The Belle of the States,

AIR TIGHT COOKING STOVE

THIS celebrated Stove we take great pleasure in recommending to the public; it is perfectly made, large oven, and strong draught. The castings are strong and cannot be cracked by heat. This stove has been used in Cecil County some 3 or 4 years, and has given general satisfaction.
As a Stove for baking purposes, we venture to say that is inferior to none. The public are invited to call and examine them.

OFFICE, 484 BROADWAY.

WE abound in magazines and newspapers, suited to the wants and tastes of all classes, yet the thirst for mental recreation and intelligence, which is one of the characteristics of our people, encourages us in the belief that another well conducted publication will be amply sustained.
Competition which has been called "the life of trade," is now such in the periodical line, that, by the ordinary mode, it is a hazardous undertaking to the publisher, to attempt, even with a large capital, to establish a magazine or paper. Not unfrequently thousands of dollars are expended before it is made to yield a profit, and it has become a settled principle that subscribers must be paid for in one way or another. Periodicals are remuneratives only when they have a large circulation, and *Premiums are commonly given* to increase subscription lists.
We design to furnish a handsomely printed, high-toned, witty, entertaining and instructive Quarto, (a suitable form for binding) which in one year will comprise a large amount of useful information, and as a reflex of the times and a record of current events, will be found entirely worthy of preservation. Intending it to be, emphatically,

A Paper for the People,

we shall advocate their rights, their interests, their welfare; our motto being "the greatest good to the largest number." The yearly subscription has been fixed at one dollar, or Five copies for Four dollars—Twenty-five copies for Twenty Dollars—all to one address.
