Teeth Extracted Without Pain!

NITROUS OXIDE.

I DESIRE to call the attention of those suffering from bad teeth, (as there is nothing more calculated to undermine the constitution than decayed teeth,) that the time has come, and now is, when they can have their teeth taken out without pain, and that in Chestertown. When I first introduced this powerful esthetic, I was called upon to vouch for its innocency, and the happy effect it was said to produce.—That I could not then do except upon the authority of other responsible parties. But, as I now have practical knowledge in its operation, it gives me great pleasure to say, I feel no hesitancy in vouching for it, surpassing as it does my expectation in its happy effect.

J. T. TWILLEY,
Dental Surgeon, Chestertown.

BERGER & BUTZ'S EXCELSIOR SUPER-PHOSPHATE OF LIME,

—AND—

Berger & Butz's AMMONIATED SUPER-PHOSPHATE OF LIME.

FARMERS AND DEALERS are respectfully referred to the above FERTILIZERS, as being prepared in the best manner, thoroughly reliable, and in every way calculated to give universal satisfaction. They are extensively known, having been used with great success during the past six or seven years.

☞ Read the following certificate of one of the best chemists of this country:

CHEMICAL LABARATORY,
No. 108 Arch Street,
PHILADELPHIA, April 10th, 1866.

During the last five years I have been in frequent consultation with Mr. George M. Woodward, manufacturer of Messrs. BERGER & BUTZ'S artificial manures, in regard to the preparation of their Super Phosphate of Lime, etc. The materials used in these Fertilizers, are in all cases subjected to my examination and analysis before purchase. Being fully acquainted with their formula and methods of manufacture, I can assure those interested in the purchase and sale of Fertilizers, that their "EXCELSIOR" and "AMMONIATED" Super Phosphate of Lime are of such a character as must render them of great value to the farmer, and place them amongst the BEST FERTILIZERS now in the market. F. A. GENTH.

☞ *We Guarantee these Fertizers to be UNADULTERATED.* ☜

By the introduction of new and improved machinery into our factory these articles will be much better prepared than formerly.

SOLUBLE PACIFIC GUANO.

200 LBS. SOLUBLE PACIFIC GUANO contains 70 lbs. *animal matter*, yielding 7 to 8 lbs. *ammonia*.

Also 80 to 90 lbs. *earthy bone Phosphate of Lime*, 30 lbs. of which are *soluble Phosphate*.

It combines all the advantages of the *best brands* of Super Phosphate, with those of Peruvian Guano.

By reason of its greater *concentration*, we recommend 20 per ct. less by weight to be used per acre, than of any fertilizer costing the same per ton; and no more per acre than of those selling at 20 per ct. more per ton. Hence its *economy*.

This Guano weighs 65 lbs. per bushel, hence in applying it farmers must be governed by weight and not by bulk, for it is much lighter than the Super Phosphates. *Every cargo duly inspected.*

JOHN S. REESE & CO.,
GENERAL AGENTS FOR THE SOUTH,
ap28 8m. 71 *South Street, Baltimore*

"FLOUR OF BONE."

WE will give a *money* guarantee of the *purity* of this article. It is pure *unsteamed, unburnt bone*, reduced to the *fineness of flour*, which adds 100 per cent. to its value. It is as *quick* and *active*, as acid *dissolved bone*, hence its value is vastly greater, because it contains neither acid nor water, which necessarily add weight, and reduce the quantity of valuable elements. We recommend 250 lbs. to be used in place of 300 lbs. Super Phosphate or dissolved bone.
