ATTENTION FARMERS!

Guano excelled by 'De Burg.

The great advantage De Burgs Super Phosphate has over Guano, is attributed to the large amont of fertilizing matter, Phosphates and Ammonia, which it contains.

It is a settled point with all chemist and scientific farmers that Peruvian Guano only supplies about one half of the phosphates that is required to grow wheat rye, oats, corn, vegetables, &c., and that is the reason that land becomes exhausted and impoverished by its continued application. Whereas De Burgs Super Phosphate supplies more than is required, by the crops, and is quite as effective in it action of inducing early maturity as guano, much more durable and fertilizing to the soil and less volatile.

It is adapted for all crops and all soils, as a proof, we have testimonials from Maland to Georgia, and from *every county in this State*, from every variety of soil, and from gentlemen well known as intelligent farmers—some of whom have tried it for two years on fall and spring crop. with pleasing results, in every instance. We name Hon. J. A. Pearce, G. W. T. Perkins, L. M. Strong, J. Urie, W. W. Stephens, Wm. Emory, T. D. C. Ruth, Esqs., and many others.

Francis Cann, Esq. says: "I never had so fine a field of corn as I have at present. The corn and potatoes grown by "De Burg" were much superior in quality and quantity to those grown by No. 1, Peruvian Guano, at the same rate per acre. I think it the best fertilizer I ever tried and cheaper than guano."

Josiah Ringgold, Kent co. says: "I applied De Burg and Peruvian Guano separately, each at the rate of 200 lbs. per acre, on same quality of land in corn, oats and vegetables, and I think where DeBurg was used that my crops were much the best."

Wm. T. Skirven, Esq., Kent co., says: "There was a manifest difference in the growth of the corn where I applied "De Burg" over that which was guanoed.—My wheat sown with "De Burg" looks better than my guanoed wheat."

☞ Every lot we receive is inspected and analyzed by the Chemist to the Md Agricultural Society, who draws samples himself from entire cargo, and rejects all that does not come up to the fixed standard, thereby guaranteeing to the farmer a uniformity not to be found in any gu anoor other manure.

The best proof of the value of this fertilizer as entertained by the agricultural community is the greatly increased demand for it, which is beyond precedent in any other manure. In consequence of which many imitations have been put upon the market. Farmers should be particular and buy none but "De Burgs Supher Phosphate" and to secure the genuine article, order it direct from us,

Price $43 per 2000 pounds, in 8 bbls.

J. J. & F. TURNER,
42 Pratt st. Balt.

☞ Send and get analysis and testimonials.

Feb. 23, 1856—tf

JOSEPH Y. FORD,

A. BARKER'S'

DOUBLE ACTING

FORCE AND LIFT PUMP

IS acknowledged to be the most simple in construction, efficient in operation, less liable to get out of order, and more durable than any pump yet invented.

The World's Fair, London, gave Mr. Barker the complimentary medal, and the Pennsylvania State fair, on two occasions, awarded the pump the first premium.

In cases of fire, the Barker Fire Engine Pump has proved itself invaluable On several occasions persons, by having this pump on their premises, have saved their property from the devouring flames.

The Scientific American, of August 14th, 1852, says: "In our humble judgment Barker's Double acting pump is one of the best improvements which has been made in a great many years, and, in saying this, we express the opinion of many who have used the pump and are now using it. The pump was patented last February, and the claims were broad strong and reliable."

References to the following gentlemen: Samuel Baker, Richard S. Thomas. John McDaniel.

You can see these pumps work at any of the places we have a number engaged to put in.

The undersigned have bought the patent right for Kent county; any gentleman wishing a pump put in can drop a note to

BENJAMIN ELLIOTT,
Chester Town, Kent county, Md.,
or to THOMAS RASIN,
Still Pond, M

Sash and Planing Mill.

PORT DEPOSIT, CECIL COUNTY, MD.

WE the undersigned have rebuit our Factory and are now in full operation. Our Buildings are fire proof and our Machinery of the latest and improved patterns.

Owing to our advantages in in improved machinery, situation of our Factory, (being at one of the largest Lumber Markets in the United States,) and our arrangements for purchasing Lumber and Material from first hands, we think we can offer inducements surpassed by no other Factory. We earnestly solicit the attention and extend our invitation to all Builders, Carpenters &c., &c. to give us a call and examine our work and prices before purchasing elsewhere.

We manufacture to order and keep on hand Frames of all kinds and sizes, such as Door Windows, Sidelights, &c. &c. Doors, Sash, Shutter, Blinds, Inside Blinds, &c., Washboards, Architraves, Mantles, Wing Mouldings, of all patterns in use. Brackets and all kinds of scrol Sawing and Turning to order.

Our work is of the very best material, well seasoned, as we make no second class work. We have for sale dressed seasoned Floring of all kind such as *Yellow* Pine, Norway, white Pine and Hemlock, Weatherboarding faced jointed and ribbeted.

We have on hand and for sale, a large stock of Hardware for houses, Carpenters Tools, Paints Oil and Window Glass of all kinds purchased from the Manufactures, and sold at city prices We furnish Sash, Prime and Glaze in the best style and at moderate prices; work primed if ordered.
