APPLETON'S
GREAT CENTRAL
CHEAP BOOK STORE,
164 Chesnut Street,
Corner of Seventh, Swaim's Buildings,
PHILADELPHIA.

KNOWING the wants of the community, the Proprietor of this Establishment has fitted up a Store in the most elegant manner, having due regard to the comfort of his customers, so that every stranger visiting his Book Store, may feel entirely at home.

HIS IMMENSE STOCK

of Books is classified according to the various Departments of Literature, so that visitors can find the Books they are in search of for themselves, Buying his Stock for the most part at the Auction Sales, and being connected with one of the *Largest Publishing Houses* in this country, besides publishing largely himself, enables him to sell *all Books* at

LOWER PRICES

than any other house of a similar character on this continent. His facilities for the Importation of Books from Europe are unsurpassed, having a Branch of the Establishment in London, where orders of private gentlemen are carefully executed and forwarded to this Country by every Steamer and Packet.

A CATALOGUE

of Books with the prices attached is issued quarterly, containing Lists of New additions made to his large collection, which are in all cases for sale at the

LOWEST PRICES,

or, from 25 to 75 per cent, below Publishers' Prices. Thus in buying even a Few Books, quite a considerable amount is saved.

As a still further

INDUCEMENT

to strangers visiting the city, every one who purchases One Dollar's worth of Books, will receive a copy of the

STRANGER IN PHILADELPHIA, an elegant 18mo. volume, the price of which is 25 cts.

☞The limits of an advertisement are too confined to enumerate the prices of any of the Books, or to give even a faint idea of the *immense advantages* to be derived from purchasing at the *Great Central Cheap Book-store* but let all who are in search of Books send for a catalogue and buy the Books they are in want of, and when visiting the city, give Appleton one call, and you will be sure to *call again.*

STATIONERY

in all its branches, furnished at the *Lowest Prices.* The *Initials* of those purchasing Letter and Note Paper, neatly stamped in the corner, without charge.

Orders for any article may be sent by mail, addressed to the Proprietor, and the directions in all cases will be fully carried out, with great punctuality and despatch.

Orders for Catalogues should be *pre-paid.*

CHOICE TOBACCO.—T. W. ELIASON new lot of that very superior 20ct tobacco;

IMPORTANT TO
TOBACCO PLANTERS.

THE undersigned most respectfully call the attention of Tobacco Planters to their Chemical preparation for the improvement of the growth and quality of this plant. Their preparation will be known as "Kettlewell & Davidson's Tobacco Generator," and is manufactured expressly for the object indicated—the utmost care and investigation having been made to secure all the inorganic elements necessary to its growth and quality. Its effect upon poor and impoverished lands will require the test of experience to make it justly appreciated. The undersigned honestly believe that this compound will prove of vast importance to the Tobacco Interests of the State; but prefer reserving any further expression of their opinion of its qualities, sincerely hoping, that sufficient enterprise will not be wanting to give it a fair trial, no difference how small the experiment.

The material of which the "Generator" is composed is alike scarce and expensive, therefore those who desire to make the experiment will do well to apply early. It is put up in barrels of 300 lbs. each and should be applied upon the surface of the ground, in quantities from two to four spoonsfuls upon each hill, according to the quality and condition of the soil.—Price $30 per ton, or $5 per bbl.

KETTLEWELL & DAVIDSON.
Factory, Hamburg st., Federal Hill. Office at Ober & McConkey's, Wholesale Drug Store, N. E. cor. of Lombard and Hanover sts.

The subscribers also avail themselves of this opportunity to inform the Farmers and Planters of this State, and elsewhere, that they have established, under the firm of Kettlewell and Davidson, an "Agricultural Depot," in Baltimore, for the manufacture of CHEMICAL MANURES adapted to all descriptions of grain, grass and tobacco. They will, in due season for the fall crops, present to the public (sustained by certificates of the ablest chemists and the most practical and accomplished farmers) their 'Agricultural Renevator," a chemical manure for the rapid and permanent improvement of land, which experience will show to be inferior to none now attracting the attention of agriculturists. Orders for the Agricultural Renovator, for the corn or oats crop, will receive prompt attention.

Price $20 per ton, in bbls. of 300 lbs. each.

JOHN KETTLEWELL,
WILLIAM DAVIDSON, Chemist.

When the undersigned wrote their advertisement of Chemical Manure, they had not intended to present any testimony of its quality, at this time; but, upon reflection, and feeling the importance of getting their Agricultural Renovator into notice at an early day, they have determined to place before the public the following communication and analysis, made by the late lamented and distinguished Professor Ducatel, in whose sudden death the science, as well as the agricultural interests of Maryland, have met with no ordinary loss.—A name so well known as the late State Geologist, for high capacity and unblemished purity of character, will, it is believed, satisfy the public that, in the purchase of their article, all cautions of impositions, if directed against them, would be alike urgent and important. The original communication of Professor Ducatel is left at the Maryland State Agricultural Society's Hall. KETTLEWELL & DAVISON.

BALTIMORE April 7, 1849.

Mr. John Kettlewell—Dear Sir: After witnessing the process through which you carry on the operations in the manufacture of your *Fertilising Salts*, and being perfectly satisfied that you were proceeding artistically in the matter, I have at your further request, submitted to analysis the result of the various mixtures growing out therefrom, and I have to report as follow:

COMPOSITION—Bi-phospha of Lime,	60
Potassa,	10
Nitrate of Soda,	10
Sulphate of Ammonia,	5
Animal Matter,	15
	100

It is evident, from the consideration of the constituents of the mixtures, as represented above, that it cannot fail to be of infinite benefit to almost all kinds of soil. I would have no hesitation in recommending it to our farmers, without any other restriction, at first, than moderate application, by way of experiment. Of course, not having any *experience* myself of its actual efficacy, I feel bound to express the latter restriction without, however, entertaining much doubt as to the final result.

I may add, that in consideration of the proportion of *animal matter* which the mixture contains, there is reason to believe that a large proportion of *Ammonia* will be evolved, which, besides enhancing the value, will render it more permanent. Further, I have no hesitation in saying that your compound of "*Chemical Salts*" is at least equal if not superior, always with the proviso of being judiciously applied, to any other that I have had occasion to examine so far, without excepting the now well known article called *Peruvian Guano.*

Very truly, yours, &c.
J. J. DUCATEL, Chemist.

DR. MARTIN'S
Universal Purgative Pills,

A Remedy for all seasons, and safe at all times. The most superficial observer is aware that one great cause of disease is Costiveness, and that by the timely taking of a Purgative; the system is often restored to its usual health. By such a course, the lives of hundreds are saved, who would otherwise have fallen victims to disease. These pills remove all irritating matter in the bowels, and exciting the biliary functions to a healthy action. The press is teeming with the recommendations of purgative pills, gotten up by men who know nothing of the effects of medicine on the human system, and hence are endangering the lives of thousands, who are daily using them. In offering, therefore, these pills, we think we are doing a public benefit, as they are the prescription of a regular physician, who has used them in his practice for ten or fifteen years, and with great success.

Martin & Whiteley's
National Tonic,
A CERTAIN CURE FOR
Fever and Ague and Dyspeptia.

IN our Summer and Fall months many sections of our country are prostrated by this disease. It has been our particular study to find out some remedy to stop this truly dreadful scourge, and think by this TONIC we have effected the great object. If not so, we think the very best remedy to Dyspeptia, and if our directions are followed, will not fail to effect a cure. Read the pamphlets which you get from one of our agents, gratis, and we think you will be convinced we are right.

Messrs. Martin & Whiteley:

Gents:—Having used your National Tonic for Dyspepsia, which has troubled me to a great extent for some years, I am pleased to say to you that it has cured me effectually. I had taken a good deal of medicine, hoping to be relieved, but nothing has done me any service till I took your Tonic.

DR. MARTIN'S Compound Syrup of Wild Cherry, is the best medicine for Coughs, Colds, Consumption, Asthma, Spitting of Blood etc. Read the following:

Dr. Martin—Dear Sir.

Having received such great relief from the use of your Compound Syrup of Wild Cherry, I have determined to send you a statement of my case as it was when I commenced the use of it. I had had for some weeks a violent cough, and was under the care of my family physician, the late Dr. R. A. Durkee, whose experience in such matters no man ever doubted, yet my cough continued to increase, and I was so much reduced in flesh, I as well as my family became alarmed. In December last I called on you, as I knew you had for many years back attended my brother, the late Dr. Charles Tilden of Caroline county, Md., whose wife and two children and himself have since died of consumption. You seemed very doubtful of my case, as I thought and remarked you knew of nothing that would benefit me more than the free use of your "Syrup of Wild Cherry," as I would observe a rigid diet, such as laid down in your pamphlet on Consumption, which accompanies each bottle of the Syrup. Upon due reflection I at once commenced following your advice, and soon found a great change for the better, and in a few weeks I was enabled to attend to my business. My children have had violent colds, attended with a cough—such is my confidence in the Syrup I immediately resort to it, and always with success. Parents I think, should always keep it in their houses, as it will relieve the worst cough if taken in time. You can make use of this statement in any way you see proper. Yours respectfully,

THOS. E. TILDEN,
Merchant Tailor.

Read the pamplets, which you can obtain gratis of any of the Agents. Price 75 cents a bottle.

Prepared and sold by Martin and Whitely, No. 48 S. Calvert st. Baltimore.
