U. S. 7-30 LOAN.

THE sale of the first series of $300,000,000 of the 7-30 Loan was completed on the 31st of March, 1865. The sale of the second series of Three Hundred Millions, payable three years from the 15th day of June, 1865, was begun on the 1st of April. *In the short space of thirty days, over One Hundred Millions of this series have been sold*—leaving this day less than Two Hundred Millions to be disposed of. The interest is payable semi-annually in currency on the 15th of December and 15th of June by Coupons attached to each note, which are readily cashed anywhere. It amounts to

One cent	per day	on a $50	note.
Two cents	" "	$100	"
Ten	" "	$500	"
20	" "	$1000	"
$1	" "	$5000	"

More and More Desirable.

The Rebellion is suppressed, and the Government has already adopted measures to reduce expenditures as rapidly as possible to a peace footing, thus withdrawing from market as borrower and purchaser.

This is the **Only Loan in Market** now offered by the Government, and constitutes the

Great Popular Loan of the People.

The 7-30 Notes are convertible on their maturity, at the option of the holder, into

U. S. 5-20 Six per Cent.

GOLD BEARING BONDS,

Which are always worth a premium.

Free from Taxation.

The 7-30 Notes cannot be taxed by Towns, Cities, Counties or States, and the interest is not taxed unless on a surplus of the owner's income exceeding six hundred dollars a year. This fact increases their value from one to three per cent. per annum, according to the rate levied on other property.

Subscribe Quickly.

Less than $300,000,000 of the Loan authorized by the last Congress are now on the market. This amount, at the rate at which it is being absorbed, will all be subscribed for within two months when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans. *It now seems probable that no considerable amount beyond the present series will be offered to the public.*

In order that citizens of every town and section of the country may be afforded facilities for taking the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

JAY COOKE,
SUBSCRIPTION AGENT, *Philadelphia.*

May 1st, 1865.

Subscriptions will be received by the
FIRST NATIONAL BANK OF BALTIMORE.
