THE HIGH PRICES.

NOTWITHSTANDING the high price of every article bought and sold, by taking much pains and buying exclusively for cash, I am enabled to sell all goods in my line for the smallest possible advance, and while it is true, that all good gold articles, such as Fine Pins, Ear-rings, Sleeve Buttons, Studs, Gold Specks, &c., of which I have a good assortment, have advanced with gold considerably, yet I am selling them in most instances for less than they can be bought in the city, having purchased much of them when gold was only 60 per cent.

I have just returned from Philadelphia with an additional stock, making the fourth time this year, and there is scarce any article to be found in a jewelry store in the city that I have not on hand, commencing with a Clock and running down to the smallest pen-knife. Cutlery of all kinds, Pocket Books, Combs, &c.

A good assortment of all kinds of PLATED GOODS, and we want you to remember that we do not misrepresent as many do, and sell plated goods for genuine, but we warrant all goods to be as represented when sold, and all you have to do is to ask what they are.

REPAIRING.—Having worked constantly at the business for more than 18 years, we feel confident that we are fully prepared to do all kinds of Repairing in the best manner.

Call and see for yourselves.

SEQUEL TO THE HERMIT AND DUCK.

BY THE BARD OF MARBLE HALL.

Time rolled along like the brook by the deer,
And the boy grew up to a man;
Now the Hermit had promised him often before
To take him to Baltimore then.

So one morning when fell Indian summer's deep haze
O'er the forest all stripped of its leaves,
And the sun looked aloft like a world in a blaze
And the wind gently moaned of its griefs;

The hermit and youth started Baltim reward,
While the fresh-hearted youth in delight
Runs ahead and then back o'er the moss-covered sward,
Till he's weary and foot-sore at night.

The first thing they saw when they entered the street,
Was a lady in full walking dress,
With a smile on her face most bewitchingly sweet,
That seemed lurking in each raven tress.

"What is that," said the youth, "'tis an angel I know,
This is heaven! we've got there! good luck!"
"Now don't be a fool," said the hermit, "I trow
"Your angel is only a duck."

"Oh! we'll take a pair home," said the youth with delight,
"Let me catch it and pat its sleek head,
What a quack for a duck! as she screamed with affright,
What a waddle! he said as she fled.

The duck in good order 'fell back' very fast,
And the youth still kept up the chase,
Till he reached *No. 40 West Baltimore street,*
And he now is "the Bard" of the place.

For you see the lady ran into MARBLE HALL to claim protection, and the youth followed in his innocent pursuit. Messrs. SMITH BROS. explained to the youth his mistake, and gave him a NEW SUIT OF CLOTHING to buy him off. He has since given up chasing ducks and gone to writing "Machine poetry" for Messrs. Smith Bros. & Co. Marble Hall Clothing House, No. 40 West Baltimore St., who have the largest, best and cheapest stock of *thoroughly sponged* Ready Made Clothing in the City. Also a heavy stock of Piece Goods, which they make to order quickly, neatly and durably. o15.

BAUGH'S RAW-BONE PHOSPHATE,

UNSURPASSED FOR PRODUCING A

Heavy Growth of Wheat and Grass,

AND ALL FALL CROPS, AND PERMANENTLY ENRICHING THE SOIL.

IT CONTAINS the fertilizing properties of Guano, Bone, Stable Manure and Lime.

Producing in many cases larger crops by fifty per cent. than either of the above articles, when used separately.

It is a highly concentrated manure, being made from Bones containing all their original animal matter. No Burnt Bones are used.

It has been used by thousands of farmers in this State, with the highest satisfaction. It has proved a perfectly reliable substitute for "Peruvian Guano," being sufficiently quick in its action on the crops, and in all cases enriching the soil, and it is permanent in its effects.

The demand last Spring was greater than the supply. It would be well, therefore, for farmers to send in their orders early, either to the subscriber or to any of his agents, from whom circulars can be obtained, giving a list of many persons who have used it, and certificates.

Price in Baltimore $75 per 2000 lbs., cash.

FOUTZ'S Celebrated Horse and Cattle POWDERS.

HORSES. CATTLE.

THESE Powders have proved, after a trial of several years, to be superior to any preparation of the kind in use.—The chief superiority of these Powders arises from the fact that they are composed of Medicines that have Laxative, Tonic and Purifying properties. The Laxative ejects crudities from the stomach and intestines, the Tonic gives strength to the system of the Horse, and the purifying medicines contained in them cleanse the blood, and lay the foundation for a healthy and vigorous circulation. The use of them improves the wind, strengthens the appetite and gives the horse a fine, smooth and glossy skin—thus improving the appearance, vigor and spirit of this noble animal. These Powders are not intended, as most powders are, to bloat the animal, so as to give him the appearance of being fat when not really so—but, to remove the disease and promote his general health.

These Powders will strengthen the stomach and intestines, cleanse them of offensive matter, and bring them to a healthy state. They are a sure preventive of Lung Fever, and a certain remedy for all diseases of the Horse, as Glanders, Yellow Water, Distempers, Founder, Heaves, Slavering Coughs, Fevers, Loss of Appetite, and Vital Energy, &c. These Powders, if used two or three times a week through the winter and spring, your horses will never get the Lung Fever, Colic or Botts. A few doses of these Powders will remove the worst cough on any horse. Were owners of Horses to feed a few doses of these Powders every year they might save the lives of many valuable Horses.

MILCH COWS.

The properties this Powder possesses in increasing the quantity of Milk in Cows give it an importance and value which should place it in the hands of every person keeping a Cow. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

HOGS.

In all diseases of Swine, as Coughs, Ulcers in the Lungs and Liver, &c., by putting from half a paper to a paper of these Powders in a barrel of Swill, the above diseases can be cured or entirely prevented. By using these Powders the Hog Cholera can be prevented. Prepared by

"MOUNT PLEASANT,"

Containing TWO HUNDRED AND SEVENTY ACRES OF LAND. There have been ten thousand bushels of Schuylkill lime applied to the land. One of the fields has been limed a second time over.

The Farm now is laid off in four fields, with a running stream of water through each, and there can be five or six acres of meadow land attached to each field. It could be laid off into five fields to great advantage. The fencing is in good condition.

THE DWELLING HOUSE

is small but very comfortable, in good repair, and the Out-Buildings in good order. The Water is as good as any man can wish for. There are from

900 TO 1,000 PEACH TREES

on the farm, in full bearing, five and six years old. Also, 100 APPLE TREES, three years old of different varieties of choice fruit, and 25 do., in bearing, six years old.

The Farm lies within three quarters of a mile of two Churches, Episcopal and Methodist; within a mile and a half of a school house; within a half mile of a saw mill, and within three quarters of a mile of a Grist Mill. It is also within one mile of a good Landing on Still Pond Creek, and within three miles of the Chesapeake Bay.

Possession given January 1st, 1865.

THE subscriber offers at private sale, or for rent, the place on which he now resides, situated on Swan Creek, formerly called Page's Point, and now known as Humphrey's Point, containing *TEN ACRES*, more or less, of EXCELLENT LAND.

The Improvements consist of a substantial and commodious two-story

Oysters and Fish may be had in abundance. There are on the premises small Apple, Peach, and English Walnut Orchards. It is a good stand for a store, and a profitable business might be done.

There is a large Granary and good WHARF on the premises, affording every facility for running grain and marketing of all kinds to the city of Baltimore, distant only about twenty-five miles.

It is an excellent location for a Canning Establishment, for either Oysters or Fruit, or both. There are many fine Peach Orchards in the vicinity, and fruit in abundance could be obtained at reasonable prices; and Oysters also, which can be delivered at the wharf. The advantages of the situation for a business of this kind cannot be too highly appreciated. Possession can be given at any time.
