Historical Lectures.

Under an arrangement with the Vestry of Chester Parish, it is proposed by GEO. L. L. DAVIS, Esq., to deliver, at Chestertown, a short course of Historical Lectures The following will be the themes:—

1. THE EARLY INDIANS UPON THE CHESAPEAKE.
2. THE EARLY HISTORICAL PARTIES OF MARYLAND.
3. THE EARLY TOWNS UPON THE CHESAPEAKE.
4. THE EARLY STATE OF SOCIETY, IN MARYLAND.

The *first* Lecture will embrace a historical picture of the group of Indian tribes and confederacies originally seated upon the Chesapeake and its tributaries; with a special eye to the Indians of the Chester, and of the other Rivers upon the East side of the Bay.

The *second* will consist of a historical analysis of the three original Parties of Maryland—of the Kent Island, the Roman Catholic, and the Puritan Parties—of Parties, which grew out of as many distinct Colonies—all within the present territorial limits of Maryland.

The *third* will exhibit a brief historical sketch of the early Towns upon the Chesapeake and its tributaries—some of them now extinct—while the very name and site of others have been forgotten. In this Lecture, will be noticed New Yarmouth and York, upon the Eastern; St. Mary's and London, upon the Western Shore. Oxford and other towns will also be included.

The *fourth* (upon the most interesting of the four themes) will present a historical key to the general state of Society, during the sixty years, St. Mary's was the Capital of Maryland; with a view of the laws, customs, and polity of the period; and some insight also into the social and domestic life of our ancestors.

The object of the proposed arrangement is two-fold:—The one is to diffuse some historical information upon topics understood *imperfectly* by most persons, *and thoroughly by no one whatever*—the other is to improve the *realty* or the *other property* of the Parish. Every dollar of the money arising from the sale of tickets, will be consecrated to the good of the Church.

The History of the Principality of Maryland is but little studied, because it is dry. It is dry, because it is difficult. And the long lost chapters, in our early History, are not yet, and probably never will be, found. But something has been done, by Historians of the present century. And something more may still be done. It will be the chief aim of the Lecturer, both by the aid of facts, and by the laws of a strict induction, to elucidate those points, upon which light indeed is now most needed.

HOLLOWAY'S PILLS AND OINTMENT!

Holloway's Ointment.

A Most Marvellous cure of Bad Legs, after 43 years' suffering.

Extract of a Letter from Mr. Wm. Galpin, of 70, St Mary's street, Weymouth, dated May 15th, 1851.

To Professor HOLLOWAY.

SIR,—At the age of 18 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sores and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried but without effect; her health suffered severely, and the state of her legs was terrible. I had often read your Advertisements, and advised her to try your Pills and Ointment; and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and, strange to relate, is now in good health. Her legs are painless, without scam or scar, and her sleep sound and undisturbed. Could you have witnessed the suffering of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow-creature.

(Signed) WM. GALPIN.

A PERSON 70 YEARS OLD CURED OF A BAD LEG, OF 30 YEARS STANDING

Copy of a Letter from Wm. Abbs, Builder of Gass Owens, of Rushcliffe, near Huddersfield May 31st, 1851.

To Professor HOLLOWAY,

SIR,—I suffered for a period of thirty years from a bad leg, the result of two or 3 different accidents at Gas Works; accompanied by scorpatic symptoms.—I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated, yet, in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time, that few who had not witnessed it would credit the fact.

(Signed) WILLIAM ABBS.

The truth of this statement can be varified by Mr. W. P. England, Chemist, 13, Market St., Huddersfield.

A DREADFUL BAD BREAST CURED IN ONE MONTH.

Extratt of a Letter from Mr. Frederick Turner of Pensharst, Kent, dated Dec. 13th, 1850.

To Professor HOLLOWAY.

DEAR SIR,—My wife had suffered from Bad Breasts for more than six months, and during the whole period had the best medical attendance, but all to no use. Having before healed an awful wound in my own leg by your unrivalled medicine, I determined again to use your Pills and Ointment, and therefore gave them a trial in her case, and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends.

(Signed) FRED. TURNER.

The Pills should be used conjointly with the Ointment in most of the following cases:

Bad Legs, Chiego-foot, Fistulas, Sore-throats, Bad Breasts, Chilblains, Gout, Skin-diseases, Burns, Chapped hands, Glandular Swellings, Scurvy, Banions, Corns (soft) Lumbago, Sore-heads, Bite of Moscetoes, and Sand Flies, Cancers, Piles, Tumours, Contracted, and Rheumatism, Ulcers, Stiff Joints, Scalds, Wounds, Coco-bay, Elephantiasis, Sore Nipples, Yaws, &c.

Sold at the Establishment of Professor HOLLOWAY, 241, Strand, (near Temple Bar, London), and by all respectable Druggists and dealers in Medicines throughought the British Empire, and of those of the United States, in Pots at 37½c. 87c., and $1,50c. each. Wholesale by the principal Drug houseg in the Union, and by Messrs. A. B & D. SANDS, New York; and by S. S. HANCE, & Candy & HATCH, Baltimore, Md.

☞ There is a considerable saving by taking the large sizes.
