SEWING MACHINES.

GROVER & BAKER
Sewing Machine Co.
181 Baltimore Street,
BALTIMORE.

Buy a good one or none.—Many absolutely worthless sewing-machines are now before the public, to purchase which would result in nought but vexation and disappointment to the owner. A *cheap* sewing-machine generally proves a *dear* bargain. *Grover & Baker's* have stood the test for many years; and but one opinion prevails as to their worth. The advantages they possess for Embroidering, Braiding, Hemming, &c., and their wonderful simplicity renders them the best in use. What other machine will embroider so beautifully, braid so elegantly, hem so faultlessly, quilt so evenly, stitch so accurately, gather so regularly, operate so easily? *None,* we conscientiously affirm.

Send for a Circular with description, prices, &c. Call and examine the machines and work executed by them, at our office,

AGRICULTURAL.

KIRBY'S Combined Reapers and Mowers

AND SINGLE MOWERS.

THESE Reaping and Mowing Machines are PERFECT MOWERS and PERFECT REAPERS Combined. They have perfect Hand Rakes and perfect Self Rakes. The Machine throughout for 1865 is very highly improved. The Self Rake is now admitted to be all right. There is no machine made in America that stands as high to-day as the Kirby does as a combined one. Four large factories are trying to supply the national demand. They are sold in all the States, and are constantly increasing in popularity all over the country. In Maryland, where they have been sold for years, they stand so high that some years the demand could not be supplied. All good Farmers should most certainly have one of these Combined machines. Hundreds of them are now and have been for eight years past doing good work in every county of the State, from the rugged Alleghany to the sun-lit shores of Old Woster. They are made mostly of Iron and Steel, are easy work for two horses; no side draft; Adjustable Reel for both Mowing and Reaping; Flexible Finger Bar, open Guard with Steel Base, side delivery for grain; can reap a field without binding it, as the machine clears itself as it goes.

Farmers wanting these Machines will please order early. Cash Price in Baltimore, Large Combined Reaper and Mower with Hand Rake $160. Self Rake $35. Single Mower $120; each warranted separately. Extra Parts for Repairs always on hand.

For sale by D. M. OSBORNE & CO.

Dorsey's Harvester For 1865.

WE are prepared to furnish the Farmers of Maryland with DORSEY'S DOUBLE-GEARED, IRON FRAME, SELF-RAKING REAPER AND MOWER.

The rapid increasing popularity of this Machine justifies us in saying that it bids fair to outstrip all its competitors in harvesting grain or grass. After years of labor and experiment, this machine has reached its present state of perfection; there will be over 2,500 used this harvest. For lightness of draft and amount of work done it has no equal—in fact, the only Self-raker of any importance in use. The combination of Reaper and Mower has long been the great *desideratum* of all machine builders, and in this it has fully met all expectations, easily adjusted to cut from 10 inches down to 1½ inches.

All in want of a Reaper and Mower will give us an early order at Matthews' Store, Howard county, Maryland.
