CO-PARTNERSHIP.

BALTIMORE, March 1, 1865.

THOMAS NORRIS, for ten years past engaged in the sale of Agricultural Implements and Machines, Field and Garden Seeds, etc., respectfully informs his friends and customers that he has this day associated with him Mr. JOEL PUSEY, of Havre de Grace, very favorably known to many of the farmers of Maryland. The business will be continued under the name and style of

NORRIS & PUSEY,

at the old stand, No. 141 PRATT STREET, (near Light.) The senior partner tenders his grateful acknowledgments to his many friends who have so liberally patronized him, and solicits for the new firm a continuation of their favors. In addition to the old business, the subscribers will be prepared to transact, in an extensive way, the

Lime, Plaster and Cement Business.

Yielding to the solicitations of many friends in the country, they beg to offer their services as

General Commission Merchants

for the sale of GRAIN and all kinds of Country Produce.

By a faithful attention to business, they expect to merit a good share of public favor, and ask a continuation of the patronage of old customers, and a fair trial by new ones.

They assure their customers that they are prepared to furnish any article in their line on as good terms as they can be supplied by any house in Baltimore.

Circulars, Catalogues, etc., giving descriptions, prices, &c., will be furnished on application. Respectfully,

NORRIS & PUSEY,
141 Pratt Street, near Light,
March 11, 1865. Baltimore

GROVER & BAKER
SEWING MACHINE CO.,
181 Baltimore Street,
BALTIMORE.

Buy a good one or none.—Many absolutely worthless sewing-machines are now before the public, to purchase which would result in nought but vexation and disappointment to the owner. A *cheap* sewing-machine generally proves a *dear* bargain. *Grover & Baker's* have stood the test for many years; and but one opinion prevails as to their worth. The advantages they possess for Embroidering, Braiding, Hemming, &c., and their wonderful simplicity renders them the best in use. What other machine will embroider so beautifully, braid so elegantly, hem so faultlessly, quilt so evenly, stitch so accurately, gather so regularly, operate so easily? *None,* we conscientiously affirm.

Send for a Circular with description, prices, &c. Call and examine the machines and work executed by them, at our office,

CORN & OATS

Berger & Butz's
EXCELSIOR
SUPER-PHOSPHATE OF LIME,
—AND—
Berger & Butz's
AMMONIATED
SUPER-PHOSPHATE
OF LIME.

WE OFFER TO THE FARMERS OF KENT and the adjoining counties, these well known FERTILIZERS, for the Spring seeding. BERGER & BUTZ'S EXCELSIOR SUPER-PHOSPHATE OF LIME has for the last five years undergone the most rigid tests upon all crops, and has never been excelled.—It not only acts immediately upon the crop but is certain to produce a heavy growth of grass. BERGER & BUTZ'S AMMONIATED SUPER-PHOSPHATE OF LIME we guarantee to be a good article.

We give a certificate from one of the most reliable Farmers in New Jersey, showing the effect upon Wheat, Oats and Corn:

HOPEWELL TOWNSHIP, *Cumberland Co., N.J.,* August 7th, 1860.

MESSRS. BERGER & BUTZ:

I have now used your Super-Phosphate of Lime for two seasons. Last fall I used it upon part of my wheat, which has turned out as well as where I manured with good barn-yard manure. This last spring I put in my oats with it; the oats were sown upon poor ground, still the yield was most excellent, far better than I had any reason to expect.

I also used it upon Corn alongside of another well known fertilizer. The drought has been very severe this summer, and the corn is therefore backward, still your phosphate has done very much better than the other, and does not seem to have suffered so much from the drought. I consider your Super-Phosphate of Lime not only a good manure, but better than any other fertilizer I ever used.

Yours, respectfully,
ROBERT JONES.

We will say to Farmers and Dealers, that by the introduction of new and improved machinery into our factory, our article will be much better prepared than heretofore, and if it is not found to be in every way equal to the original standard we will not demand one dollar for our article.
