CHAPTER 173.

AN ACT to incorporate the Chesapeake Bay and Potomac River Tide Water Canal Company.

WHEREAS, A line of Canal, River and Bay communication now exists from New York to the city of Annapolis, of sufficient capacity to pass boats of about three hundred tons burthen, and it only requires a link to be added, of about twenty miles, to connect the city of Washington, by canal, with New York; Therefore,

SECTION 1. *Be it enacted by the General Assembly of Maryland*, That Andrew J. Hull, Wm. E. Spalding, Henry D. Cook, of Washington city, Wm. H. Tuck, John Coates, McHenry Grafton, Jas. Higgins, Anthony Reybold, Wm. Thompson, of R., George F. Needham and Thomas Lansdale, of the State of Maryland, Gideon L. Walker and Samuel F. Dickinson, of the city of New York, and their successors, and each of their assigns, be and they are hereby created a body corporate and politic, by the name of "The Chesapeake Bay and Potomac River Tide Water Canal Company," and by that name have perpetual succession, and shall be able to sue and be sued, to plead and be impleaded, to defend and be defended in all courts of law, or equity, in the State of Maryland or the United States, and may make and use a common seal, to ordain and establish such by-laws, ordinances and regulations as may appear necessary for regulating the concerns of said company, not being inconsistent or contrary to this act or the laws of the United States, or the State of Maryland; said company shall also have power to hold and convey real estate and other property, to execute mortgages and deeds of trust upon its property and franchises, real, personal and mixed property, and to borrow money and negotiate loans upon their franchises, bonds, mortgages, or other securities.

Section 2. *And be it enacted*, That said corporation is hereby authorized and empowered to survey, locate, lay out, construct, operate, use, collect tolls upon, and enjoy a continuous line of Canal with all its appurtenances, between the waters of the Chesapeake Bay and its tributaries, near the city of Annapolis, and the water of the Anacosta River, at or near Bladensburg, in the county of Prince George's, upon a route to be surveyed and designated by a competent engineer appointed by said company, for the purpose of carrying freight and passing vessels, boats, rafts of timber, and crafts of all kinds, capable of navigating said Canal, which Canal shall be cut at least ten feet deep and forty feet wide at the bottom, with the usual slope to the banks, and the same shall at all times, be kept in good and navigable condition.

Section 3. *And be it further enacted*, That the capital stock of the said Chesapeake Bay and Potomac River Tide Water Canal Company, shall be three millions of dollars, and shall consist of thirty thousand shares, of one hundred dollars each, which shall be subscribed for on the books of said company, and shall be transferrable in such manner as the by-laws of said company shall prescribe; the books shall be opened at any place in the cities of Washington, Annapolis, Baltimore, Philadelphia, and New York, at such time and place therein as the said corporators or a majority of them shall designate by public notice of ten days, published at least in one daily paper in each of said cities, and said books shall be kept open until the whole amount of said stock shall be subscribed, or such amount as the corporation shall deem sufficient to authorize the said company to commence the said work; a cash payment of ten per cent on all subscriptions shall be paid at the time of subscribing, to the person or persons properly authorized to receive the same, but no person shall be liable for any amount more than the amount of stock he holds.

Sec. 4. *And be it enacted*, That the persons named in this act, their successors or assigns, shall be the Directors of said Company, one of whom shall be appointed President of the Board of Directors, one Vice President and one Treasurer, each to be appointed by a majority of the said Directors at a meeting of the same at some convenient place in the city of Washington, to be designated by at least seven of said Directors, and to be published in some one of the daily papers published in the city of Washington and by letter properly placed in the post-office of the city of Washington, and directed to any director or corporator at his residence when he does not reside in the city of Washington, of the time, and place of said meeting, and seven of whom shall constitute a quorum, and they at the time mentioned in said notice shall then in case a quorum be present, proceed to elect said President, Vice President and Treasurer by ballot, first having appointed two of their number as inspectors of said election, which two inspectors so designated, shall certify under their hands, the names of the President and Treasurer, thus duly elected, and shall, if they are not present, notify them at once of their elections; the proceedings of said meeting, and of the election of said officers shall be entered in the books of the company, and the officers so elected shall hold their office for two years, and until others are elected and qualified to fill their places, but before the said Directors, or any of them, shall enter upon their duties, they shall take and subscribe the usual oath before some person authorized to administer the same, to support the constitution of the United States, the constitution of the State of Maryland, and faithfully to perform the duties of the office of said corporator; the Treasurer so elected and before he enters upon his duties as Treasurer, shall make, execute, and deliver to the President of said Company, a bond in the name of said company, in an amount to be approved of by the President and Vice President, with sufficient sureties as their by-laws, rules, and regulations determine, for the faithful performance of the several duties and trusts to him committed.

Sec. 5. *And be it enacted*, That the said President, Vice President and Treasurer, shall have power to contract with any person or persons to construct said canal, reservoirs, basins, and so forth, to appoint a General Superintendent, engineers, surveyors and other artists and laborers that they shall deem necessary to complete and carry on said canal or any portion of it; to fix the amount of salaries to be paid by the company to all officers and persons employed by the company, (except their own salary,) which shall be fixed by a majority of all the directors, and generally to do all such other acts, matters and things, by this act and by-laws, and the regulations of the company they are authorized to do; they shall also at all times keep perfect, just and true books of account, wherein shall be entered a full statement of all monies by them received, and all monies paid, laid out and expended for said company, which books shall at all times be open to the inspection of any director or stockholders of said company, and a true report shall be made thereof to the directors thereof at their annual meeting to be held at the city of Washington, on the first Monday of March in each and every year.

Sec. 6. *And be it further enacted*, That said company is hereby empowered to purchase, lease, receive and hold real estate and water rights, which shall be deemed necessary for the use of said company, but all such real estate, and water rights or other property thus leased or purchased, and such real estate and water rights which are not donations, shall be leased or purchased by the company of the owner or owners of the same, at a price to be mutually agreed upon between them, and in case they cannot agree, or any of the owners be a *femecovert*, under age, *non compos mentis*, or out of the county in which the property wanted may be, application may be made to any Justice of the Peace of such county, who shall thereupon issue his warrant under seal, directed to the sheriff of said county requiring him to summon twenty disinterested inhabitants to meet at or near the land on the day named in the said warrant, not less than ten, nor more than twenty days after issuing of the same, and if any of the said persons do not attend, the said sheriff shall immediately summon as many jurors as shall be necessary with the jurors in attendance to furnish a panel of twenty in attendance, and from the panel each party may strike four jurors, and if eight be not struck, the sheriff may strike as many as with those struck by the parties will make eight, and the remaining twelve shall act as a jury of inquest of damages; and before they act as such the sheriff shall administer to them an oath or affirmation, as the case may be, that he will honestly value the damages sustained by the said owner or owners by the use and occupation of the said land by the said company, and the said jury shall reduce their inquisition in writing, and sign and seal the same and it shall then be returned by the sheriff to the clerk of the county where the land may be, and by such clerk filed in his office, and shall be confirmed by said court at its next session, if no cause be shown to the contrary, but if set aside, the said court may direct another inquisition to be taken in the manner above prescribed, and such inquisition shall describe the property taken by metes and bounds, and the valuation when paid or tendered by the company, shall entitle said company to the use and occupation during their corporate existence, and if the valuation shall not be received when tendered, it may be received any time afterwards, and all the expenses incurred by said inquisition shall be paid by the said company.

Sec. 7. *And be it further enacted*, That the said company shall at their own costs and expense erect and maintain good and substantial bridges over and across said canel wherever it crosses any public road or street, and also where it crosses any private roads, should they, by the agreement with the owners of a real estate agree so to do, or should the company by the verdict of any jury duly authorized, be required so to do.

Sec. 8. *And be it further enacted*, That it is and may be lawful for the said company to levy, demand and receive all such tolls not exceeding eighty per cent. of the maximum charges authorized to be charged by the Chesapeake and Ohio Canal Company, as a majority of the Directors at any regular meeting shall assess upon all vessels, either empty or containing freight, and all goods, chattels and freight of any kind carried through said canal, and upon all rafts of timber and crafts navigating said canal, subject however to the right of the General Assembly of the State of Maryland to increase or reduce said tolls.

Sec. 9. *And be it further enacted*, That if any person commanding or directing any vessels, upon the Canal, shall wantonly or negligently obstruct or impede the navigation thereof, or any other person maliciously injure the Locks, Bridges, Basins, or any of the property of said corporation, shall be deemed guilty of misdemeanor, and liable to be sued in any court of the State, or of the United States having jurisdiction thereof in a penalty of not less than fifty dollars.

Sec. 10. *And be it enacted*, That the said company shall as soon as practicable after the passage of this act by the General Assembly of the State of Maryland, so commence and prosecute the work of constructing said Canal that it shall be fully completed in three years from and after the passage of this act.

Sec. 11. *And be it further enacted*, That this act shall be deemed and taken as a public act, and as such, notice shall be taken of it by all courts without the necessity of pleading the same.

Sec. 12 *And be it further enacted*, That the said Canal, and the works to be erected thereon, in virtue of this act, when completed shall forever thereafter be esteemed and taken to be navigable as a public highway for the transportation of all goods, commodities or produce whatever on payment of the tolls imposed in pursuance of this act; no toll or tax whatever for the use of the water of said Canal, or the works thereon erected, shall at any time hereafter be imposed by the State of Maryland, excepting upon real estate as said company may acquire, other than the right of way and water for said Canal.

Sec. 13. *And be it enacted*, That this act shall take effect from the date of its passage.

FARMERS AND PLANTERS ATTENTION!

WE beg leave to call the attention of the Agricultural community to

ANDREW COE'S

Improved Phosphate of Lime,

prepared by Wilson, Eggleston & Co., Cincinnati. This Phosphate is carefully prepared from the best fertilizing material, and from the nature of its composition must be one of the best articles offered for sale.

We would respectfully ask all who use Phosphate to call and examine this article before purchasing elsewhere.

Also, PERUVIAN & MEXICAN GUANOS, GROUND BONE, Wilson's Ammoniated Superphosphate, with all other Guano and Phosphates. Always have on hand select FIELD SEEDS, &c.

TURNER & DOUGHERTY,
(Successors to R. Turner,)

"FLOUR OF BONE."

WE will give a *money* guarantee of the *purity* of this article. It is pure *unsteamed, unburnt bone*, reduced to the *fineness of flour*, which adds 100 per cent. to its value. It is as *quick* and *active*, as acid *dissolved bone*, hence its value is vastly greater, because it contains neither acid nor water, which necessarily add weight, and reduce the quantity of valuable elements. We recommend 250 lbs. to be used in place of 300 lbs. Super Phosphate or dissolved bone.
