## Ear and Eye.

DOCTORS LEBRUNN AND DUFTON,
OCCULIST AND AURISTS.

☞ *Deafness and Ear disease radically cured.* ☜

DR. LEBRUNN offers to the suffering from Deafness his his INFALLIBLE AURAL REMEDIES, which have been successful in nearly 3,000 cases of confirmed deafness. These remedies comprises different courses for diseases of the internal, middle and external ear, and have been pronounced by those celebrated aurists, Drs. Kramer of Berlin, Itard, and Delau, of Paris, Curtis, Pilcher, and Yearsley, of London, as being the most wonderful and effectual ever applied for diseases of the internal and middle ear. Dr. LeB. WARRANTS a cuan in exery case where the ear is perfect in formation. He has eighteen certificates of cures from those who had been DEAF AND DUMB, and whose hearing is now completely restored and are now enabled to learn the language.

The names of 2,700 persons who have been cured by Dr. LeB. may be seen on application. Patients by sending a description of the case, can have remedies sent to any part of the United States.

In cases of mucus accumulation in the Eustachian Tube and Tympanum, inflamation of the mucus membrane, nervous affections, diseases of the membrane tympani, called "the drum," or when the disease can be traced to the effects of fevers or colds, the use of quinine or mercurial medicines, gotherings in the ears in childhood, &c., this treatment stands pre-eminent. When the auditory canal is dry and scaly, with little or no secretion; when the deafness is accompanied with noise in the ear, like falling water, chirpling of insects, ringing of bells, rustling of leaves, continual pulsations, a discharge of matter; or when in stooping, a sensation is felt as if a rush of blood to the head had taken place; when the hearing is less accute in dull, cloudy weather, or when a cold has been taken this method of treating the disease is infallible.

Dr. Dufton is the only Oculist in the United States who practices the new, painless and successful method in treating all the diseases to which the eye is subject. Where every other means have failed to afford relief, he asks from such a fair and impartial trial.

TERMS:—$5 consultation fee; $10 fee to be paid when the hearing is restored to its original acuteness, or when a watch can be heard to beat at a distance of eighteen feet from either ear.

Address DRS. LEBRUNN & DUFTON,

## AFFLICTED READ!!

*Philadelphia Medical House, Established Twenty Years ago, by* DR. KINKELIN,
Corner of Third and Union Sts., Phila., Pa.

INNALIDS are apprised that Dr. Kinkelin confines his practice to a certain branch of medicine, which engages his undevided attention.—He cautions the unfortunate against the unfortunate against the abuse of mercury; thousands are annually mercurialized out of life. Recent affections are promptly extengnished.

Twenty years of experience in the treatment of a class of diseases hitherto neglected or imperfectly understood, has enabled Dr. Kinkelin (author of a work on self-preservation) to prove that nine-tenths of the causes of nervous debility, local and constitutional weakness, mental and physical suffering, are traceable to certain habits, forming the most secret yet deadly and fatal springs of domestic misery and premature mortality.

*Take particular notice.*—There is an evil habit sometimes indulged in by boys, in solitude, often growing up with them to manhood, and which, if not reformed in due time, not only begets serious obstacles to matrimonial happiness, but gives rise to a series of protracted, insidious, and devastating affections. Few of those who give way to this pernicious practice are aware of the consequences, until they find the nervous system shattered, feel strange and unaccountable feelings and vague fears in the mind. The unfortunate thus affected becomes feeble, is unable to labor with accustomed vigor, or to apply his mind to study: his step is tardy and weak, he is dull, irresolute, and engages in his sport with less energy than usual. If he emancipates himself before the practice has done its worst, and enters matrimony, his marriage is unfruitful, and his sense tells him that this is caused by early follies.—These are considerations which should awaken the attention of those similarly situated.

MARRIAGE requires the fulfilment of several conditions, in order that it may be really the cause of mutual happiness. Could the veil which covers the origin of domestic wretchedness be raised, and its true source in every instance disclosed—in how many could it be traced to physical disqualifications and their attendant disappointments! Apply then while it is yet time, in order to have your unstrung and relaxed organization rebraced, revivified and strengthened.

REMEMBER, he who places himself under Dr. Kinkelin's treatment may religiously confide in his honor as a gentleman, and rely upon the assurance that the secrets of Dr. K's patients will never be disclosed.

Young man—let no false modesty deter you from making your case known to one who, from education and respectability, can certainly befriend you. Too many think they will conceal the secret in their own hearts, and cure themselves Alas! how often is this a fatal delusion, and how many promising young man, who might have been an ornament to society, has faded from the earth.

Strictures upon the uretha are rapidly removed by the application of a new therapeutical agent, and only by Dr. K. Weakness and constitutional debility promptly cured, and full vigor restored.

COUNTRY INVALIDS can have (by stating their case explicitly, together with all their symptons, per letter enclosing a remittance) Dr. K's medicine appropriated accordingly. Forwarded to any part of the United States secure from damage or curiosity.

WE propose keeping a general assortment of white pine and hemlock lumber, consisting of various qualities of boards, plank, siding, joists and scantling—together with pails, shingles, &c. The public are invited to call and examine and determine for themselves.
