The Kent News.

CHESTERTOWN:

SATURDAY MORNING, NOV'BER 11, 1865.

The Election in Kent.

The election in this County on Tuesday resulted in the success of the entire Conservative ticket. Gen. Vickers' majority over Col. Wilkins, for the Senate, is 108, and Mr. Gilpin's majority over Mr. Massey, for Sheriff, is 64. The campaign, though short, was quite animated, the friends of both tickets being sanguine of success, and considerable interest was manifested in the result. The whole vote cast was 1,034, which is something over a hundred less than the number of persons registered. Had all the latter voted, it is believed the majority would have been about the same.

The following is the official vote:

FOR THE STATE SENATE:

	1st	2d	3d	4th	5th	Total

Wilbur F. Massey* was elected County Surveyor without opposition, Charles H. Baker having declined a nomination on the opposition ticket.

THE NEGRO APPRENTICE LAW.—*Judge Bond's Decision Reversed.*—The Court of Appeals has decided that the provisions of the Code of General Laws, under the head of "Negro Apprentices," contained in sections 31 to 40, inclusive, of article six, are legal and constitutional. The questions were raised in a case on appeal from the Circuit Court of Anne Arundel County, and are the same as are presented in the case taken up on a writ of error from the criminal court of Baltimore city in relation to colored apprentices. The decision by Judge Bond of said questions has been reversed by the Court of Appeals, and the binding out of free colored minors by the Orphans' Courts of the State, under the provisions of the Code headed "Negro Apprentices," has been decided by said court to be legal and constitutional.

This decision will put a stop to Judge Bond's judicial officiousness in meddling with the action of our Orphans' Courts in binding out negro children. Some of our citizens have been required to appear before him two or three times to answer for the alleged illegal holding of apprentices which had been legally bound to them by the Orphans' Court of this county. Some third-rate lawyers of Baltimore have also busied themselves in writing threatening letters to our people on this subject, but the latter have generally had the good sense to pay no attention to them.

ADJOURNED RAILROAD MEETING.—An adjourned meeting of the friends of the proposed railroad through our county will be held at Galena to-day, at 11 o'clock. Subscriptions to the amount of twenty-three thousand dollars are yet needed to secure the road, about eighty thousand dollars having been already taken. It is hoped that at the meeting to-day the existing deficiency will be fully met. Four-fifths of the entire amount having been secured, we cannot believe that the landholders of the county, and others interested, will permit the making of the road to be long deferred by reason of the comparatively small investment yet needed.

SALE OF A VALUABLE FARM.—Mr. R. E. Wallis has sold his farm at Howell's Point, containing 444 acres, to Mr. Norris Barnard, of Pennsylvania, at $70 per acre, or $30,000. It is said that Mr. Barnard intends going extensively into the nursery business.

SALES TO-DAY AND NEXT WEEK.—Public attention is called to the following sales:

Nov. 11, to-day—J. N. Usilton, Esq., Agent for J. S. Constable, Horses, Carriage, &c., at the Market House, in Chestertown.

Monday, Nov. 13th—John P. Hartley, near Kennedyville.

Tuesday, 14th—Jas. M. Vandyke, Betterton.

Wednesday, 15th—C. C Wood, adm'r, will sell the personal property of Rebecca and J. A. Wood, dec'd, near Goose Hill.

Thursday, 16th—J. K. Orem, Fairlee Creek.

Thursday, 16th—Mrs. Eliza Riley.

Thos. H. Carville will sell at Church Hill, on Wednesday, 15th, his Farm, and on Thursday, 16th, on the premises, his personal property.

See advertisements.

In Wisconsin negro suffrage was endorsed and the Republican ticket elected.

MARYLAND ELECTION.—The election in this State on Tuesday was principally for County officers. Senators were elected in but two counties, Kent and Dorchester, and they to fill vacancies. In the latter the election of Capt. Wm. Frazier, Union, is conceded over Chas. F. Goldsborough, Conservative, by a small majority, which makes the political complexion of the Senate the same as at the last session—13 Unionists to 11 Democrats and Conservatives. In Harford county an Independent ticket, brought out by the Hon. E H. Webster and his friends and supported by Conservatives and Democrats, has defeated the Radical ticket by a handsome majority. The contest for the Judgeship in the Twelfth judicial circuit, composed of Dorchester, Worcester and Somerset, between Hon. John R. Franklin and Judge Spence, resulted in the election of the former by a small majority.

THE CHOLERA AT NEW YORK.—The steamship Atlanta arrived at New York on Thursday, the 2d instant, from London and Havre, with a number of cases of cholera on board. The vessel sailed from London with about one hundred and fifty passengers, and on arriving at Havre received about four hundred more, most of whom were Germans. On the second day out about fifty persons were attacked, fifteen of whom died. On arriving at New York the ship was placed at quarantine. Several deaths have since occurred, and there a number of cases still on board.—The authorities of New York are using every precaution to prevent the disease from reaching the city, and have thus far succeeded in confining it to the ship.

THE REGISTRY LAW.—*Its Constitutionality Affirmed by the Court of Appeals.*—The Court of Appeals, on the 2d instant, pronounced its decision in the appeal case from the Circuit Court for Montgomery county, affirming the order of the Court below, refusing a mandamus on the petition of Thomas Anderson vs. John W. Baker, George Ernest and Julian Magruder, officers of registration of voters in the fourth district of Montgomery county, to require them to register the petitioner as a qualified voter. The Court also affirmed the order of the Circuit Court for Prince George's county—sitting in equity—refusing to grant an injunction against the officers of registration, the judges of election, and the clerk of the Circuit Court of that county, to restrain them from proceeding to register voters or hold an election under the registration law, etc.

The court announced "that all the questions presented in the above case had been fully examined by the Court, and four of the justices concurred in affirming the constitutionality of the registry law, and also the consistency of the provisions in the Constitution of the State with the Constitution of the United States."

BALTIMORE LADIES AND JEFF. DAVIS.—His Excellency the President gave audience yesterday (Monday) to a numerous delegation of ladies from Baltimore, deputed to present a petition signed by 15,000 ladies, seeking the Executive clemency in behalf of Jefferson Davis. Mrs. Coleman, daughter of the late lamented John J. Crittenden, addressed the President in feeling and appropriate terms, to which he responded in a most felicitous manner, regretting that public policy prevented his yielding to their persuasive and touching arguments. In declining, the President regretted that the national character of the question restrained all private sympathy which they might have awakened in him, and made the important statement that complete arrangements have been made for the early legal trial of Mr. Davis, according to the laws of the land.—*National Intelligencer, 7th.*

THE NEWS.

The President has approved the sentence passed upon Henry Wirz, the Andersonville prison-keeper, "to be hanged by the neck till he be dead," and ordered it to be carried into execution on Friday, the 10th instant (yesterday). The sentence was read to the prisoner on Monday.

A Washington correspondent writes:—It is now pretty clear that the President has at heart the admission of the Southern Congressmen, and will make it a measure of his administration. Those opposing it will be regarded as hostile to the most material points of its policy.

Hon. A. H. Stephens is expected to visit Milledgeville and address the Georgia State Convention before its adjournment. The movement to nominate Mr Stephens for Governor seems to be gaining strength, and the Atlanta *New Era* intimates that he has consented to the use of his name.

The Easton (Md.) Star records the decease of Wm. B. Willis, Esq., who was on several occasions a member of the Legislature. Prof. M. Spencer, principal of the classical department of the Easton Academy, died in that town on the 31st ult. He was a gentleman of considerable scientific attainments.

The Provisional Governor of Georgia has transmitted a despatch to President Johnson stating that the Convention has repealed the Rebel war debt by a vote of one hundred and thirty-three to one hundred and seventeen.

It is officially ascertained from the rolls in possession of the Government that General Lee's army when it surrendered contained 28,000 men, and General Johnston's 37,000.

General Robert E. Lee is said to have made a contract for the publication of the history of the rebellion with a publisher in New York.

Elections were held on Tuesday in New York, New Jersey, Illinois, Minnesota, and Missouri, in all of which the Republicans were successful.

The South Carolina Legislature has elected Ex-Gov. Manning United States Senator.

Messrs. Editors:—The public school in lower Quaker Neck has not been opened since the new school law went into operation. Teachers have been found for schools in other parts of the county, and why we should be neglected, I am at a loss to know. The season of the year has now arrived when larger boys are released from their labors on the farm, and with the smaller children should be pursuing their studies at school. But there is no school for them. If the want of a teacher is the only impediment in the way of a re-opening, the parents will take the responsibility of supplying the deficiency, if the Commissioners will consent. Schools for negro children are springing up around us—teachers can be found for them; and I think that white children are entitled to at least equal privileges.

A SCHOOL-TAX PAYER.

For the Kent News.

Messrs. Editors:—The vote at the election on Tuesday last reveals the gratifying fact, that but comparatively few Conservative Union men united with the radicals in opposing the Conservative ticket, and this limited support was no doubt obtained because of a *ticket* of conservatives being nominated on that side. The number of Democrats registered in the county is reckoned at two hundred and seventy-five to three hundred, while the Conservative ticket received an average of about five hundred and fifty votes, showing that it obtained the support of some two hundred and fifty Conservative Unionists, or within a fraction of one-half of its entire poll.—The radical strength of the county is generally computed at three hundred and seventy-five to four hundred, while the Conservative Union ticket received an average of about four hundred and seventy votes, showing that it obtained the support of only about eighty Conservative Unionists. The majority of these were doubtless the personal friends of the candidates.

The result shows that while some Conservative Union men may very honestly think "the war of too recent date to affiliate with Democrats," a much larger number, equally patriotic and intelligent, think it long enough past to refuse to affiliate with Extremists. As to the charge that Conservative Unionists have "*gone* over to the Democrats," all I have to say is, that if sustaining the President in his reconstruction policy, opposing negro suffrage, and favoring a repeal of the present Registry law, constitute the basis of the change, why—why—then the Democrats have *come* over to the Conservatives!

A VOTER.

THE Charleston Courier states that a large number of southerners who were about leaving for foreign countries have concluded to remain, in consequence of the improved feeling manifested toward the south by the northerners. Many persons had, however, left for foreign States; but it was thought but few of those who had intended to leave will now do so.

Over two hundred million dollars worth of railroad property belonging to the Government has been sold to Southern railroads on credit, and their notes taken, some of them to run two years.

MARRIAGES.

On the 7th instant, by Rev. T. W. Simpers, Mr. JAMES E. MIRCH to Miss SARAH E. WALRAVEN, both of this county.

DEATHS.

In Centreville on Monday last, of typhoid fever, Mr. JAMES BLAND, aged about 28 years, formerly of this town.

On the 3rd instant, WILLIAM WALLACE, only child of John H. and Deborah Ann McKenzie, aged 2 weeks.

OBITUARY.—The death of Mrs. MARGARET CALDER, aged about 47 years, was announced last week. She had typhoid and pneumonia, and was ill about two weeks. During her entire illness she had the untiring attention of her physician, and the devoted watchfulness of her daughters, but all was unavailing, and she was called to her reward. The object of this notice was a native of Delaware, and widow of the late Benjamin F. Calder. She was naturally delicate, but until her last and fatal attack, there was promise of her remaining a number of years with her beloved children. She was a lady by nature, with all the kindness and gentleness of innocent childhood. Her affectionate devotion to her children was unsurpassed, and she was exemplary in all the duties and relations of life. She made no loud profession of religion, but lived in the quiet enjoyment of that divine grace which adorned her life, and prepared her for the realization of that blessed immortality which was held in reversion for her. Her peace was made with God; she was resigned and submissive to the dispensation of Providence. Her affliction was but the means of refining her moral nature, and when the messenger came, she was ready to depart and be with Christ. Her children have the assurance that their loss is her gain, and that if they are faithful to their Maker, and to the great duties they owe to the Saviour, they may be re-united to their mother, and enjoy with her the felicities of the upper Sanctuary. * *
