AUCTION SALES

TRUSTEE'S SALE.

BY virtue of an order of the Circuit Court for Kent county, in Equity, the undersigned, as Trustee, will expose to public sale to the highest bidder, on

TUESDAY,

THIRTIETH DAY OF DECEMBER, 1856, at the Tavern Porch of John McDaniel, Esq., in Chestertown, at eleven o'clock, A. M. All that

FARM

Or Plantation,

lying in Swan creek, in Kent county, adjoining the lands of the Rev. Wm. Dale, Mrs. Gamble, and Hiram Jones, deceased, and near Rees' Corner, commonly called *"PAGE'S PURCHASE,"*

containing

143 Acres,

3 Roods, 15 Perches,

More or Less, and a

WOOD LOT,

in the vicinity, containing

24 Acres,

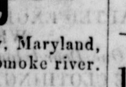

and 1 Rood; and used with the Farm,—formerly the property of the late Mrs. Emeline G. Reed, and which descended in fee to her children.

The Soil of the Farm is kind and good and where ever Lime and other Fertilizers have been applied, produces well. A moderate application of Lime, would cause it to produce liberally.

The surrounding lands are among the finest in the county, and the neighborhood is one of the very best. This property is convenient to two good landings, to stores, Post-Office, Smiths, Cartwrights, schools and Churches.

The

Buildings,

are small, although new, and an improvement in the land, which can be easily made, will require an enlargement of them.

Dr. L. M. Ricaud, Mr. Dale, Mr. Merrit Miller, Mr. Rees, or any gentlemen *in* the neighborhood can give any information that may be desired, and no doubt will offer any facility in their power to strangers, to examine the premises.

The Terms of Sale,

As prescribed by the Decree, are, that the purchaser shall give bond to the Trustee with approved security for the payment of the purchase money in three equal instalments—in Six, Twelve and eighteen months, from the day of sale, with interest from the first day of January, 1857.

DWELLING

House, and abundant OUT-HOUSES for servants and all the purposes of the farm, all in good order and repair.

The location of the land is such that the Farm can, if desired, be well divided into two or even three farms, with a river front to each. The society in the neighborhood is good. KRAUSERS PORTABLE CIDER MILL.

THESE superior Cider Mills can still be furnished, of improved construction and finish. Their grinding apparatus is peculiar and give them an advantage over all other mills. By the action of two reciprocating pistons the apples are forced up against the teeth of a rapidly revolving cylander and retained till ground to a fine pulp, which of course yields more juice when subjected to pressure than if the pomace was coarse. The screw press has been greatly improved and strengthened since last year and the whole frame is tightened by strong joint bolts. It is adapted to either hand or horse power and can be worked by hand to the extent of six to eight barrels in a day.

ATTENTION FARMERS!

Guano excelled by 'De Burg.

The great advantage De Burgs Super Phosphate has over Guano, is attributed to the large amount of fertilizing matter, Phosphates and Ammonia, which it contains.

It is a settled point with all chemist and scientific farmers that Peruvian Guano only supplies about one half of the phosphates that is required to grow wheat rye, oats, corn, vegetables, &c., and that is the reason that land becomes exhausted and impoverished by its continued application. Whereas De Burgs Super Phosphate supplies more than is required, by the crops, and is quite as effective in it action of inducing early maturity as guano, much more durable and fertilizing to the soil, and less volatile.

It is adapted for all crops and all soils, as a proof, we have testimonials from Maland to Georgia, and from *every county in this State*, from every variety of soil, and from gentlemen well known as intelligent farmers—some of whom have tried it for two years on fall and spring crop. with pleasing results, in every instance. We name Hon. J. A. Pearce, G. W. T. Perkins, L. M. Strong, J. Urie, W. W. Stephens, Wm. Emory, T. D. C. Ruth, Esqs., and many others.

Francis Cann, Esq. says: "I never had so fine a field of corn as I have at present. The corn and potatoes grown by "De Burg" were much superior in quality and quantity to those grown by No. 1, Peruvian Guano, at the same rate per acre. I think it the best fertilizer I ever tried and cheaper than guano."

Josiah Ringgold, Kent co. says: "I applied De Burg and Peruvian Guano separately, each at the rate of 200 lbs. per acre, on same quality of land in corn, oats and vegetables, and I think where DeBurg was used that my crops were much the best."

Wm. T. Skirven, Esq., Kent co., says: "There was a manifest difference in the growth of the corn where I applied "De Burg" over that which was guanoed.—My wheat sown with "De Burg" looks better than my guanoed wheat."

☞ Every lot we receive is inspected and analyzed by the Chemist to the Md Agricultural Society, who draws samples himself from entire cargo, and rejects all that does not come up to the fixed standard, thereby guaranteeing to the farmer a uniformity not to be found in any guanoor other manure.

The best proof of the value of this fertilizer as entertained by the agricultural community is the greatly increased demand for it, which is beyond precedent in any other manure. In consequence of which many imitations have been put upon the market. Farmers should be particular and buy none but "De Burgs Supher Phosphate" and to secure the genuine article, order it direct from us.

Price $43 per 2000 pounds, in 8 bbls.
