☞ The official vote for Mayor of Baltimore gives SWANN, Amer., 1,668 maj.

THE ELECTIONS.—On Tuesday last elections were held in Pennsylvania, Ohio and Indiana.

PENNSYLVANIA.—In this State there were but two tickets—Union and Democratic. The Union or anti-Democrat party is reported to have carried the State by five thousand majority; but the reports and despatches are so contradictory that we can give no positive returns.

OHIO.—The Republicans have carried this State by from 25,000 to 30,000 majority.

INDIANA.—This State is claimed by the Democracy.

THE VOICE OF A PATRIOT.—In a private letter received a few days ago from Mr. Fillmore, by a gentleman of Georgia the following characteristic language occurs:—"*Whatever may be my fate, personally, is not worth a thought, if the integrity of the Constitution can be maintained, and we can transmit this glorious heritage unimpaired to posterity.*" This language is worthy of Millard Fillmore.

THANKSGIVING DAY.—The Governor of Maryland, as will be seen by his Proclamation in another column, has set aside the 20th of November, as a day of thanksgiving and prayer.

☞ The Cattle Show of the Maryland State Agricultural Society commences on Tuesday next.

TRUE AS PREACHING!

BUCHANAN WHIGS.—Alexander the Great was told that there was in his army a man of his own name, a most notorious coward. He immediately sent for him and commanded him either to fight bravely or to change his name.

So say we to those men who, professing to be Whigs, yet fight for James Buchanan. There is not in nature, there never was, and there cannot be such a thing as a Buchanan Whig. You had just as well ell us of an honest rogue, or a devout infidel, or a white blackmoor, or a cold fire or any other contradiction, as of a Buchanan Whig. If a man is for Buchanan he cannot be a Whig. It were as well to say that a man can serve two masters. He that is not for us is against us. We protest, therefore, against such men as Choate and others we could name, still calling themselves Whigs, while they refuse to support a Whig nomination. As well might Benedict Arnold, after he had received the wages of treachery, call himself an American General. There is no middle ground. The Buchanan man must un-Whig himself at once, and never expect to be admitted into the Whig rank again. He must go entirely over; he cannot be allowed to stop by the way.

A short time since there might have been some excuse for Whigs going over to Buchanan. There was no Whig candidate in the field; the Whig party itself was in a state of suspended animation.—Now there can be no excuse. The Whig banner is in the field. It is upheld by hands that have carried it through the most glorious administration that the country has seen since Washington's time To say that a man can be a Whig and support a candidate to whose whole life has been an uninterrupted series of hostile demonstrations against the Whig party, is to assume a position too absurd to be worthy of any sentiment more dignified than contempt. We protest against any Buchanan man calling himself a Whig.

Drills! Drills!!

KUHNS & HAINES' IMPROVED

GRAIN DRILL.

THE subscribers would respectfully call the attention of the Farmers of Kent county, to the above justly celebrated Machine. It has been thoroughly tested, and wherever introduced has met with the most flattering success, and is fast superceding all others. The following qualities *combined* establish its superiority, and renders it the most desirable Machine for the farmer.

The application of the cupped wheel feeders in combination with the slides, secures more *certainty* and *equality* in sowing the grain. It will sow equally well, wheat, oats and all kinds of small grain with the same hopper and fixtures, requiring but a moment to change it to sowing any kind of grain and any desired quantity per acre, which is done by a single screw at one end of the hopper.

It is of light draft—exceedingly simple in its construction, and not liable to get out of repair.

All that want Drills of the subscriber the present season will please send in their orders without delay. Every Drill warranted to work well. M. J. HAINES,
