THE KENT NEWS.

Arrival of the Northern Light.

Further from California.

NEW YORK, May 16.—The steamer Northern Light arrived here this morning at 11 o'clock, with three hundred and sixty passengers, and $278,000 in treasure.

Owing to the general distress of the banking houses, the passengers bring a large amount of specie.

The dates by this arrival are to the 23d, but have been anticipated via New Orleans.

The Purser reports that the intelligence from the interior of Nicaragua is that no further fighting has taken place. The government party had retreated from Leon, finding the army of the revolutionists 600 strong, and were fortifying Granada. (This conflicts with the News received via New Orleans.)

The Nicaragua Expedition under Walker, before reported, was to have left San Francisco about the time the steamer sailed. It embraces about one hundred men, including Acullus Reuen, Capt. Hornsby, and other well known individuals. The brig Vesta was chartered to convey them down as emigrants.

Thh steamer Cortez arrived at San Francisco on the 22d.

The recently discovered gold mines at Sand Hill, Yula county, are said to be yielding an average of $50 per day to each man.

It is said that the planting of wheat and other grain in the agricultural districts of the State has been much larger than any previous year. This, too, with California flour at $6.

Outside efforts to get up another trial for the election of United States Senator were vigorously being made, but the chances were very slim. The Delta, under a strict construction of the law, in relation to elections, appears to doubt if Mr. Gwin is entitled to a seat in the Senate.

A clause in the constitution declares that a plurality of votes given at any election shall constitute a choice, where it is not otherwise directed in the constitution, and Mr. Gwin having received a plurality of seven votes over Mr. Edwards on the first ballot, in joint convention, it is contended by some that he was constitutionally elected.

Two hundred and sixty-four ejectment suits have been commenced at San Francisco, in view of the expiration of the statutes of limitations.

The San Francisco markets closes extremely dull; and prices had a downward tendency. Haxall flour $14; wheat $1.25; New Orleans sugar 9½; Rio Coffee 12½; anthacite coal $13; new butter 35 a 37½ cents; mess pork $16; adamantine candles 24 cents.

Arrival of the Steamer Cahawba.

LATER FROM HAVANA.

New York, May 16.—The steamer Cahawba arrived here this evening with two days later news from Havana. The Gulf squadron would soon return to port. The steamer Princeton and the sloop of war Jamestown were cruizing off the coast, and Commodore McCauley was at Key West.

It was rumored that General Concha had pardoned Eelix the revolutionist.

The arming and drilling of the colored population continues on the Island.

The Yucatan Indians continue to be introduced into Cuba by consent of the Mexican authorities.

The port of Havana was healthy and business active.

MUNICIPAL ELECTION.—The k. n.'s at Cumberland, Md., elected the following ticket on Monday by 55 majority:

Mayor—Wm. W. McKaig; Common Council—Jesse Korns, John Beall, F. Shore, H. Startzman, W. Gephart, and J. McCleary.

TAXING PROPERTY OF ROMAN CATHOLIC BISHOPS.—The Albany (N. Y.) Board of Supervisors has passed a resolution that the assessors be instructed to assess the property of the Roman Catholic Bishop of the Diocese of Albany, all priests and pastors of other denominations," according to the statutes of the State.

☞ The price of passage from California to the Eastern States has been reduced and many poor miners who had almost given up the hope of ever returning to their friends have now an opportunity to do so, and are availing themselves of it.

Parson Brownlow, of the Knoxville (Tenn.,) Whig, publishes what he calls an abridged gospel of Know-Nothingism, as follows: Foreigners and Roman Catholics may all ride in the chariot of American freedom. *But the American must drive.*

A LYRICAL DRUNKARD.—A well-dressed man was found drunk on Milk street, Boston, the other day, and in his pocket was found the following:

"Hail, great King Bacchus' name adored,
Let drunkards prostrate fall,
And bring forth the royol demijohn,
And let them drink it all."

☞—Persons wanting Goods *twenty five per cent lower than the usual prices*, would do well to call at the store of B. B. Perkins—he will close out in a few weeks.

DIED—In Snow Hill, of Consumption, on Saturday night last, the 4th inst., MRS. ELIZABETH SMITH, wife of G. W. P. Smith, and youngest daughter of the late Jervis Ringgold of Queen Anne's county, in the 29th year of her age.

"Amiable in all the relations of life, dear to friends and acquaintances were strongly attached to her. Their tender and watchful attentions during her last sickness, and their regret and sorrow at her death attest *their* affection and *her* worth. She has left a sorrowing husband and an affectionate kindred behind. Time may not heal their stricken hearts, yet let them mourn as those who have no hope. She died in the full assurance of a strong faith in her Saviour, and in the earnest expectation of that happiness which he promised the blessed. She has gone to rest from a world full of affliction and care."

In Talbot county, on the 5th inst., at Bay View House, in this county, a few days since, MR. JOHN MINER, in the 90th year of his age.

By Last Night's Mail!

STEAMER SUNK.—The commodious and swift steamer Planter, Captain Weems, met with such an accident on Thursday morning, which had like to have resulted in her total loss. She was coming up the river under a full head of steam, when by same mismanagement, she was suffered to run into the government wharf at Fort Sollers. The crash was a tremendous one, crushing in her bows, the water rushing in at a terrible rate. Fortunately for her passengers, her bows rested upon the wharf, which gave them an opportunity of escape to the Fort. A few minutes after she struck, the after part gradually settled down upon the bottom of the river and although the bows are out of water, the greater part of the boat is sunk below the guards.—*Clipper.*

RAIN IN GEORGIA.—We are pleased, says the Savannah Georgian, to learn from our exchanges that copious showers of rain have fallen in every part of the State within the last two weeks. The welcome dews dispels all fear of famine. The grain crop is placed beyond contingency. The stand of corn and cotton is said to be uncommonly fine in all Southwestern Georgia, though the stock is small.

The Campaign—Returns of the Know-Nothing Councils—The State Secured, &c.

RICHMOND, Va., May 17.—The returns from the numerous Know-Nothing lodges of this State, on being footed up, furnish a clear majority of the legal votes of the State. The few Know Nothings that have seceded, under the threat of the Richmond Junto, have been more than replaced by new converts to the Order.—The State, therefore, is secured by an actual census.

We vote here *viva voce*, and the Junto have threatened that this Know-Nothing party cannot last, and the democracy will "spot" every democrat for future crucifixion, who may vote the ticket; but in spite of this threat constant reinforcements are coming in from the democratic side; and they feel no fear, because they see that the day of the Richmond democraric Junto, the administration and all concerned, is passed never to come again.

Rely upon it too, that the slaveholders of this State, enlisted with the Know-Nothings, understand their position, and the position of the Order in New York, New Jersy and Pennsylvania, and we are confident that the approaching Philadelphia National Council will be truly a great national movement upon the slavery question.

BREADSTUFFS FROM CALIFORNIA.—A cargo of wheat and flour is about to be shipped from San Francisco to New York.—The clipper ship Charmer is up at San Francisco, for New York; 9,000 tons of wheat and flour have been engaged at $46 per ton, at which rates she will probably fill up. A San Francisco letter says:

Some of the holders of Chili flour offered to sell the balance of their stock at $4 per barrel, to any party who would engage to ship it out of the country. The whole stock of Chili flour is now about 70,000 barrels (in sacks;) of all other kinds 130,000, or its equivalent in wheat. Total of present available stock; 200,000 barrels of wheat and flour.

Western Navigation.

Pittsburg, May 17.—There is a depth of five feet of water in the river here and it is rising.

Wheeling, May 17.—Considerable rain fell in this region yesterday, and the river is rising, with a prospect of a good stage of water.

COMMODORE MCCAULEY.—The Washington Star says, the Navy Department have letters from this office, who waz at Key West, Fla., with his flag ship, the steamer San Jacinto, on the nO inst. As far as known at the Department, all were and had been well on the shlp.

☞ Friday, the 4th inst., was observed in Griffin, Ga., as a day of humiliation and prayer, in view of the drought and want with which the country was threatened. There was a rain a few days afterwards.

☞ The price of guano, according to the Peruvian Charge d'Affairs at New York, is not to be reduced; as has been reported, but, on the contrary, if any change is made, he says it will be advanced.

FOOT RACE.—The great foot race between John Grindell, of New York, and John M. Stetson, took place yesterday, on the Cambridge, Mass., Trotting Park.—There were 15,000 people present. The distance run was ten miles, and Grindell won by 51 seconds only. Total time of winner, 57 min. 22 sec. Aver age time of winner per mile 5 min. 44 sec.
