Letter from President Johnson.

The London Star says the following letter was addressed by President Johnson to an American gentleman in Berlin:

"EXECUTIVE OFFICE, WASHINGTON, D. C., July 20, 1865.

"*My Dear Sir:*—I thank you for your letter of the 30th June. I shall use my best endeavor to make my administration national, and not partisan. Perverting power or influence to partisan ends is only less criminal than attempting the nation's life. Our nation has come out of its four years' struggle for existence strengthened and purified, and with a capacity for a growth in the future unparalleled in history. I am pleased to hear from so intelligent an observer as yourself that the fact that our Government is a Government of the people—deriving all its power from the people—existing only for the people, is being appreciated in Europe. I trust our national success will prove the success of popular principles throughout the world. I am, sir, very truly yours,

"ANDREW JOHNSON,
"President of the United States."

DESTITUTION IN CHARLESTON, S. C.—The following picture of the destitution in South Carolina presents the legitimate results of four years of secession. It was written by a Sister of Mercy of Charleston:

Every phase of life has been so upturned here, that the once rich, who were wont to assist the poor, are now wretchedly poor themselves, and are grateful for a little of the common necessaries of life when given to them. We have called upon the Northern storekeepers here and received some assistance from them, but we cannot call too often. Few of our own people are able to go into business; none can afford to give at present, though the will is good. Could you see these people as we do, your heart would ache. Sad eyes swimming in tears; little delicate hands, skinned from the washtub, and hearts without hope for the future. I saw last week a lady, one of the wealthiest a short time ago, lying on a miserable pallet, the room without furniture, where she once had every comfort. The house had been stripped of everything; linen, plate, wines, all gone. Her limbs were covered with sores, occasioned by anxiety of mind and poverty of blood; the result of almost starvation.—Were this an isolated case it could be relieved; but, unfortunately, the city abounds in them. The planters for miles around are homeless and are compelled to take refuge in the city, without any means of subsistence.

THE CONSPIRATORS AT THE DRY TORTUGAS.—A letter from the Dry Tortugas denies that Dr. Mudd was assigned to duty as an assistant surgeon, and adds:

Dr. Mudd was ordered to report to the surgeon in charge of the prison hospital. He then had orders to report to Wardmaster Hurd (161st New York infantry,) of prison hospital, for duty as nurse, in place of nurse Thomas, whose sentence has expired. Spangler and O'Laughlin, the latter being a carver by trade, were immediately assigned to duty in the engineer department as carpenters, Arnold is not in good health, and is writing for the Provost Marshal.

A SWARM OF BEES LIGHTING ON A MAN'S HEAD.—The Baltimore Clipper says: A few days ago as Mr. John Crosmore, gardener, residing about five miles from the city on the Philadelphia road, was in the field, having his horses attached to a plow, a swarm of bees passing over concluded to halt, and alighted on the head of Mr. Crosmore, and in his endeavors to save himself and horses from being stung, was injured quite severely by the stinging of the bees, his head swelling up to nearly three times its natural size. One of his horses also was very badly stung. Mr. C. though painfully injured, is in an improved condition.

A conference between Gov. Perry, of South Carolina, and Generals Meade and Gillmore, has resulted in the restoration of the authority of the old judicial and other civil officers of that State. All legal matters in which colored persons are concerned are to be adjudicated in the provost marshals' courts. This is a very decided step towards the entire restoration of civil authority.

CHOLERA IN LONDON.—There is the announcement, by the last steamer from Liverpool, that one hundred and twenty-seven deaths by the cholera had taken place in London, during the preceding ten weeks. It is called English cholera, but the register says it does not differ essentially from the Asiatic and Egyptian kind.

THE "LATEST FASHIONS."—The newest thing out is "plumpers" for hollow-cheeked damsels. The plumper is made of porcelain, pear-shaped in form, flat on one side and bulging out on the other.—They fit on the inside of the cheeks, giving a round, plump appearance; hence, doubtless, their name.

Railroad Meeting.

ALL persons friendly to the construction of a Railroad in Kent County, to connect with the Delaware Road, are requested to meet at the Hotel in Kennedyville on TUESDAY, the 26th day of September, 1865, at 11 o'clock A. M. The objects of the meeting will be to obtain new subscriptions to the stock and to increase old ones; also to consult as to the best means to procure the requisite amount of stock to be taken. Persons holding subscription books will be pleased to carry them to the meeting.

If there shall be general and generous subscriptions the work may be accomplished. It has been estimated by some that the loss in produce and fruit in the last two years in our county, in consequence of having no railroad, would have constructed at least half the contemplated road. GEORGE VICKERS,
Chairman of the last Meeting.
Kent county, Sept. 16, 1865.—tm.

It lies within one and a half miles of Galena, and within two and a half miles of Wilson's Landing on the Sassafras.

FARM FOR SALE.

THE undersigned, on
SATURDAY,
The 30th day of September, 1865,
at the Voshell House, in Chestertown, will sell at Public Sale, their FARM, containing about
SIXTY ACRES OF LAND.

This Farm lies in Quaker Neck, on the North East branch of Langford's Bay; where all the luxuries of our waters may be enjoyed with very little labor or expense. Nearly the whole of this Farm is arable, and has been improved by the use of lime, &c.

The soil is naturally good, and now furnishes ample proof of its adaptation to all grain and fruits. Upon it is a Young Thriving PEACH ORCHARD, which will come into bearing in 1867. For a Fruit and Truck Farm, in reference to character of soil and location, it will most favorably compare with any other Farm on Chester River. It lies within a short distance of a public Steamboat landing on said River.

The Improvements
are a small FRAME DWELLING and some Out-Buildings.

TERMS OF SALE.

The following Terms are proposed, subject to such modifications as may be found desirable: One-half of the purchase money cash on the day of sale, the residue in six and twelve months from that day. The future payments to be secured by bond of purchaser, with approved security, and to bear interest from January 1st, 1866, when possession will be given.

For further particulars consult RICHARD HYNSON, Esq., our Attorney, at Chestertown, Kent county, Md.

RASIN & BENJAMIN.

N. B.—Mr. John W. Apsley owns a Tract of Land adjoining this Farm, containing about 56 Acres, which he will sell at a fair price.

SALE OF
Valuable Real Estate.

ON SATURDAY,
The 30th of SEPTEMBER, 1865,
at the "Voshell House," in Chestertown, at 11 o'clock, A. M., the undersigned will sell at Public Sale, his present residence in Quaker Neck, which is a
Commodious
FRAME DWELLING,
with a STORE HOUSE attached, and about
20 ACRES OF LAND.

This place offers rare inducements to purchase to any one who desires to merchandise or conduct any public business in connection with Farming in a small way. There is a good Stable and other Out-Buildings amply sufficient for the farming purposes of the premises.

It is located in a good, healthy and prosperous neighborhood. The soil is naturally good and well adapted to Peaches, Pears, and other fruits, and is within a mile of a public landing on Chester River, and convenient to places of public worship, schools, &c.

TERMS OF SALE:

These terms are desired by the undersigned, but will be modified sooner than miss a fair sale: One-third of the purchase money to be paid on the day of sale; the residue in six and twelve months therefrom, with interest on future payments from 1st January next, when possession will be given,

For further information consult R. HYNSON, Esq., Attorney, Chestertown, Md.

TAX-PAYERS
TAKE NOTICE!

THE STATE AND COUNTY TAXES FOR 1865, including the Bounty and Public School tax, are now due, and the undersigned Collector for the Second Tax District of Kent county, hereby gives notice that the tax books are in his hands, and the amounts due by the tax-payers are made out, and he is ready to receive them. He most respectfully solicits prompt payment, as the demands upon the Collector for this year, both by the State and county, *will not permit indulgence as heretofore.*

If tax-payers desired, there would be no difficulty in promptly settling their taxes annually, but neglect of duty is often the cause of expense, which in many cases exceed the tax itself. The demands of the State this year, however, must of necessity be met more promptly than heretofore, and the wants of those who have claims against the County will compel the collector to be more rigid in his collections. He hopes, however, that the Tax-Payers will be prompt in their payments and thus avoid the penalty for neglect of duty.

☞ A discount of five per cent. will be allowed on all State Tax paid on or before the first day of September; four per cent. if paid on or before the first day of October; and three per cent. if paid on or before the first day of November, 1865.

For the convenience of Tax-Payers I will be at the office of Henry W. Earnest, Esq., in Chestertown, every TUESDAY, THURSDAY, and SATURDAY.

Being Collector, by law, of the Corporation Tax of Chestertown, it will be necessary for me to receive these taxes at once, on account of the immediate and pressing wants of the town.

WM. H. HAMILTON,
aug5tf. Collector for Second District.

A CARD
To the Farmers of Kent County.

A CUSTOM has obtained in the Grain trade of Baltimore, from which I have suffered, and to which I, as a grain seller, am unwilling longer to submit. It is no uncommon thing for a Commission Merchant to have grain consigned to him and the first intimation he receives that the Grain is in the market is a return made to him by another commission merchant for so many bushels of Grain sold at a price that he does not know whether it is right or not, as he does not see the grain. I suppose the custom originated in this way: when samples of grain are mixed they could not be delivered if sold separately—and in that case the agent having the largest lot has the right to sell, but when grain is separate this is not necessary, except for the convenience of the captain. I do not recognize the right of any captain to hand over to another party without my consent, a sample of grain to sell, that is consigned to me. I prefer to have the control of my own grain, and the privilege of determining myself whether or not it is to my interest or the interest of my customer, to have it sold by another Commission Merchant who has no interest in it.

Farmers who send me their grain to sell are requested in all cases to direct the Captain to deliver me the sample.

B. B. PERKINS,
Commission Merchant,
