KENT NEWS.

CHESTER TOWN, Md.

SATURDAY MORNING, DEC 20, 1856.

PORK.—A young farmer in Chester Neck, in this county, we learn, recently killed fifteen hogs averaging 228 lbs.; the heaviest 526 lbs.

CORRECTION.—We published, last week a communication of a political character, signed "Lower District," and by some inadvertence we omitted a whole page of the manuscript, thereby destroying the connection. We publish it entire this week on our first page, and advise a perusal of it. We should be pleased to hear from this new writer often.

CONVEYANCE.—We understand that some of the conveyances for lands under the new law, which authorized an abridgement of the old forms, are defective in important particulars. There is a medium between the length of one and the brevity of the other, which might be more safely adopted. It is said that "truth lies between extremes"—and we presume the principle will apply as well to legal as to other forms of business transactions.

☞ General John A. Chapman an eminent citizen of Maryland, and President of the Whig National Convention of 1852, died on Wednesday, at his residence in Charles county.

PREVENTIVE OF SCARLET FEVER.—A correspondent of the Boston Post suggests a simple preventive of scarlet fever. He says:

"Globule of *Belladonna*, taken every morning, by each and every member of a family—adults, children, servants and all inimates—will certainly prevent the —*spread* of this dreadful disease in every household that may adopt it, as certain as vaccination will prevent the small pox. Ten cents will purchase a year's supply of any of our Homœopathists A wet finger applied to a globule and placed upon the toung of a child or adult is all that is necessary to be done to prevent the spread of this disease."

"No! I HAVE NOT BEGUN TO FIGHT!"

Such was the language of Paul Jones, when the British commander asked if he had surrendered! Although his deck was slippery with blood, his ship on fire, his guns dismnunted, and his colors shot away, Paul Jones, with an immortal heroism kept up the battle. "Do you surrender?" shouts the English captain, when he saw that the colors of the "Bon Homme Richard" were gone from the mast-head. There was a lull in the conflict for an instant,

"And the boldest held his breath,"

as Paul Jones, covered with blood and powder stains, waved his sword and gave his memorable answer: *"No! I have not begun to fight!"* And the result was that the battle changad, and in a few moments the British ship struck, her colors and surrendered, and Paul Jones leaping from his own singing vessel, stood victorious upon the royal deck!

This is the position of the American party. When our enemies, in view of the recent defeat of our candidate for President, ask us if we surrendered, our response is that "we have not yet begun to fight!" The American Party never surrenders, but will fight on, fight ever, in the good cause, until victory perches upon our banners.—*Clipper.*

Removal of Judge Lecompte and Marshall Donaldson of Kansas—Their Successors Appointed.

WASHINGTON, Dec. 17.—The truth o' the rumor of the removal of Judge Lecompte is now confirmed by the nomination by the President to the Senate of James O. Harrison, of Kentucky, as Chief Justice of the Supreme Court of Kansas. The recent proofs and representations of Gov. Geary, determined the course of the administration in the premises.

Wm. Spencer has likewise been nominated as Marshal of Kansas, vice Marshal Donaldson, removed.

ELECTION IN MOILE.—A few days ago, a muncipal election was held in the city of Mobile Ala. A regular straight out Democratic ticket was in the field, but the Americans carried for their candidates seven out of the eight wards of the city. The Advertiser says: "We can say to our friends abroad, that whether or not 'Americans rule America,' it is very certain that they hold and mean to keep possession of the goodly city of Mobile."

HON. KENNETH RAYNER.—A meeting of the American party was held in Elizabeth City, N. C., on the 2d instant, to condemn the recent unjustifiable attacks upon the Hon. Kenneth Rayner, by his political opponents, and to express the continued confidence of the American party of Pasquotank county in his ability, integrity and devotion to the Union of the States and to the rights of the South.

For the Kent News.

"CHARITY!"

DEAR MR. EDITOR:—It appears that the manner in which the announcement of the Annual Commencement of Harris' Vocal Gymnasium appeared in your last number, created not a little gossip

It seems that there are a few *interested* individuals who are determined to paralize their vocal organs, and to exhaust their last drawn breath in opposition to the purposes for which this Exhibition was announced.

These Exhibitions are given annually, at an expense varying from ten to thirty dollars, which is paid by a few individuals, and all money collected by them is applied to charitable purposes without appropriating a farthing to the liquidation of the expenses.

Now, when they announce that they have a pump to pay for, they do not wish the public to think that it is an individual debt, but that it is a public debt, a debt in which every one should take an interest, and a debt *contracted for charitable purposes.*

What is charity? Does it consist in merely cramming the "beaks" of paupers with food? God forbid! Charity has ends to accomplish that are higher, nobler, purer, holier than this! Are not Common Schools charitable Institutions?—Surely it was the spirit of Charity operating on our hearts that first erected them; and the same spirit prompts us to contribute our mite annually for their support.

This school is open for all. Some from other Districts and even from other counties attend it; and it is encouraged and supported by a few individuals, among whom are some that receive no benefit whatever. They do it cheerfully, and through pure motives of charity.

Now, is it not absurd and ridiculous in men, who are noted for their parsimony, to prate about Charity, and to try to foil the designs of gentlemen, who are particularly distinguished for their benevolent dispositions? Bah!

If the erection of a pump for a public School, where the poorest have a right to attend, and which is free to every passer-by, and at the service of hundreds during "camp-meetings" is not charitable, then I must confess my ignorance of the present acceptation of the word!

GREENHORN.

CONVERSIONS TO PROTESTANTISM. A London paper of November 29th says:

"The movement towards Protestantism in Bohemia, Moravia and Austrain Silesia is becoming daliy more immense and overwhelming; whole families, in all their branches, simultaneously embracing the Lutheran creed, and leading others in the same rout, to the consternation of the Roman Catholic elergy, who are striving by every possible means to stop the current. It appears that the recent concordat with the Pope, which disgusts the more intelligent inhabitants of these countries, is the dominant cause of this movement."

OLD TIMES REVIVED.—The *Diamond State* says, the Milford Hotels have opened their bars for the sale of the "article" Smoothface decanters, well filled, have again taken their old stand to tempt the oppetite of those fond of the critter. As a general thing the law has been well observed by our citizens, and as it is now virtually repeald by the people there are none to censure its sale—*Smyrna Times*

DYING TO GET RICH.—A New York correspondent writes:—"One of our rice merchants—a man of the fortune of a million and a half a resident on the Fifth avenue—connected with one of the first houses in New York, was carried to the Insane Hospital. He is another illustration of what our City show in many lamentable cases of the danger of over attention to business."
