The Kent News.

CHESTERTOWN:

SATURDAY MORNING, JUNE 16, 1866.

THE NEWS.

The Senate amendments to the Constitutional amendment were passed by the House of Representatives on Wednesday, yeas 120, nays 32. Mr. Thad Stevens made the closing speech, in which he stated that he did not pretend to be satisfied with the proposition. "In his judgment it endangered the government of the country, both State and National, and might give the next Congress and President to the reconstructed Rebels." He, however, added, "let us take what we can get now, and hope for better things in further legislation, in enabling acts, or other provisions."

The second Fenian invasion of Canada has come to an end. The "right wing" of the Fenian army which crossed the frontier, near St. Albans, have retreated to this side of the border. Finding they received no reinforcements, and that neither arms, ammunition nor supplies could reach them, the men became demoralized and deserted by the wholesale. A retreat was finally ordered and the officers surrendered to the United States forces. The men are being provided with transportation to their homes.

The friends of President Johnson's policy in Frederick county are to hold a grand mass meeting in Frederick city today. A large number of distinguished speakers are expected to address the meeting, and among them are Senators Cowan and Norton, Richard J. Merrick, Esq., Hon. Edwin H. Webster, J. V. L. Findley, Esq., and others.

Anton Probst, the murderer of the Deering family, was executed at the Moyamensing prison, Philadelphia, on Friday of last week. The body was dissected at Jefferson Medical College on Saturday.—The brain of the dead criminal was found to be in a healthy condition, weighing thirty-six ounces.

Senator Wright, of New Jersey, is said to be much improved in health, and has nearly recovered from his late paralytic stroke. He rode out a few days ago, and his friends confidently hope that he may soon be able to resume his public duties.

Richmond papers say that the news from the South in relation to the crops is anything but satisfactory. The late heavy rains in all parts of the country seem to have destroyed the crops planted, and nothing short of a famine the coming winter is looked for. A despatch from Memphis gives a general gloomy account of affairs in Mississippi and Arkansas from destruction by floods, cold weather, &c., and predicts that there will be a famine in the South before another season. The planters have neglected planting grain, hoping for an immense yield of cotton and big prices. In many places the planters have no money, and are out of provisions.

John C. Breckinridge has been indicted for treason by Judge Underwood's grand jury at Richmond. The indictment is in precisely the same words as the Davis indictment, except the names. Breckinridge is now in Canada.

The new five cent pieces will be forwarded from the Philadelphia Mint by express in sums of $50 and upwards, free of expense, to those who may order them.

The friends of President Johnson, Governor Swann, and the opponents of Negro Suffrage, will hold a grand mass meeting at Monument Square, in Baltimore, on Thursday evening next, the 21st instant. The following speakers have been invited and will attend: Governor Swann, Ex-Governor Bradford, General Rousseau, of Kentucky, Hon. Charles E. Phelps, Hon. A. W. Randall, Hon. Alexander Evans, Col. E. H. Webster, Col. W. H. Purnell, Gen. James L. Ridgley, and John V. L. Findlay, Esq.

Henry Shaw, of St. Louis, has proposed to present that city with nearly two hundred acres of land, for a public park, on the condition that the city spend $20,000 or $30,000 each year on improving and adorning it. The land is valued at $400,000.

POLITICS IN HOWARD COUNTY.—The Conservatives in Howard county, Md., held a meeting at Ellicott's Mills on the 5th inst. The object of the meeting was stated by Dr. W. W. Watkins to be to form a club, "to promote the success of the restoration policy of President Johnson; to secure such a change in the Registry laws of the State as the situation of the country demands, and to avert from our State the evil of negro suffrage." It was then submitted for signers, and over one hundred gentlemen came forward and enrolled themselves members of the club. Gen. Edward Hammond was elected President, and addressed the club in a very earnest, able and eloquent speech.

THE STATE BOUNTIES.—Robert Fowler, Esq., the State Treasurer, gives notice that on and after the 18th instant, those whose claims for bounties have been examined and adjusted by the Comptroller, and his warrant on the Treasurer obtained, will be promptly paid on presentation at his office, and that all others having proper claims will be paid as early as it is possible for the Comptroller to adjust them.

THE CIVIL RIGHTS BILL A PLEA FOR UNIVERSAL SUFFRAGE.

The New York *Tribune* contains an account of a meeting of colored men recently held in that city, at which a series of resolutions were offered, affirming as follows:

That the State which denies the right of suffrage to a portion of its citizens is not republican in form, and that such disfranchisement is a violation of the Bill of Rights and of the Constitution.

That the right of suffrage is involved in citizenship by virtue of the underlying principles of the Government.

That the people of any State from whom the ballot is withheld for any cause not equally applying to all the people, have the right to appeal to the Supreme Judiciary of the country on the ground that said State has by such disfranchisement destroyed a republican form of government, which the United States are bound to guarantee.

The resolutions further provided for the organization of an association for the purpose of securing the right of all citizens to vote on the same conditions.

Thus it is seen that this question of negro suffrage, initiated by the Radicals, is taken up by the negroes themselves under the provisions of the Civil Rights bill, which confers citizenship upon all the negroes in the country, and the specious argument is advanced that a government which denies the right of suffrage to any of its "citizens" on account of color is anti-republican in form. This is precisely the theory of the Radicals, but on account of the unpopularity of the doctrine in this State, their leaders are endeavoring to conceal the real issue from the people, and many well-meaning persons who are opposed to negro suffrage are in danger of being unwittingly betrayed into the support of that obnoxious measure. All know that there is a strong party in the country favorable to enfranchising the negro, and that whether all those acting with the Radicals approve it or not, it is certain that all those who *do* approve it are identified with that party, and the only way in which any one can cast his influence against the measure is to cut loose from the party which advocates it, and unite his energies with those who are *known* to be hostile thereto. This is no time for men to be standing aloof from each other because of former differences on issues which have ceased to exist. The present issue must be met, as well as those that are past, and it must be met by those who are opposed to the Radicals taking advantage of what seems to them a favorable opportunity for imposing upon the country heresies which they have always been known to cherish and the rest of the people to detest. Let the lines be distinctly drawn. With a firm and united opposition, the contest for negro suffrage and negro equality will be short and decisive, but if there be any dallying or playing into the hands of the enemy by those who are averse to their schemes, the issue may be continued with uncertain results for years, and finally decided against us.

SALE OF VALUABLE FARMS.—Attention is again called to the large sale of valuable real estate to take place at the Voshell House, in Chestertown, on Tuesday and Wednesday next. These lands embrace some of the best farms in the county, and a rare opportunity is now offered to persons desiring to purchase.

INTERNAL REVENUE.—The Assistant Assessor for this county gives notice that he is required to close the assessment by the 20th inst. A number of persons have not yet made their returns, and all who fail to do so by the time specified, render themselves liable to be assessed according to the best information he can receive, with twenty-five per cent. added.

NEW ICE-CREAM SALOON.—We were the recipients, a few days ago, from Mr. W. Hudgins, of a treat in the shape of ice-cream and cake, of very superior quality, from his new saloon, adjoining the post-office. His patrons will find no cause of complaint while he maintains his present reputation for the manufacture of these delicious edibles.

CONCERT.—The Chesterville Singing School, (D. J. Quimby, teacher,) assisted by several singers from Still Pond, will give a Concert, for the benefit of the Sabbath School, in the church at Chesterville on Thursday next, June 21st. Doors open at 8 o'clock, P. M. Admission 25 cents. Should the weather be inclement, the Concert will be postponed till Friday evening.

DRAMATIC ENTERTAINMENT.—The Mount Vernon Literary Society of Washington College will give a Dramatic entertainment, at the College Hall, on the evenings of the 19th and 20th inst. The programme consists of a number of highly amusing plays, and the occasion will no doubt be one of much enjoyment to all who may be present.

CAMP MEETING.—A quarterly Camp Meeting will be held in Baker's woods, on Kent Circuit, (Providence permitting,) commencing July 27th. Preachers and people are invited to attend. We extend a special invitation to the old Pastors of Kent circuit.

J. B. QUIGG,
ENOCH STUBBS.

EXCURSIONS.—We are gratified to inform our citizens and others that through the efforts of Mr. A. M. Russell they will have an opportunity of enjoying a pleasant excursion to Galesville, West River, on Thursday next.

There will also be an excursion from Sassafras river to Baltimore on Wednesday next. See advertisements.

MEETING OF UNION MEN IN TALBOT COUNTY.—On the 5th instant, the Conservative registered Union men in Talbot county held a public meeting at Easton. Capt. Thomas H. Leonard presided, and Dr. Wm. N. Pindle acted as Secretary. A committee, consisting of I. W. Jump, Dr. H. T. Goldsborough, John C. Harper, Wm. H. Bruff and John R. Hopkins, was appointed to draft resolutions. They subsequently reported the following, which, on motion of Geo. C. Graham, were considered *seriatim* and unanimously adopted:

Whereas the late war was waged for the preservation of the union of the States, and said war has terminated in the re-establishment of the authority of the Government over all the States lately in rebellion; and whereas a majority in Congress are engaged in schemes designed to thwart the patriotic efforts of the President, and calculated to defeat the object for which the war was waged; therefore

Resolved, That we heartily endorse the policy announced and the course pursued by Andrew Johnson, President of the United States, who by his patriotic efforts is trying to establish peace upon a permanent basis, and to preserve the integrity of the American Union.

Resolved, That we are unalterably opposed to negro suffrage, and negro equality in whatever form the same may be presented, and to all schemes of the majority in Congress calculated or designed to accomplish that purpose.

Resolved, That our thanks are due and are hereby tendered to Hon. Thos. Swann, Governor of Maryland, for his published determination to stand by and sustain the President, and we pledge ourselves to sustain him in his efforts to defeat radicalism and to preserve the Union of the States in all its integrity.

JUDGE UNDERWOOD'S REFUSAL TO RELEASE JEFFERSON DAVIS ON BAIL.—Application was made to Judge Underwood on Monday by Davis' counsel for his release on bail, a number of wealthy gentlemen, including Horace Greeley, offering to become his bondsmen for any amount that might be demanded. The following is an official copy of the Judge's opinion, taking the ground that the case is beyond his jurisdiction:

"I have considered the application made by Mr. Shea, of counsel, to admit Jefferson Davis to bail. Under the circumstances, the application might have been more properly made to me when recently holding the Circuit Court at Richmond. But under the law it may doubtless be made also in vacation, and I will briefly state my views of it and my conclusions:

"In the States which were lately in active rebellion, military jurisdiction is still exercised and martial law enforced. The civil authorities, State and Federal, have been required or permitted to resume partially their respective functions, but the President, as commander-in-chief, still controls their action so far as he thinks such control necessary to pacification and restoration. In holding the District and Circuit Courts of Virginia, I have uniformly recognized this condition.

"Jefferson Davis was arrested under a proclamation of the President, charging him with complicity in the assassination of the late President Lincoln. He has been held ever since, and is now held, as a military prisoner. He is not and never has been in the custody of the marshal for the district of Virginia, and he is not, therefore, within the power of the court. While this condition remains, no proposition for bail can be properly entertained, and I do not wish to indicate any probable action under the circumstances.

"JOHN C. UNDERWOOD, Dist. Judge.
"Alexandria, June 11, 1866."

On the announcement of this opinion, Mr. Shea, Horace Greely, and some other prominent gentlemen, waited upon President Johnson for the purpose of procuring Mr. Davis' release on parole until his trial takes place in October. Several interviews have been had with the President during the week by the counsel in the case and others, but the latest report states that no definite conclusion has yet been reached. The House of Representatives on Monday, by a vote of 105 yeas to 19 nays, passed the following resolution: "That in the opinion of this House, Jeff. Davis ought to be kept in confinement and subject to trial by the laws of the land."

SUDDEN DEATH.—Col. John McKenney, an aged and respected citizen of Centreville, died suddenly on the 7th inst., while walking on the street. He had been suffering from a partial paralysis of one side for more than two years.

Your attention is hereby directed to the following provisions of the School Law:

"A Teachers' Institute shall be held once in each year, to continue at least six days. It shall be the duty of every teacher, under a penalty of not less than five nor more than twenty-five dollars, to attend the Institute and remain throughout the entire session."

Reports for the current term can be made at any time after the 23d inst., up to the 30th.

At the close of the present term the school houses and appurtenances may be used for Subscription Schools up to November 15th; if not so used they should be securely closed and the keys left with the *visitor* or District Commissioner.

The Board desires to express sincere thanks to the corps of Teachers who have so nobly and faithfully stood at their posts and aided in giving efficiency and stability to the school system in its infant struggles against much opposition and the difficulties incident to a new organization. So far your success gives abundant encouragement to hope for its speedy and glorious triumph over prejudice and ignorance, and therein your ample and higher reward.
