Farmers, Read!

THE undersigned having been appointed by Gilbert & Rittenhouse, as agent, to sell their
Railway Horse Power & Thresher,
in this county, made at Norristown, Penn., and is the strongest and cheapest machine ever offered in this market. The great saving of labor, in using the Railway, is quite an item, at present. Four hands and two horses can thresh and put away a hundred and twenty to thirty bushels of wheat in a day—we have done it.—I have been working one for two years and never expect to use any other kind.
Price of a two horse Power and Thresher, Shaker and Bands, all complete, $150—one horse Power, all complete, $120.
Persons wanting one will let me know one month before they wish it delivered.

The location is high, level, and healthy bounded upon one side by the creek, which abounds in Fish and Terrapin. There are two fisheries, and a good granary upon the Creek.
The farm is situated imediately upon the county road, being three quarters of a mile from the rail road.
