REMOVAL.

LABORATORY OF THOMSONIAN BOTANIC MEDICINES.

EPH'M. LARRABEE. No. 20 South Calvert street, Baltimore, has removed his Laboratory to his new building No. 24, and has always on hand the largest and most complete assortment of pure Botanic remedies in the United States, prepared under his special care at his Laboratory—being the first erected in the United States for the special purpose of preparing THOMSONIAN BOTANIC MEDICINES. All of the pulverized and compounded articles are put up in quarter and half pound packages, and neatly labelled, with directions suitable for retailing, and upon better terms than the same article can be had for in the U. S. Every article in his line is warranted genuine—the public can rely upon his.

☞ A liberal discount made to country merchants, who are particularly requested to call and examine quality, &c. before purchasing.

☞ The various Treatises, embracing the most reputed authors, upon the Thomsonian or Botanic System of Medicine, may also be had at his establishment, by the quantity or single copy. Aug 26.

☞ *This Bath took the Premium at the Fair of the Franklin Institute Philadelphia October* 1848 *the only Bath that ever took a premium at that Institute. And also took the first premium at the Fair of the Maryland Institute, Baltimore November* 184 .

THE NIAGARA SHOWER-BATH

AN ENTIRELY NEW ARTICLE FOR SHOWER BATHING,

With old or Warm Water.

A great and important improvement is made in this Shower Bath over all others, by throwing the water immediately on the body without wetting the head unless at the will of pleasure of the bather; but greater point is gained by being enabled to bathe with warm water, which no other Shower Bath is adapted to—and most important of all, the Pathcan be medicated without injury to the hair.

Many persons cannot take a cold bath—their case is met in this, as they can regulate the temperature of the water to suit their wish and commence bathing at any season of the year without any unpleasant result. Ladies can have the advantage of bathing without wetting the head or covering the same.

The arrangements are simple and complete, and not liable to get out of order.—The Bath can be adjusted to suit any heighth, from a small child to the tallest person. When the door is closed, the fixtures are hid and the outside appearance is that of a neat piece of furniture.

They have received the approbation of several midical gentlemen—others are requested to call and examine them.

Manufactured by the Pantetee.

BATHING Read What Armstrong says:
Donot omit ye who would health secure,
That daily fresh ablution, that shall clear
The sluices of the skinn, enough to keep
The body sacred from indecent soil.
Still to be pure, even if it did not conduce
(As much as it does) to health, very greatly worth,
You daily pairs: 'tis this adorns the rich;
The want of this is poverty's worst foe
With this external virtue, age maintains.
A decent grace; without it, youth and charms
Are loathsome."

Genuine INDIAN MEDICINE

Russelsville, Putnam co.; Ind., July 1, 1847.

Dr. Wright: Some time since your agent left me a supply of your Indian Vegetable Pills. I have found said Pills to be in great demand lately for the cure of Fever and Ague. Mr James Boyd has a son who has a son who has been laid up with Fever and Ague, and had tried other remedies, all of which proved of no avail. He determined to buy you Indian Vegetable Pills, and by using one box s now sound and well. Mr. T Spencer had a daughter, Mr. Hugh Groves a son, and Mr. Charles Nicolas and three o his family, were all down at the same time with fever and ague, and had also tried the various other remedies without effect. You Indian Vegetable Pills soon restored them t perfect health. I can assure you, from wha I have seen, your Indian Vegetable Pillsmay be relied on for perfec cure of Fever and Ague. Yours respectfully,

JACOB DURHAM, P. M.

Also an acting Justice of the Peace.

This is to certify, that I was enturely cured of the chills and Fevers of several months' standing, by the use of four doses, of four pills each, of Wright's Indian Vegetable Pills, after taking medicine from a regular physician for some time, and have had no symptoms of them since, which has been about one year ago.

J. W. SPENCER.

Texas, Champaign co., Ohio.

This is to certify, that I was cured of the chills and fever, by the use of one box of Wright's Indian Vegetable Pills, after having had three attacks of it.

IMPORTANT TO

TOBACCO PLANTERS.

THE undersigned most respectfully call the attention of Tobacco Planters to their Chemical preparation for the improvement of the growth and quality of this plant. Their preparation will be known as "Kettlewell & Davidson's Tobacco Generator," and is manufactured expressly for the object indicated—the utmost care and investigation having been made to secure all the morganic elements necessary to its growth and quality. Its effect upon poor and impoverished lands will require the test of experience to make it justly appreciated. The undersigned honestly believe that this compound will prove of vast importance to the Tobacco Interests of the State; but prefer reserving any further expression of their opinion of its qualities, sincerely hoping, that sufficient enterprise will not be wanting to give it a fair trial, no difference how small the experiment.

The material of which the "Generator" is composed is alike scarce and expensive, therefore those who desire to make the experiment will do well to apply early. It is put up in barrels of 300 lbs. each and should be applied upon the surface of the ground, in quantities from two to four spoonsfuls upon each hill, according to the quality and condition of the soil.—Price $30 per ton, or $5 per bbl.

KETTLEWELL & DAVIDSON.

Factory, Hamburg st., Federal Hill. Office at Ober & McConkey's, Wholesale Drug Store, N. E. cor. of Lombard and Hanover sts.

The subscribers also avail themselves of this opportunity to inform the Farmers and Planters of this State, and elsewhere, that they have established, under the firm of Kettlewell and Davidson, an "Agricultural Depot," in Baltimore, for the manufacture of CHEMICAL MANURES adapted to all descriptions of grain, grass and tobacco. They will, in due season for the fall crops, present to the public (sustained by certificates of the ablest chemists and the most practical and accomplished farmers) their 'Agricultural Renovator," a chemical manure for the rapid and permanent improvement of land, which experience will show to be inferior to none now attracting the attention of agriculturists. Orders for the Agricultural Renovator, for the corn or oats crop, will receive prompt attention.

Price $20 per ton, in bbls. of 300 lbs. each.

JOHN KETTLEWELL,
WILLIAM DAVIDSON, Chemist.

When the undersigned wrote their advertisement of Chemical Manure, they had not intended to present any testimony of its quality, at this time; but, upon reflection, and feeling the importance of getting their Agricultural Renovator into notice at an early day, they have determined to place before the public the following communication and analysis, made by the late lamented and distinguished Professor Ducatel, in whose sudden death the science, as well as the agricultural interests of Maryland, have met with no ordinary loss.—A name so well known as the late State Geologist, for high capacity and unblemished purity of character, will, it is believed, satisfy the public that, in the purchase of their article, all cautions of impositions, if directed against them, would be alike urgent and important. The original communication of Professor Ducatel is left at the Maryland State Agricultural Society's Hall. KETTLEWELL & DAVISON.

BALTIMORE April 7, 1849.

Mr. John Kettlewell—Dear Sir: After witnessing the process through which you carry on the operations in the manufacture of your *Fertilising Salts*, and being perfectly satisfied that you were proceeding artistically in the matter, I have at your further request submitted to analysis the result of the various mixtures growing out therefrom, and I have to report as follow:

COMPOSITION—Bi-phosphia of Lime,	60
Potassa,	10
Nitrate of Soda,	10
Sulphate of Ammonia,	5
Animal Matter,	15
	100

It is evident, from the consideration of the constituents of the mixtures, as represented above, that it cannot fail to be of infinite benefit to almost all kinds of soil. I would have no hesitation in recommending it to our farmers, without any other restriction, at first, than moderate application, by way of experiment. Of course, not having any *experience* myself of its actual efficacy, I feel bound to express the latter restriction without, however, entertaining much doubt as to the final result.

I may add, that in consideration of the proportion of *animal matter* which the mixture contains, there is reason to believe that a large proportion of *Ammonia* will be evolved, which, besides enhancing the value, will render it more permanent. Further, I have no hesitation in saying that your compound of "*Chemical Salts*" is at least equal if not superior, always with the proviso of being judiciously applied, to any other that I have had occasion to examine so far, without excepting the now well known article called *Peruvian Guano*.

Very truly, yours, &c.

J. J. DUCATEL, Chemist.

DR. MARTIN'S

Universal Purgative Pills,

A Remedy for all seasons, and safe at all times. The most superficial observer is aware that the great cause of disease is Costiveness, and that by the timely taking of a Purgative, the system is often restored to its usual health. By such a course, the lives of hundreds are saved, who would otherwise have fallen victims to disease. These pills remove all irritating matter in the bowels, and exciting the biliary functions to a healthy action. The press is teeming with the recommendations of purgative pills, gotten up by men who know nothing of the effects of medicine on the human system, and hence are endangering the lives of thousands, who are daily using them. In offering, therefore, these pills, we think we are doing a public benefit, as they are the prescription of a regular physician, who has used them in his practice for ten or fifteen years, and with great success.

Martin & Whiteley's

National Tonic,

A CERTAIN CURE FOR

Fever and Ague and Dyspeptia.

IN our Summer and Fall months many sections of our country are prostrated by this disease. It has been our particular study to find out some remedy to stop this truly dreadful scourge, and think by this TONIC we have effected the great object. It is also, we think the very best remedy in Dyspeptia, and if our directions are followed, will not fail to effect a cure. Read the pamphlets which you get from one of our agents, gratis, and we think you will be convinced we are right.

Read the following.

Baltimore, Jan. 11th, 1849.

Messrs. Martin & Whiteley:

Gents:—Having used your National Tonic for Dyspepsia, which has troubled me to a great extent for some years, I am pleased to say to you that it has cured me effectually. I had taken a good deal of medicine, hoping to be relieved, but nothing has done me any service till I took your Tonic.

DR. MARTIN'S Compound Syrup of Wild Cherry, is the best medicine for Coughs, Colds, Consumption, Asthma, Spitting of Blood etc. Read the following:

Dr. Martin—Dear Sir.

Having received such great relief from the use of your Compound Syrup of Wild Cherry, I have determined to send you a statement of my case as it was when I commenced the use of it. I had had for some weeks a violent cough, and was under the care of my family physician, the late Dr. R. A. Durkee, whose experience in such matters no man ever doubted, yet my cough continued to increase, and I was so much reduced in flesh, I as well as my family became alarmed. In Decemcer last I called on you, as I knew you had for many years back attended my brother, the late Dr. Charles Tilden o Caroline county, Md., whose wife and two children and himseh have since died of consumption. You seemed very doubtful of my case, as I thought and remarked you knew of nothing that would benefit me more than the free use of your "Syrup of Wild Cherry," n I would observe a rigid diet, such as laid down in your pamphlet on Consumption, which accompanies each bottle of the Syrup. Upon due reflection I at once commenced following your advice, and soon found a grea change for the better, and in a few weeks I was enabled to attend to my business. My children have had violent colds, attended with a cough—such is my confidence in the Syrup I immediately resort to it, and always with success. Parents I think, should always keep it in their houses, as it will relieve the worst cough if taken in time. You can make use of this statement in any way you see proper. Yours respectfully,

THOS E. TILDEN,

TAKE NOTICE!

The undersigned, grateful for the patronage received from the public, takes this mode of apprising it that he has declined renewing his Bond as Constable, the present year, and must now, of necessity, close and settle all official business in his hands. He has a large amount of unsettled business on hand—a very considerable number of Executions and Levies, and as the law requires an early settlement, and his duty and interest, as well as the interest of the claimants, will make it imperative upon him to close all his cases promptly and speedily, he therefore invites all persons against whom he has claims, to come forward immediately and liquidate them.

The parties will now see that further indulgence is impossible—business has already accumulated to a great extent on his hands, in consequence of promises unredeemed, and failures to meet engagements made to him. If any prove delinquent after this notice, they may expect a decisive and legal course—to be pursued, without delay or respect to persons. The subscriber has no right to defer in this matter and his duty must now be performed promptly and efficiently.
