined effort to score a touchdown. On a successful forward pass for about 30 yards, an end run and a couple of first downs on straight line work they advanced the ball to within 19 yards of the coveted to touchdown. They lost the ball on a fumble. Thereafter the ball seesawed back and fourth about the middle of the field, in the possession of both teams at different times. At last Rock Hill got possession of the ball on Washington College's 25-yard line. A plunge through the line netted them about seven yards, and then Mueicer slipped around left end and went over the line.

Staley was equal to the occasion when it came to kicking goal and put the ball squarely beween the posts, making the score 7 to 6 in favor of Rock Hill.

The game was marred to some extent by fumbles. Both teams were guilty of the fault on numerous occasions.

Washington College made its touchdown on a finely executed foward pass to Frampton who ran 30 yards, planting it behind the goal posts. Lewis failed to kick goal.

Rock Hill lost an excellent opening for a touchdown during the second half by making a fumble, and Washington College was penalized 15 yards for holding during the third quarter, when they had the ball on Rock Hill's two-yard line for the fourth down.

In line plunging Washington had it all over the home team, as they seemed to plough through the Rock Hill line at will. This advantage was offset by their inability to hold the ball. The forward passes were worked badly on both sides.

Corbett, Mueller, Staley and Gately played best for Rock Hill, while Branham, Moore, Frampton and Strong excelled for the visitors.

The summary:

Rock Hill.	*Position*	*Wash. College.*
M. Collins	Left end	Lewis
Greene	Left tackle	Garrett, (capt)
Wilson	Left guard	Sterling
Doyle	Centre	Larrimore
Rosendale	Malone	Right guard	Strong
C. Collins	Right tackle	Healey
Corbett	Right end	Pitch
Staley	Quarterback	Moore
Schindliger	Left halfback	Branham
Mueller	Right halfback	Bowen
Gately	Fullback	Biddle

CRAB CROP WORTH $2,900,000

After one of the most successful season's in the history of the industry, the soft-shell crab season has about closed at Crisfield, the greatest crab center in the world. The season opened around April 15, and although crabs have not been quite as plentiful as in some other years, the price has held up well, and those engaged in the business there report prosperous conditions.

The Crisfield seafood dealers have been making arrangements for the oyster season for the last three weeks, and the large number of shucking houses are now at work,

The seafood business is Crisfield's main industry. It is estimated that Crisfield ships more than 90 per cent. of the entire crab output of the United States, and a large percentage of the oyster output. Statistics gathered for the year beginnrng September 1, 1912, and ending September 1, 1913, reveal the following interesting information:

During that year Crisfield shipped 3,800,000 dozen soft crabs, valued at $2,400,000; hard crabs, 10,000,000 valued at $500,000; oysters, 2,500,000 bushels, valued at $1,500,000; clams, 30,000,000, valued at $150,000; canned sea food, valued at $1,100,000.

QUEER IDEA OF OYSTERS.

"The people of Kansas and other western states have a very queer idea about how oysters are grown," said a man from Kansas City, in Baltimore Wednesday. "I saw an account in a Kansas paper recently that said the oyster harvest in Maryland this year would be very good. In Kansas a great deal of corn and wheat is harvested and the people think that oysters are harvested in the same way. Recently I was talking with a merchant who sold oysters and he told me that oysters were picked and not harvested. He also told me he knew all about oyster culture. He said:

"Oysters are grown just like wheat and corn crops. They are actually planted. Away out in deep water, miles away from cities, where pure, fresh currents of salt water sweeps over the beds—and salt, you know is a great purifier—the oysters of today are raised by artificial propagation. The modern oyster planter 'plants' thousands of bushels of adult oysters in water just right—neither too hot or too cold, too salt or too fresh—where, in warm weather, the eggs are laid and float about until fertilized and the tiny shell begins to form. Then the baby sinks down to rest and attach itself to the oyster shells with which the bed is strewn. It sometimes happens the babies sink into the mud or sand and are smothered. If everything goes well however, the young oysters 'set,' as the attaching to the shells is called, and, if not destroyed by its enemies, the starfish, the drillworm, the periwinkle, they mature and furnish the public with the most economical, the purest, the most easily digested food possible.'"

WOMEN SUBJECT TO KIDNEY TROUBLES.

I beg to say that I have been a constant sufferer with severe pains in my back and was on the verge of nervous prostration resulting from kidney trauble and other complications. A friend of mine recommended Dr. Kilmer's Swamp Root as a sure cure for these troubles. Acting upon her advice I began taking Swamp-Root and began to improve before I had finished the first bottle. I continued its use until I had taken several bottles and continued to impove until I was completely cured. I am happy to say that I am as well as any woman on earth and have been so for the past nine years, thanks to Dr. Kilmer's Swamp-Root, and I cheerfully recommend it to all who suffer from kidney troubles.

Very truly yours,
MRS. ALVA BAXTER,
407 Cypress St., Orange, Texas.

Subscribed and sworn to before me this 21st day of March, 1912.
JOHN J. BALL,
Notary Public.

Baled Hay and all kinds of Feeds.

The Kent Building and Loan Company

desires to call the public's attention to the VERY BEST method whereby they can save money.

For Fourteen years this Company has continued with marked success and has paid its shareholders on an average of 5½ per cent. on their savings. In view of this liberal policy, it is hardly necessary to advance an argument why you should deposit a small sum weekly, monthly or quarterly with this company. Dues received weekly every Monday evening at the Court House in Chestertown, between 7.30 and 8.30 P. M., or by mail at any time. The last statement of the company showed assets of over $80,000. Three years ago the assets were about $50,000. Shares are 25 cents per week and we have some leading business men who have over 100 shares and have held shares in this company from the date of its organization. The company operates for the advantage of all its shareholders—not merely for a few—and this policy has resulted in a 5½ per cent. investment which must appeal to any one with any sagacity. Its books are regularly audited and it is managed by a capable and strong body of directors, who give it their constant attention. The condition of the company's business is open at any time to the public. $1 paid weekly earns approximately at the end of 6 years and 6 months from $390 to $400. $1.50 paid weekly means about ½ more.

The officers will be glad to give you further information.
