ESTATE OF MARY ANN WARNER.

Maryland; Kent county, Orphans' Court, February 26, 1856.

On the application of Henry Urie administrator C. T. A, of Mary Ann Warner, late of Kent county, deceased;

ORDERED, That he gives the notice required by law for creditors to exhibit their claims against the said deceased's estate, and that the same be published once in each week for the space of four successive weeks, in the Kent News, printed and published in Kent county.

In testimony that the foregoing is truly copied from the minutes of the proceedings of the Orphans' Court of the county aforesaid, I have hereto set my hand and the seal of my office affixed this 26th day of February, 1856.

{SEAL}

Test, JACOB FISHER,
Reg. of Wills for Kent county.

ATTENTION FARMERS!
Guano excelled by 'De Burg'

The great advantage De Burgs Super Phosphate has over Guano, is attributed to the large amount of fertilizing matter, Phosphates and Ammonia, which it contains.

It is a settled point with all chemist and scientific farmers that Peruvian Guano only supplies about one half of the phosphates that is required to grow wheat, rye, oats, corn, vegetables, &c., and that is the reason that land becomes exhausted and impoverished by its continued application. Whereas De Burgs Super Phosphate supplies more than is required, by the crops, and is quite as effective in its action of inducing early maturity as guano, much more durable and fertilizing to the soil and less volatile.

It is adapted for all crops and all soils, as a proof, we have testimonials from Maine to Georgia, and from *every county in this State*, from every variety of soil, and from gentlemen well known as intelligent farmers—some of whom have tried it for two years on fall and spring crops with pleasing results, in every instance. Viz: Hon. J. A. Pearce, G. W. Tompkins, L. M. Strong, J. Urie, W. W. Stephens, Wm. Emory, T. D. C. Ruth, Esqs., and many others.

Francis Cann, Esq. says: "I never saw so fine a field of corn as I have at present. The corn and potatoes grown with "De Burg" were much superior in quality and quantity to those grown by No. 1, Peruvian Guano, at the same rate per acre. I think it the best fertilizer ever tried and cheaper than guano."

Josiah Ringgold, Kent co. says: "I applied De Burg and Peruvian Guano separately, each at the rate of 200 lbs. per acre, on same quality of land in corn, potatoes and vegetables, and I think where De Burg was used that my crops were much the best."

Wm. T. Skirven, Esq., Kent co., says: "There was a manifest difference in the growth of the corn where I applied "De Burg" over that which was guanoed.—The wheat sown with "De Burg" looked better than my guanoed wheat."

☞ Every lot we receive is inspected and analyzed by the Chemist to the Md. Agricultural Society, who draws samples for himself from entire cargo, and rejects all that does not come up to the fixed standard, thereby guaranteeing to the farmer uniformity not to be found in any guano or other manure.

The best proof of the value of this fertilizer as entertained by the agricultural community is the greatly increased demand for it, which is beyond precedent of any other manure. In consequence of which many imitations have been put on the market. Farmers should be particular and buy none but "De Burgs Super Phosphate" and to secure the genuine article, order it direct from us. Price $43 per 2000 pounds, in 8 bbls.
