THE NIAGARA SHOWER-BATH

AN ENTIRELY NEW ARTICLE FOR SHOWER BATHING,

With old or Warm Water.

A great and important improvement is made in this Shower Bath over all others, by throwing the water immediately on the body without wetting the head unless at the will of pleasure of the bather; but greater point is gained by being enabled to bathe with warm water, which no other Shower Bath is adapted to—and most important of all, the Bathcan be medicated without injury to the hair.

Many persons cannot take a cold bath —their case is met in this, as they can regulate the temperature of the water to suit their wish and commence bathing at any season of the year without any unpleasant result. Ladies can have the advantage of bathing without wetting the head or covering the same.

The arrangements are simple and complete, and not liable to get out of order.—The Bath can be adjusted to suit any heighth, from a small child to the tallest person. When the door is closed, the fixtures are hid and the outside appearance is that of a neat piece of furniture.

They have received the approbation of several midical gentlemen—others are requested to call and examine them.

BATHING Read What Armstrong says:
Donot omit ye who would health secure,
That daily fresh ablution, that shall clear
The sluices of the skinn, enough to keep
The body sacred from indecent soil.
Still to be pure, even if it did not conduce
(As much as it does) to health, very greatly worth,
You daily pairs: 'tis this adorns the rich;
The want of this is poverty's worst foe
With this external virtue, age maintains.
A decent grace; without it, youth and charms
Are loathsome." Aug. 26

No. 113 Market street, Philadelphia

WHOLESALE DEALERS IN

British, French, German & American

DRY GOODS,

THE present mode of doing business (we mean the CREDIT SYSTEM) is now carried to such an extent; that it is only attended with disaster and vexation to the cash and prompt solvent buyer, by increasing the number of his competitors, but unless every precaution and the utmost prudence is observed, the wholesale dealer is involved in difficulty and two-thirds, at least, who embark in the credit business, are reduced by *bad debts* to absolute bankruptcy.

With this truth before us, we have determined to change our system of business, by selling only for cash. or on very short time for prompt payment, and beg leave to call the attention of purchasers to the advantages we can offer as enducements to examine our stock.

Possessing every facility for purchasing at the lowest cash prices, and all times ready to avail ourselves of a fall in the market; watching every Auction sale in this, and not unfrequently in the neighboring cities; we feel confident of our ability to sell, at least a *portion of our stock lower* than the same articles can be bought elsewhere, and the whole at the smallest possible advance.

Our stock will embrace every article usually found in a Wholesale Dry Good establishment, and we respectfully invite your attention when in our city, knowing that, the many inducements we can offer, we cannot fail to convince the doubting and incredulous, that the small advance charged upon the cost will not include losses by bad debts and lawyer's fees, or expenses of a travelling collector; and, to every cash buyer, who will spare the time to give our stock a careful examination, we pledge ourselves to sell him a satisfactory bill or *compel other houses to sell him cheaper than they have ever done before.* To conclude, we promise it shall be our constant aim, in our intercourse with the retail dealer, not only to make it *his interest* to purchase of us, but by pursuing a course of strict integrity, to merit his confidence, custom and influence.

This concentrated manure made from the contents of sinks and privies into a *dry inoffensive* Powder, is the *cheapest* in the world for *raising corn.* 2 Bbls ($3.00 worth) will manure an acre of corn in the hill, will cause it to come up quicker, grow vigrously and yield a heavier crop than any other manure, its *first cost* and all the charges of transportation and application will not amount to the *cost of carting and labor* of applying barn yard msnure.

Upon *Tobacco* its results are equally beneficial. The Company point to a reputation of ten years standing and the large capital at risk in their business as a guarantee for their making a good article. A fair trial is respectfully asked, *however small.* Apply (if by mail post paid) to The Lodi Manufacturing Co., 51 Liberty street, New York.
