AMERICAN MUSKETS FOR FOREIGN USE. There is great activity at present among some of our American gun Manufacturers, induced in part by the war in Europe. The Windsor (Vt.) Journal says that the Robbins & Lawrence Company of Windsor have just contracted for the manufacture of muskets to the amount of some four or five hundred thousand dollars. The contract is made for a company in London, and the arm to be manufactured is the Minnie rifle, with some modifications. The fulfillment of the contract will require an additional force of some two or three hundred men. Two establishments in Massachussetts have also received similar orders, one of which is for 20,000 riffle-muskets.

CLERK OF CAROLINE COUNTY CIRCUIT COURT.—We mentioned a few days ago, on the authority of the Denton Journal, that T F. Gatey, clerk of the Circuit Court of Caroline county, Md., had paid up his indebtedness to the State treasury. We have since been reliably informed that such is not the fact. He tendered, we understand, a certain amount, but as the greater portion of it was in Greensborough Bank notes, the Comptroller very properly refused to have anything to do with such currency.—*Balt. BALTIMORE, March 17, 1855.

New Hampshire Election—Know Nothings in Virginia—Maine Law State Convention—Commercial College—Spring Trade, &c.

The election in New Hampshire has resulted in the utter overthrow of the Pierce and Forney party, in the "old Granite State." The Know Nothing elected their Governor, a large majority of both branches of the Legislature, and all the members of Congress, by overs helming majorities.—This of course secures to them the two U. S. Senators, which are to be elected at the next meeting of the Legislature.

The Know Nothing Convention in Virginia have nominated a strong ticket which will be elected, by a majority of ten to thirty thousand, as certain as the 4th of May arrives. This I will demonstrate to the satisfaction of all your readers, in a future letter.

The State Maine Law Convention will assemble at the Temperance Temple, North Gay st., on the 28th day of March. The attendance will undoubtedly be large, and it is earnestly hoped that the friends of Temperance in old Kent will be represented on that interesting occasion.

Professor O. K. Chamberlin's Commercial College is now in a highly flourishing condition. There are now in attendance students from nearly every section of our State, and in fact of the United States. Many who have graduated at this Institution are now occupying the highest posts of profit and honor both here and elsewhere.

Our Hotels are now well-filled with country merchants, who are now busily engaged in laying in their semi-annual stock of Goods. Our market is unusual well stocked with every description of merchandize which our traders are selling at remarkably low rates

"MORE ANON."

VERY LATE FROM UTAH TERRITORY. Several persons have arrived at Independence, Mo., who left Salt Lake City on the 8th February.

They report that Captain Steptoe, who was appointed Governor of Utah has neither accepted nor declined that station yet. Brigham Young was still Governor *de facto*.

Snow is very deep on the mountains, and difficult travelling. They met the party which went out in February at Scott's Bluff, getting along finely.—They report that several tribes are disaffected, and threaten hostilities, but as yet no depredations have been committed. They passed through an encampment of about 150 lodges of Sioux without molestation.

THE Washington Union contains a leader on the last Spanish outrage, in which it is plainly intimated that unless atonement is made to Minister Dodge hostile steps will be taken. It declares, further the Administration will not be charged with warring against a weak and helpless nation, as they have the strongest reasons for believing that Spain will be backed by England and France.

☞One of the latest rumors is, that the Emperor Napoleon, instead of going to the East, will proceed to Vienna where there will be a conference with the three sovereigns of Austria, France Prussia and also of England, as represented by Lord John Russell. This is by no means improbable.

NEW HAMPSHIRE ELECTION.—The Know-Nothing majority for Governor, in all but nine small towns, is 1,641.—The Senate stands 11 know-nothings, to 1 democrat, and the House 226 know-nothings to 79 democrats.

☞The American Steamer "Texas Ranger," supposed to have exploded, from the fact of a loud report having been heard at Tampa, Fla., has arrived safe in the Mantee River.
