FOUTZ'S
Celebrated Horse and Cattle POWDERS.

HORSES. CATTLE. HOGS.

THESE Powders have proved, after a trial of several years, to be superior to any preparation of the kind in use.—The chief superiority of these Powders arises from the fact that they are composed of Medicines that have Laxative, Tonic and Purifying properties. The Laxative ejects crudities from the stomach and intestines, the Tonic gives strength to the system of the Horse, and the purifying medicines contained in them cleanse the blood, and lay the foundation for a healthy and vigorous circulation. The use of them improves the wind, strengthens the appetite and gives the horse a fine, smooth and glossy skin—thus improving the appearance, vigor and spirit of this noble animal. These Powders are not intended, as most powders are, to bloat the animal, so as to give him the appearance of being fat when not really so—but, to remove the disease and promote his general health.

These Powders will strengthen the stomach and intestines, cleanse them of offensive matter, and bring them to a healthy state. They are a sure preventive of Lung Fever, and a certain remedy for all diseases of the Horse, as Glanders, Yellow Water, Distempers, Founder, Heaves, Slavering Coughs, Fevers, Loss of Appetite, and Vital Energy, &c. These Powders, if used two or three times a week through the winter and spring, your horses will never get the Lung Fever, Colic or Botts. A few doses of these Powders will remove the worst cough on any horse. Were owners of Horses to feed a few doses of these Powders every year they might save the lives of many valuable Horses.

MILCH COWS.

The properties this Powder possesses in increasing the quantity of Milk in Cows give it an importance and value which should place it in the hands of every person keeping a Cow. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

HOGS.

In all diseases of Swine, as Coughs, Ulcers in the Lungs and Liver, &c., by putting from half a paper to a paper of these Powders in a barrel of Swill, the above diseases can be cured or entirely prevented. By using these Powders the Hog Cholera can be prevented. Prepared by
S. A. FOUTZ & BROTHER,
Wholesale Druggists,
No. 116 Franklin Street, Baltimore.

For sale by SIMON WICKES and JOHN L. STAM, Chestertown, JOSEPH P. IRELAND, Galena, and Druggist & storekeepers throughout the United States.

Dorsey's Harvester
For 1865.

WE are prepared to furnish the Farmers of Maryland with DORSEY'S DOUBLE-GEARED, IRON FRAME, SELF-RAKING REAPER AND MOWER.

The rapid increasing popularity of this Machine justifies us in saying that it bids fair to outstrip all its competitors in harvesting grain or grass. After years of labor and experiment, this machine has reached its present state of perfection; there will be over 2,500 used this harvest. For lightness of draft and amount of work done it has no equal—in fact, the only Self-raker of any importance in use. The combination of Reaper and Mower has long been the great *desideratum* of all machine builders, and in this it has fully met all expectations, easily adjusted to cut from 10 inches down to 1½ inches.

All in want of a Reaper and Mower will give us an early order at Matthews' Store, Howard county, Maryland.

GROVER & BAKER

181 Baltimore Street,
BALTIMORE.

Buy a good one or none.—Many absolutely worthless sewing-machines are now before the public, to purchase which would result in nought but vexation and disappointment to the owner. A *cheap* sewing-machine generally proves a *dear* bargain. *Grover & Baker's* have stood the test for many years; and but one opinion prevails as to their worth. The advantages they possess for Embroidering, Braiding, Hemming, &c., and their wonderful simplicity renders them the best in use. What other machine will embroider so beautifully, braid so elegantly, hem so faultlessly, quilt so evenly, stitch so accurately, gather so regularly, operate so easily? *None,* we conscientiously affirm.

BAUGH'S
RAW-BONE PHOSPHATE,
UNSURPASSED FOR PRODUCING A
HEAVY GROWTH OF CORN, OATS, POTATOES,
AND ALL SPRING CROPS, AND PERMANENTLY ENRICHING THE SOIL.

IT CONTAINS the fertilizing properties of Guano, Bone, Stable Manure and Lime.

Producing in many cases larger crops by fifty per cent. than either of the above articles, when used separately.

It is a highly concentrated manure, being made from Bones containing all their original animal matter. No Burnt Bones are used.

It has been used by thousands of farmers in this State, with the highest satisfaction. It has proved a perfectly reliable substitute for "Peruvian Guano," being sufficiently quick in its action on the crops, and in all cases enriching the soil, and it is permanent in its effects.

It would be well for farmers to send in their orders early, either to the subscriber or to any of his agents, from whom circulars can be obtained, giving certificates.
