THE NEWS.

CHESTER TOWN, Md.

Saturday Morning, January 27, 1855.

SNOW.—Snow fell in this place on Thursday evening last to the debt of four inches.

INQUEST.—Coroner Carroll held an inquest on Monday last, over the body of John Edwards, the young man drowned about six weeks since. Verdict, "death by drowning."

STORM.—A dreadful storm occured here on Sunday night last. Fences were blown down, and the roof of the main building of Washington College was blown off—the damage, as far as we could ascertain, was trifling.

☞CAPTAIN BROWNE, having some time since, disposed of his vessels, granary, &c., to Messrs. Emory & Ruth, of Queen Ann's county, is now about to retire from the business which for the last fifteen years, he has conducted with signal success and satisfaction between our waters and the city of Baltimore. In dissolving the relations which have so long subsisted between Capt. B. and the community, we feel assured that we only express their undivided sentiment in saying that during this extended period he has gained for himself the reputation of an experienced, fearless and skillful commander, a prompt, diligent and faithful business agent, and a kind hearted gentleman, and that he carries with him the best wishes of all for his success in any future enterprise in which he may embark. We imagine, however, that the Capt. will not need any admonition to quicken his constancy towards the first love of a sailor, "the free and sparkling wave."

Know-Nothingism.

A paper has recently been started at Washington City, entitled the "American Organ," under the editorial management of Vespanian Ellis, and R. M. Heath, Esqs. It may be looked upon as the authorized and responsible expositor of the principles and objects of the American, or Know-Nothing party. We clip from one of the numbers the following exposition of its principles:

OUR PRINCIPLES.

1st. We shall advocate a repeal of the laws of naturalization, or if that cannot be accomplished, then such a modification of those laws, as will prevent future immigrants from being citizens, short of a residence of twenty one years, after taking the oath of allegiance to the United States and of abjuration of all other powers, potentates and princes.

2d. We shall advocate the passage of a stringent law by Congress to prevent the immigration hither of foreigners who are either paupers or criminals, and to send back to the country from which they come all such foreigners of these classes who may, in violation of this law hereafter reach our ports and to require the President of the United States to demand from any government which shall send hither such classes of its subjects, immediate and ample satisfaction for such outrage, and a proper indemnity against the repetition thereof.

3d. We shall oppose the election or appointment of any foreign-born citizen to any office of trust, honor or emolument, under the federal State of Government, or the employment or enlistment of such persons in the army or navy in time of war, maintaining as we do, the opinion, that the native born citizens of the United States have the right to govern the land of their birth; and that all emigrants from abroad should be content with the enjoyment of life, liberty, and property, under our institutions, without seeking to participate in the enaction, administration, or execution of our law.

4th. We shall advocate and urge the adoption of such an amended form of an oath to support the Constitution of the United States, and to be administered to all persons elected or appointed to any office of trust, honor or emolument, under the Federal or States Governments, as will effectually exclude from such offices all persons, who shall not directly and explicitly recognise the obligation and binding force of the Constitution of the United States, as paramount to all obligation of adhesion or allegiance to any foreign prince power, potentate or authority whatever, under any and all circumstances.

6th. We shall maintain the doctrine that no one of the States of this Union has the right to admit to the enjoyment of free suffrage any person of foreign birth, who has not first been made a citizen of the United States, according to the uniform rule of the naturalization prescribed by Congress, under the provisions of the constitution. We shall oppose now and hereafter, any "union of the Church and State," no matter what class of religionists shall seek to bring it about.

7th. We shall vigorously maintain the vested rights of all persons, of native or foreign birth, and shall at all times oppose the slightest interference with such vested rights.

8th. We shall oppose and protest against all abridgement of religious liberty holding it as a cardinal maxim, that religious faith is a question between each individual and his God, and over which no political government or other human power can rightfully exercise any supervision or control, at any time, in any place, in any form.

9th. We shall oppose all 'higher law' doctrines, by which the constitution is set at nought violated, or disregarded, whether by politicians, by religionists or by the adherents or followers of either, or by any other class of persons.

10th. We shall maintain and defend the constitution as it stands, the Union as it exists, and the Rights of the States without diminution as guaranteed thereby; opposing at all times and to the extent of our ability and influence, all who may assail them or either of them.

11th. We shall oppose no man, and sustain no man, on the ground of his opposition to, or his support of Democratic measures, or Whig measures, but we shall oppose those who oppose our measures, and sustain those who sustain our doctrines.

12th. And lastily, we shall use our utmost exertions to build up an "American party," whose maxim shall be:—"AMERICANS SHALL RULE THEIR COUNTRY."

GREAT SNOW STORM DOWN EAST.—The fall of snow on Thursday afternoon last and the following night, in the upper parts of Maine and New Hampshire was one of the greatest known in recent years. The Portland Advertiser says:

"From Paris to Berlin, there was a depth from three to three and a half feet on a level, During Friday, all communication on the highway, even from the shortest distances was wholly obstructed. The passenger trains on the Atlantic road, between Paris and Connecticut river, were worked with four engines each, and though somewhat delayed did not lose a trip."

The Manchester Mirror of Saturday says:

"Here the snow fell to the depth of about twenty inches. But to the north of us the stories told of its depth are incredible. It was telegraphed to this place from Danbury, this State, that the snow was six feet deep! It would seem that a much greater quantity had fallen at the upper part of the State than here, as the train over the Northern road due at Concord at 3½ o'clock yesterday did not arrive there till 6 o'clock this morning, and the train over the Boston Concord and Montreal road, due at the same time, did not arrive till 11 o'clock last evening."

SUICIDE IN DORCHESTER COUNTY.—Mr. Thomas Esgate, a respectable citizen of Dorchester county, Md., committed suicide on Sunday. The Cambridge Chronicle says:

"About a year or two ago his wife, laboring under a despondency of mind, committed an act similar and equally as rash as the present painful instance we are now called upon to record. Mr. Esgate married a second time, and we learn was very unhappy—declaring his dead wife had appeared to him on several occasions—again that he would starve before spring, &c. A few days before his death he went in the woods and marked the trees where his lines run—declaring that he should die soon. On last Sunday morning he was found in his horse stable with his throat cut from ear to ear."

FILLIBUSTERS AT THE SANDWICH ISLAND.—A letter from the collector of the port of San Francisco to General Wool, states that he had been confidently informed by D. L. Gregg, the United States Commissioner, at the Sandwick Island, that two persons who had just arrived at San Francisco from Honolulu were engaged in organising a force to operate against the islands, and declare their separate independence. The commissioner also stated that these parties, while professing warm support for the projected scheme of annexation to the United States, were, in fact, devising schemes hostile to it, and to our intercourse with the Pacific.

Arrival of the Steamer Pacific.

One Week Later from Europe.

NEW YORK Jan. 25.—The American mail steamer Pacific arrived here this morning with Liverpool dates to the 12th inst.—one week later than former advices. Her news is of the greatest interest and importance.

The Czar has unconditionally accepted the four guarantees, but his sincerity is doubted.

Hostilities continue unchanged.

Sardinia has joined the Western powers.

THE EASTERN QUESTION.

The Eastern question has assumed an entirely new and most important phase. The Czar has accepted not only the four points of the guarantee, but also the interpretation thereof as explained by England, France and Austria, but no armistice has been granted, and consequently hostilities continues unabated.

It is yet doubtful whether Russia's said acceptance is unconditional, or accompanied with important explanations.

Prussia has claimed to take a share in the negotiations, but declines for the present to increase her army.

Omer Pasha has gone to the Crimea, and he Russians have recrossed the Danube, invaded the Dobrudscha and retaken the cities of Tullscha and Bladagh.

The siege of Sebastopol was unchanged up to the 2d, although there have repeated rumors of its capture.

Ear and Eye.

DRS. LeBRUNN & DUFTON,

OCULISTS AND AURISTS.

☞*Deafness and Ear Diseases Radically Cured.*☜

DR. LEBRUNN offers to the suffering from Deafness his INFALLIBLE AURAL REMEDIES, which have been successful in nearly 3,000 cases of confirmed deafness. These remedies comprise different courses for diseases of the internal, middle and external ear, and have been pronounced by those celebrated aurists, Drs. Kramer of Berlin, Itard, and Delau, of Paris, Curtis, Pilcher and Yearsley, of London, as being the *most wonderful* and *effectual* ever applied for diseases of the internal and middle ear. Dr. LeB WARRANTS A CURE in every case where the ear is perfect in formation. He has eighteen certificates of cures from those who had been DEAF AND DUMB, and whose hearing is now completely restored and are now enabled to learn the language.

The names of 2,700 persons who have been cured by Dr. LeB may be seen on application. Patients, by sending a description of the case, can have remedies sent to any part of the United States.

In case of mucus accumulation in the Eustachian Tube and Tympanum, inflamation of the mucus membrane, nervous affections, diseases of the membrane tympani, called "the drum," or when the disease can be traced to the effects of fevers or colds, the use of quinine or mercurial medicines, gatherings in the ears in childhood, &c., this treatment stands pre-eminent. When the auditory canal is dry and scaly, with little or no secretion; when the deafness is accompanied with noise in the ear, like falling water, chirping of insects, ringing of bells, rustling of leaves, continual pulsations, a discharge of matter; or when in stooping, a sensation is felt as if a rush of blood to the head had taken place; when the hearing is less acute in dull, cloudy weather, or when a cold has been taken, this method of treating the disease is infallible.

Dr. Dufton is the only Oculist in the United States who practices the new, painless and successful method in treating all the diseases to which the eye is subject. Where every other means have failed to afford relief, he asks from such a fair and impartial trial.

TERMS—$5 consultation fee; $10 fee to be paid when the hearing is restored to its original acuteness, or when a watch can be heard to beat at a distance of feighteen feet from either ear. Address

Drs. LeBRUNN & DUFTON,

January Term 1855.

THE object of the Bill filed in this cause, is to obtain the sale of certain real estate, in Chester Town, Kent county, for the payment of the purchase money, due and unpaid thereon.—The Bill states that the complainant, as Truster, under a Decree of this Court for the sale of the real estate of John Hawkins, late of Kent county, deceased, sold to the defendant, Eliza Hawkins, a certain House and Lot of ground in Chester Town, at and for the sum of eight hundred and six dollars, which sale was finally ratified by this Court. Cheap Clothing Store Up Town.

JOHN RUSSELL has moved from down town to his new store house up town and is selling his customers GREAT BARGAINS in Clothing. His store may well be called "Cheap Store" for he is distinguished for keeping well manufactured Clothing, far superior to that merely basted trash which is rather thrown than sewn together in slop shops and bought up at auction and vended everywhere. A "dollar" cannot be surpassed in low price or good quality, and as for quality, variety, assortment, color, beauty and fit, JOHN'S store is the place to find them: so be cautious and don't go to the wrong place.
