GRANGE NOTES.

Kent County Pomona Grange was delightfully entertained by Kennedyville Grange on Thursday, November 13th. The meeting was called to order in very good time by Worthy Master Rev. S. S. Hepbron. The Grange appointed a committee to further plans for making an effort to get the money appropriated for the Consolidated High School in this vicinity. We need something of the sort to train our boys and girls here at home. The farmer pays as a usual thing more taxes than the town man, yet the schools and roads he has to put up with the town man would not tolerate. Farmer's boys need a high school education, but some how the voters don't see it that way. If the money lost each year in Kent county alone by the damage done to food stuffs and dwellings by the rats could be saved, we could build a school equal to the best each year we live. $30,000 is a conservative average of our loss. So the grange further decided to have Rev. S. S. Hepbron fix up a notice to be placed in the Grange booth at the Horticultural Show in Baltimore setting forth our determination to have some law made to pay a bounty of rats. With a concerted effort we can accomplish much and the grange booth will give publicity to it.

The Education train was invited to pay us a visit, the farmers present all voting to push the matter and attend the lectures. (Will they really?) A committee was also appointed to look into methods of holding a Grange Chautauqua the coming summer instead of a picnic.

After the usual sumptuous Maryland dinner, the following officers were elected for the ensuing year:

Master	George R. Rasin
Overseer	A. L. Harris
Lecturer	John Medders
Steward	S. G. Roseburv
Assf. Steward	Dr. E. A. Scott
Chaplain	Rev. S. S. Hepbron
Treasurer	Dr. James Crie
Secretary	E. R. Pennington
Gate Keeper	Harry Rash
Ceres	Mrs. G. R. Rasin
Pomona	Mrs. Elwood Morris
Flora	Mrs. Harry Rash
Lady Asst. Steward	Miss Bessie Newton
Press Correpondent	Mrs. T. E. W. Crew

The Lecturer had prepared the following excellent program:

Male quartette: "The Garner," Mrs. Corey; Duet, Rev. Mr. Clews and wife; "Translated from der English," Mrs. Fletcher; Open discussion: Does a Grange prosper better with numbers or talent? Several very good points were brought out. One member suggested that if the same ones who worked so hard to make the dinner what it was had gone to work on the Grange exhibit at the Show, we might have had something. One suggest that without ambition and egotism, neither numbers or talent would help.

No place was set for next meeting.

NOTHING IN PLANTING LAW.

Mr. Charles L. Miller, of Rock Hall says: After reading an editorial in the Baltimore Republican organ of the 10th instant, I think it is time that some one had something to say about the leasing of the oyster bars. There are so many persons living from the oyster beds that it would be impossible for the State to take this is heritance away from the common people and give it to the money interest, for nothing but a monopoly could handle it, and therefore it would be taking it away from them.

I wish to state a few facts: On November 5, I shipped 12 barrels of oysters to your city and received 30 cents per barrell net, and also six barrels on the 7th instant and received the same. Were it possible to increase the yield twenty times what could be done with the products? Now, these were not common oysters, but the best that could be caught here, and three barrels were plants that have been five years growing.

There is nothing in this planting scheme, but only to turn over the wealth of the state to the favored few and leave the oysterman out in the cold.

Watch them, oystermen, and see that your Delegates, Senators and Congressmen know what you think about this scheme.

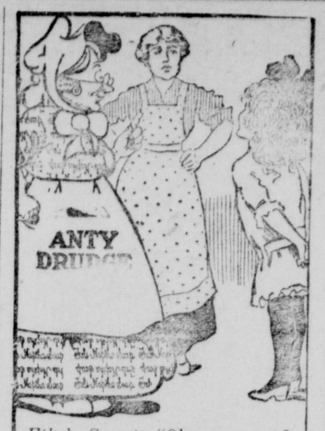

LAW OF THE ROAD.

Now that automobiles are so numerous, it is getting to be very important that all users of the road should know and observe the rules in order to prevent accidents.

There are very few cases in which there is room for complaint when vehicles meet as every one turns to the right, but when an auto overtakes a horse-drawn vehicle there is no way to tell which way the latter will turn out for about as many turn to to the right as to the left.

All vehicles should turn to the right hand side except those that overtake and pass another, in which case the one which is passing the other should pass around on the left.

Observance of these rules costs nothing and decreases your chance of accident, and in case of accident it throws the blame on the other man and prevents his suing you for damage.

Ethel Smart—"Oh, mama, I heard a riddle today: 'What takes the work out of "housework"?'"

Anty Drudge—"I can see to look at your mother she don't know the answer to that riddle, but I can tell her. It's Fels-Naptha Soap, of course. That is the one thing that takes 'work' out of housework."

Why work like a slave, tending a hot fire, carrying heavy scuttles of coal, lifting heavy pails of water to fill the washboiler, rubbing up and down on the washboard every washday?

Fels-Naptha Soap saves all this. It dissolves grease, makes dirt disappear, cleans and brightens everything it touches, does away with the wash-day drudgery of boiling and hard rubbing the clothes.

Follow the directions on the Red and Green Wrapper. Better buy Fels-Naptha by the carton.

The Kent Building and Loan Company

desires to call the public's attention to the VERY BEST method whereby they can save money.

For Fourteen years this Company has continued with marked success and has paid its shareholders on an average of 5½ per cent. on their saving. In view of this liberal policy, it is hardly necessary to advance an argument why you should deposit a small sum weekly, monthly or quarterly with this company. Dues received weekly every Monday evening at the Court House in Chestertown, between 7.30 and 8.30 p. m., or by mail at any time. The last statement of the company showed assets of over $80,000. Three years ago the assets were about $50,000. Shares are 25 cents per week, and we have some leading business men who have over 100 shares and have held shares in this company from the date of its organization. The company operates for the advantage of all its shareholders—not merely for a few—and this policy has resulted in a 5% per cent. investment which must appeal to any one with any sagacity. Its books are regularly audited and it is managed by a capable and strong body of directors, who give it their constant attention. The condition of the company's business is open at any time to the public. $1 paid weekly earns approximately at the end of 6 years and 6 months from $390 to $400. $1.50 paid weekly means about ½ more.

The officers will be glad to give you further information.
