LEVY COURT NOTICE

The Levy Court of Kent county will meet at the Court House, in Chester Town, on Tuesday the 10th and Wednesday the 11th inst., at 10 o'clock, A. M., and will continue to meet at the same time and place on every Tuesday and Wednesday, until the 13th of June next, for the purpose of altering and correcting the accounts of such persons as have sold, alienated, or transferred, any assessable property, since the first day of June last and also for the purpose of attending to any other business that may come before them. After the 13th day of June next no alteration weatever will be made in the assessment.

The Levy Court

particularly requests all Supervisors and Constables, to bring in their accounts and renew their bonds on or before Tuesday the 22nd day of May next, and that all supervisors report the number of gates or on their respective roads. All supervisors and constables neglecting this notice will be considered as having resigned or refused to serve in the office to which they have been appointed and the Court will proceed to fill the vacancy.

THE LEVY COURT

will require all accounts presented to the said Court, to be under oath (which oath can now be administered by the Court,) and the several items chargeable in the same to be made out at length; and all new applications for pensions to be made by petition in writing, stating the residence, condition and circumstances of the applicant, and signed by one or more persons having a knowledge of the facts therein set forth.

THE COURT

will require all new applications for the office of Constable, to file their application in writing, with the clerk to the Levy Court and also a reccommendation from the citizens of their immediate neighborhood, stating that the applicant is a suitable person to fill said office, and that public convenience requires said appointment.

Agreeable to an act of the General Assembly, entitled "An act for the re-valuation of the real and personal property in Kent county," passed at December sesion 1834, is enacted, viz:—That if any Executor, Guardian or Trustee, shall hereafter fail to inform the Commissioners of Tax—or Levy Court—of the transfer of any property belonging to any deceased person, ward or estate in trust, of which he or she may be Executor, Administrator, Guardian or Trustee, shall be liable for the tax on the same; until the Commissioners of Tax—or Levy Court—shall be properly noufied of such transfer.

CHOICE TOBACCO.—T. W. ELIASON new lot of that very superior 20ct tobacco;

IMPORTANT TO

TOBACCO PLANTERS

THE undersigned most respectfully the attention of Tobacco Planters to their Chemical preparation for the improvement of the growth and quality of the plant. Their preparation will be known as "Kettlewell & Davidson's Tobacco Generator," and is manufactured expressly for the object indicated—the utmost care and investigation having been made to secure all the morganic elements necessary to its growth and quality. Its effect upon poor and impoverished lands will require the test of experience to make it justly appreciated. The undersigned honestly believe that this compound will prove of vast importance to the Tobacco Interests of the State; but prefer reserving any further expression of their opinion of its qualities, sincerely hoping, that sufficient enterprise will not be wanting to give it a fair trial, no difference how small the experiment.

The material of which the "Generator" is composed is alike scarce and expensive, therefore those who desire to make the experiment will do well to apply early, It is put up in barrels of 300 lbs. each and should be applied upon the surface of the ground, in quantities from two to four spoonsfuls upon each hill, according to the quality and condiuon of the soil.—Price $30 per ton, or $5 per bbl.

KETTLEWELL & DAVIDSON,
Factory, Hamburg st., Federal Hill, Office at Ober & McConkey's, Wholesale Drug Store, N. E. cor. of Lombard and Hanover sts.

The subscribers also avail themselves of this opportunity to inform the Farmers and Planters of this State, and elsewhere that they have estabiished, under the firm of Kettlewell and Davidson, an "Agricultural Depot," in Baltimore, for the manufacture of CHEMICAL MANURES adapted to all descriptions of grain, grass and tobacco. They will, in due season for the fall crops, present to the public (sustained by certificates of the ablest chemists and the most practical and accomplished farmers) their 'Agricultural Renevator,' a chemical manure for the rapid and permanent improvement of land, which experience will show to be inferior to none now attracting the attention of agriculturists. Orders for the Agricultural Renovator, for the corn or oats crop, will receive prompt attention.

Price $20 per ton, in bbls. of 300 lbs each.

JOHN KETTLEWELL,
WILLIAM DAVIDSON, Chemist.

When the undersigned wrote their advertisement of Chemical Manure, they had not intended to present any testimony of its quality, at this time; but, upon reflection, and feeling the importance of getting their Agricultural Renovator into notice at an early day, they have determined to place before the public the following communication and analysis, made by the late lamented and distinguished Professor Ducatel, in whose sudden death the science, as well as the agricultural interests of Maryland, have met with no ordinary loss.—A name so well known as the late State Geologist, for high capacity and unblemished purity of character, will, it is believed, satisfy the public that, in the purchase of their article, all cautions of impositions if directed against them, would be alike urgent and important. The original communication of Professor Ducatel is left with the Maryland State Agricultural Society's Hall. KETTLEWELL & DAVISON.

BALTIMORE April 7, 1849.

Mr. John Kettlewell—Dear Sir: After witnessing the process through which you carry on the operations in the manufacture of your *Fertilising Salts*, and being perfectly satisfied that you were proceeding artistically in the matter, I have at your further request submitted to analysis the result of the various mixtures growing out therefrom, and I have to report as follows:

COMPOSITION—Bi-phospha of Lime,	60
Potassa,	10
Nitrate of Soda,	10
Sniphate of Ammonia,	5
Animal Matter,	15
	100

It is evident, from the consideration of the constituents of the mixtures, as represented above, that it cannot fail to be of infinite benefit to almost all kinds of soil. I would have no hesitation in recommending it to our farmers, without any other restriction, at first, than moderate application, by way of experiment. Of course, not having any *experience* myself of its actual efficacy, I feel bound to express the latter restriction without, however, entertaining much doubt as to the final result.

I may add, that in consideration of the proportion of *animal matter* which the mixture contains, there is reason to believe that a large proportion of *Ammonia* will be evolved, which, besides enhancing the value, will render it more permanent. Further, I have no hesitation in saying that your compound of "*Chemical Salts*" is at least equal if not superior, always with the proviso of being judiciously applied, to any other that I have had occasion to examine so far, without excepting the now well known article called *Peruvian Guano*.

Very truly, yours, &c.
J. J. DUCATEL, Chemist.
