CORN AND COB MILL.

THE undersigned has been appointed agent for the sale of this superior mill which he will sell at the city price. Advantages of the Young American or Excelsior mill over all others.—1st, great strength and durability, 2nd, simplicity—having only one set screw to graduate the quality of grinding, which renders it so simple that it may be managed by any ordinary farm hand; 3rd, it will grind more corn or corn and cob in the same time, and of the same quality, than any other mill in use of the same size; 4th, economy, that part of the mill which is most liable to wear being made separate from the main body of the machine, can be renewed when worn out at the small cost of $3. Thus, in the Young America or Excelsior mill, we present the best, cheapest, and most durable mill ever offered to the farmer. This mill is of larger size and greater capacity than any other mill sold at the same price.

Price $50, with a discount of 5 pr. ct. off for cash, including an extra set grinding plates, which renders it equal to two entire mills, for $50 and new plates can be furnished at the small cost of $3 per set, which can be attached in the same manner that new points or shares are put to a plough, when the old ones are worn out; delivered in any part of the county.
