For the News.

DIED suddenly, at Easton, Talbot county, on Thursday last, the 5th of August, Doctor Tristram Thomas, in the 77th year of his age.

He commenced the practice of medicine in 1791—and soon commanded the public confidence by his professional skill, and the affectionate attachment of his patients by the unvarying suavity of his manners and the kindness of his heart. For more than half a century he discharged all the duties of a laborious profession, and sustained, to the last day of his long life, the eminent character which he honestly won at an early age by his diligence, his benevolance and his distinguished knowledge of medicine.

For a number of years Dr. Thomas was justly entitled, by his superior age and his high professional standing, to be considered as the Patriarch of the profession on the Eastern Shore of Maryland. All his brethren may confess their inferiorty without deregating from their own merits. As he had no rival, so it is believed he had no enemy, and all unite in mourning over the loss of their common friend and father, and doing honor to to memory.

CHILIS AND FEVER.—Wright's Indian Vegetable Pills are one of the best, if not the very best medicine in the world, for the cure of Intermittent Fever, because they excel all others in ridding the body of those morbid humors which are the cause, not only of all kinds of fevers, but of every malady incident to man. Four or five of said Indian Vegetable Pills, taken every night on going to bed, will in a short time make a perfect cure of the most obstinate case of chills and fever; at the same time the digestive organs will be restored to a healthy tone, and the blood so completely purified that fever and ague, or disease in any form, will be absolutely impossible.

BEWARE OF COUNTERFEITS.—The public are cautioned against the many spurious medicines which in order to deceive, are called by names similar to Wright's Indian Vegetable Pills.

The only original and genuine Indian Vegetable Pills have the signature of William Wright written with a pen on the top label of each box. None other is genuine, and to counterfeit this is forgery.

The genuine article is for sale by John Russell, Chester Town, and by agents, published in another part of this paper.

THE rich tracts of land in our mighty country so beautiful in a state of nature, with their delightfully diversified surface, have a new charm and grace in the eye of the philanthropist, when he recognizes those rare heres and plants which grow not only to decorate thy ground, but to assuage the pangs of many a direful disease. The perfection of a few herbs were concentrated by the Indians' skill, and reduced to that form which is now offered to us as the Sampson of Medicine in Consumption and Scrofula. (See the advertisement.)

HENRY COHEE and THOMAS H. WHALAND, vs ROBERT BUCHANAN } In Chancery. 15th July 1847.

THE object of the Bill filed in this cause is to obtain a decree for the sale of the Real Estate of Philip Buchanan for the payment of a mortgage due the complainant Henry Cohee, and the payment of his debts generally, his personal Estate being insufficient for that purpose. The Bill states that the said Philip Buchanan hath departed this life having previously in due form of Law made and executed his last Will and testament, by which he devised his Real Estate to his brother Lawrence Buchanan during his natural life and after his death to the children of his brother James Buchanan. The Bill also states that the said Philip Buchanan at the time of his death was seized and possessed of certain Real Estate lying and being in Kent county, a part of which was conveyed to him by deed by a certain Samuel G. Kennard and the residue was devised to him by the last will and testament of his mother a certain Ann Hackett. That the said Ann Hackett at the time of her death was indebted to a certain Thomas Walker in the sum of $709 87-100 to secure the payment thereof she executed a mortgage upon her real estate, and which mortgage debt remains due and unpaid. That the said Ann Hackett by her said last will and testament devised thirty acres being a part of her real estate to her son James Buchanan, and the residue to her son the said late Philip Buchanan and his heirs upon condition that he should board her son Lawrence Buchanan during his natural life if he should remain in the family, or if he left the family to pay him the sum of fifty dollars annually during his life and also to pay her son Robert Buchanan twenty dollars upon his arrival at the age of twenty-one years, and which said legacies are expressly charged upon the said lands in the hands of the said Philip Buchanan. The Bill also states that Philip Buchanan appointed James B. Ricaud his executor who accepted the trust and bonded before the Orphans Court of Kent county, and that the personal estate of the said Philip Buchanan is insufficient for the payment of his debts. The Bill also states that Robert Buchanan one of the defendants resides out of the State of Maryland.

It is thereupon adjudged and ordered that the complainants by causing a copy of this order to be inserted once a week for one month, in some newspaper before the twentieth day of August next, give notice to the said absent defendant of the substance and object of the Bill that he may be warned to appear in this Court in person or by a solicitor on or before the fifteenth day of December next to shew cause if any he hath why a decree should not be passed as prayed.

SALEM WITCHCRAFT OUTDONE!—Mr. J T. Rowand—Dear Sir:—For four or five years I have suffered greatly from Rheumatism in my head, which, during the last year became worse and worse. For four or five weeks previous to the 15th instant, I had suffered without intermission, my general health was much impaired; my sight injured, and my head so sensitive that I could scarcely rest it upon the pillow. THOSE WHO ARE suffering from Remitting or Intermitting Bilious complaints, should read the following, and be guided thereby!

Cause of pain—Pain is the consequence of the exertion of the organ or part where it is present to throw off morbid or corrupt humors, for no pain can exist but from the presence of those matters which are of an unhealthy character. When we have pain in the head, in the bowels, or in any other part of the body, it only proves the presence of matters which the blood is trying to remove, and it is this struggle which is may be said of all lulling or soothing remedies. Not so with Brandreth's Pills they at once go to the assistance of the blood in aiding it to discharge bad humors, to conquer the Death Principle. To relieve pain in this way does not leave any bad effects. The Life principle is not reduced, nor are the teeth destroyed; but all the organs are cleansed and their health insured.
