A FRIEND TO THE WORKING MAN

Five years ago I was so troubled with kidney trouble and inflammation of the bladder that I had to cease working my farm. Life looked dark to me until I heard of Dr. Kilmer's Swamp-Root through a cured friend. I tried a bottle and began to feel better at once. After using five or six bottles I felt fine and have continued to work as I had before my affliction.

I want to state that Dr. Kilmer's Swamp-Root is a kidney medicine that will cure and I owe my good work during the past five or six years to it.

Yours very truly,
C. W. MORRIS,
Prescott, Ark.

Subscribed and sworn to before me, this 27th day of March, 1912.
O. B. GORDON,
Notary Public.

This is to certify that Mr. C. W. Morris has bought Swamp-Root at this store in the past.

ADAM GUTHRIE, JR.,
Druggist.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove what Swamp-Root will do for You

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention the KENT NEWS. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

FARMERS CLUB.

The Still Pond Farmers Club met at the home of Mr. S. G. Roseberry Nov. 28th. "Aid to Farmers Wives", was the subject for discussion. Mrs. Williams thought the aid most needed was aid in convincing the husbands that household improvements are a necessity and not a luxury. Mr. Jarrell said a house where the labor could board themselves would be the greatest aid to the farmers wives. He said that system was used in Caroline county by many farmers. Water in the house was considered very important and not very expensive. Wood and coal should be in a convenient place and the wife should have an oil stove. It was considered absolutely necessary that farmers adopt themselves to the change in the labor conditions. The wives of common laborers in the cities have more conveniences and less work than the average farmer's wife and it is time for the men to realize that the wives are not getting a square deal on the farms. The cost of one new reaper or drill would provide most of the necessary conveniences. The lack of sufficient profit on the crops largely account for the lack of conveniences.

A set of plummers tools would save more on one job than they cost. If you own the farm make up your mind you are going to live right where you are for life and fix the place up accordingly. A gasoline enline is of great assistance. Some members thought there were already plenty of conveniences on the farms and reminded the younger ones how they did 50 or 60 years ago when wells were very scarce many used water which was carried from a spring at the foot of a hill some distance from the house.

A resolution was passed favoring the State appropriation of $1,000,000 and an annual appropriation of $100,000 for the Maryland Agricultural College. A resolution was also passed favorable to the "Eat Bill." The next meeting will be held at Wm. H. Bonwill's on January 8th, 1914.

A NOAH'S ARK ON WHEELS.

Thomas W. Lawson is sending a freight car containing a mammoth Noah's Ark filled with live animals to his grandchildren, Henry McCall, Jr., and Thomas Lawson McCall, sons of Mr. and Mrs. Henry McCall, at the McCall ranch, Crooked River, Oregon.

The Noah's Ark is to arrive Christmas morning. On its trip from Dreamwold the Lawson farm at Scituate, it is guarded by two men. This is what it contains:

One hundred and fifty Plymouth Rock and Rhode Island red hens with two roosters; two Siamese cats, two English bulldog pups, five Jersey and Holstein cows; two sons of the mare Champion. Flying Fox's daughter, a Dreamwold prizewinner; two pigs. The McCalls have a 400-acre ranch in Oregon. Mrs. McCall was Miss Dorothy Lawson.

NEW TYPE OF ROAD.

Through the acceptance by the State Roads Commission of a type of shell-macadam road construction successfully devoted in Caroline county for State-aid contracts, the cost of Shoemaker Roads will be decreased at least one third, while for all purposes of local traffic the roads are declared to be superior to the costlier State-aid Roads. For several months County Road Engineer Waldorf has been urging Chief Engineer Shirley, of the State Roads Commission to recommend the new type of construction on State-aid contracts in that county.

The first State-Aid road to be built under the county plan is a section of one and a half miles from Bridgetown toward Goldsboro. Surveys for this improvement have just been made. Mr. Waldorf wrote the State Engineer when the application for this road was made that the Caroline taxpayers had reached the conclusion that the shell roads built there entirely at county expense "are as good, if not better, than those built under the specifications adopted by the State Roads Commission. In every case six months after the State-aid shell roads had been built under the State road specifications, they so closely resembled those built under the county form of construction that it is almost impossible to tell them apart. This is especially true in the vicinity of Federalsburg, where the county-built roads are in better shape than those built by State aid although the latter were nearly all resurfaced last season. The State aid-roads have cost from $2,000 to $4,000 a mile more than those built by the county." It is said a good shell road may be built for $1500 to $2,000!

RULES OF THE ROAD.

1. Upon Discovering an Approaching Team, the automobilist must stop offside and cover his machine with a blanket painted to correspond to the scenery.

2. The Speed Limit on Country Roads this Year will be a Secret, and the penalty for violation will be $10 for every mile an offender is caught going in excess of it.

3. In Case an Automobile makes a team run away, the penalty will be $50 for the first mile and $100 for the second, $200 for the third, etc., that the team runs; in addition to the usual damages.

4. On Approaching a Corner, where he cannot command a view of the road ahead, the automobilist must stop not less than 100 yards from the turn, toot his horn, ring a bell, fire a revolver, halloo, and send up three bombs at intervals of five minutes.

5. Automobiles Running on the Country Roads at Night, must send up a red rocket Every Mile, and Wait Ten Minutes for the road to clear. They may then proceed carefully, blowing their horns and shooting Roman Candles.

6. In Case a Horse will not pass an Automobile, the automobilist will take the machine apart as rapidly as possible and conceal the parts in the grass.

7. In Case an Automobile Approaching a Farmer's House when the Roads are Dusty, it will slow down to one mile an hour and the chauffeur will lay the dust in front of the house with a vacuum cleaner worked over the dashboard.

THE Intermediate Society of the Christian Endeavor of Christ M. P. Church was entertained at the home of Miss Clara Usilton, on High street, Friday night. Over thirty were present, who enjoyed the games, refreshments, etc., to the utmost. Among those present were: Louise Russell, Helen Russell, Clara Coleman, Eva Duyer, Frances Howard, Helen Collins, Reba Reed, Stacey deMders, Ida Jester, Essie Whiteley, Dorothy Dill, Anna Newton, Daisy Patrick, Mary Maslin, Lillian Truitt, Rebecca Truitt, Florence Coleman, Elizabeth Reed, Merle White, Sallie White, Mary Anderson, Lillian Parsons, Edna Kirby, Anna Coleman, Ada Duyer, Raymond Jester, Lewin Howard, Russel Wheatley, Neavitt Stafford, Julian Jester, Allie Blyman.

The Midnight Sun

Still the best substitute for daylight—the light of the Rayo Lamp. Soft, clear and penetrating, yet never hurts the eyes.

Rayo Lamps

The Rayo is the best oil lamp made—the results of years of study. Made of solid, nickel-plated brass—durable and simple. Easy to clean and rewick—can be lighted without removing chimney or shade. The best lamp you can buy, and its low price will surprise you.
