John R. Richardson has been nominated by the Whigs of Dorchester county, as candidate for sheriff of that county.

A GEM.

In a letter written in 1838, Larmartine the beautiful and religious explains his motives for entering political life:

"When the Divine Judge shall summon us to appear before our conscience at the end of our brief journey here below, our weakness, our weakness will not be an excuse for our inaction. It will be of no avail to reply, we were but as a grain of sand. He will say to us, I placed before you, in your day, the two scales of a beam, on which the destiny of the human being was weighed: in the one was good, and in the other evil. You were but a grain of sand, no doubt, but who told you that that grain of sand woule not have the ballance to incline on my side? You have intelligence to see, a conscience to decide, and you should have placed grain of sand in one or the other; you did neither. Let the wind drift it away; it has not been of use to you or your brethren."

☞Better die than live, if I am to be tortured from day to day with this horrible Ague, exclaims the poor sufferer whose life has become a burden from the racking paroxisms of an intermittent, and whose confidence in human aid is destroyed by the failure of remedies to produce the promised relief. Such has been the situation of thousand who are now rejoicing in all the blessings of health from the use of Dr. Osgood's India Cholagogue. In no instance does it fail of effecting a speedy and permanent cure. For sale by the proprietor's agent, Wiley & Perkins.

ANOTHER IMPORTANT LETTER FROM GEORGIA. READ IT.

We are daily receiving testimony like the following, from the North, South, East and West:

Gentlemen—I was afflicted with Asthma for fourteen years, and had tried every remedy in the country; I had also been to several physicians, and found no relief whatever. I was afflicted at times so severely, that the blood would gush from my nose, and my breathing was difficult. Indeed the disease had gained so much on me that I despaired of ever getting well, when I chanced to get a bottle of "WISTARS BALSAM OF WILD CHERRY," which effected a perfect cure, and I now consider myself perfectly sound. This can be proved by numbers of men in Franklin County and vicinity, and I think it my duty to let it be known. THOMAS A. PATRIC.

Piano Forte Manufactory.

VERY IMPORTANT INVENTION.

IT has long been a question among teachers and amateurs of music, as to the most suitable touch for a Piano Forte. Some at this time contend for a light touch, while others, with equal ability advocate the heavy. This question is now permanently settled. WISE & BROTHER have invented a contrivance by which the same Instrument may be instantly set to any required touch, by the turning of a single screw, varying, if necessary, three hundred and sixty-five differences. The advantages of this are evident, both to teachers and amateurs, as lessons may be practiced on the heavy, and exhibited on the lighter touch, to suit exactly any physical capacity which is agreeable to fact and progressive lessons. The contrivance is simple, and may be applied to any common Piano. A patent is about to be taken for the improvement.
