ATTENTION FARMERS!
Guano excelled by 'De Burg'

The great advantage De Burgs Super Phosphate has over Guano, is attributed to the large amont of fertilizing matter, Phosphates and Ammonia, which it contains.

It is a settled point with all chemist and scientific farmers that Peruvian Guano only supplies about one half of the phosphates that is required to grow wheat, rye, oats, corn, vegetables, &c., and that is the reason that land becomes exhausted and impoverished by its continued application. Whereas De Burgs Super Phosphate supplies more than is required, by the crops, and is quite as effective in its action of inducing early maturity as guano, much more durable and fertilizing to the soil and less volatile.

It is adapted for all crops and all soils, as a proof, we have testimonials from Maland to Georgia, and from *every county in this State*, from every variety of soil, and from gentlemen well known as intelligent farmers—some of whom have tried it for two years on fall and spring crops with pleasing results, in every instance. We name Hon. J. A. Pearce, G. W. T. Perkins, L. M. Strong, J. Urie, W. W. Stephens, Wm. Emory, T. D. C. Ruth, Esqs., and many others.

Francis Cann, Esq. says: "I never had so fine a field of corn as I have at present. The corn and potatoes grown by "De Burg" were much superior in quality and quantity to those grown by No. 1, Peruvian Guano, at the same rate per acre. I think it the best fertilizer I ever tried and cheaper than guano."

Josiah Ringgold, Kent co. says: "I applied De Burg and Peruvian Guano separately, each at the rate of 200 lbs. per acre, on same quality of land in corn, oats and vegetables, and I think where DeBurg was used that my crops were much the best."

Wm. T. Skirven, Esq., Kent co., says: "There was a manifest difference in the growth of the corn where I applied "De Burg" over that which was guanoed.—My wheat sown with "De Burg" looks better than my guanoed wheat."

☞Every lot we receive is inspected and analyzed by the Chemist to the Md. Agricultural Society, who draws samples himself from entire cargo, and rejects all that does not come up to the fixed standard, thereby guaranteeing to the farmer a uniformity not to be found in any guanoor other manure.

The best proof of the value of this fertilizer as entertained by the agricultural community is the greatly increased demand for it, which is beyond precedent in any other manure. In consequence of which many imitations have been put upon the market. Farmers should be particular and buy none but "De Burgs Supher Phosphate" and to secure the genuine article, order it direct from us.

Price $43 per 2000 pounds, in 8 bbls.

J. J. & F. TURNER,
42 Pratt st. Balt.

☞Send and get analysis and testionials.
