THE PRESIDENT'S POLICY.

Letter from Rev. Hy. Ward Beecher on Southern Restoration.

The special committee of arrangements for the Soldiers' and Sailors' Union Convention, to be held at Cleveland, Ohio, 17th instant, having invited Rev. Henry Ward Beecher to be present, to act as chaplain, the reverend gentleman responds as follows:

PEEKSKILL, Aug. 30.

Chas. G. Halpin, Brevet Brigadier General; H. W. Slocum, Major General; Gordon Granger, Major General, Committee—Gentlemen:—I am obliged to you for the invitation which you have made to me to act as chaplain to the convention of sailors and soldiers about to be convened at Cleveland. I cannot attend it, but I heartily, wish it and all other conventions, of what party soever, success, whose object is the restoration of all the States lately in rebellion to their federal relations.

Our theory of government has no place for a State except in the Union. It is justly taken for granted that the duties and responsibilities of a State in federal relations tend to its political health, and to that of the whole nation. Even territories are hastily brought in, often the prescribed conditions are fulfilled, as if it were dangerous to leave a community outside of the great body politic.

Had the loyal Senators and Representatives of Tennessee been admitted at once on the assembling of Congress, and, in moderate succession, Arkansas, Georgia, Alabama, North Carolina and Virginia, the public mind of the South would have been far more healthy than it is, and those States which lingered on probation to the last would have been under a more salutary influence to good conduct than if a dozen armies watched over them.

Every month that we delay this healthful step complicates the case. The excluded population, enough unsettled before, grow more irrittable; the army becomes indispensable to local government, and supersedes it; the government at Washington is called to interfere in one and another difficulty, and this will be done inaptly, and sometimes with great injustice—for our government, wisely adapted to its own proper functions, is utter by devoid of those habits, and unequipped with the instruments which fit a centralized government to exercise authority in remote States over local affairs. Every attempt to perform such duties has resulted in mistakes which have excited the nation. But whatever imprudence their may be in the method, the real criticism should be against the requisition of such duties of the general government.

The federal government is unfit to exercise minor police and local government, and will inevitably blunder when it attempts it. To keep half a score of States under federal authority, but without nationalities and responsibilities, to oblige the central authority to govern half the territory of the Union by federal civil officers and by the army, is a policy not only uncongenial to our ideas and principles, but pre-eminently dangerous to the spirit of our government. However humane the ends sought and the motives, it is, in fact, a course of instruction preparing our government to be despotic, and familiarizing the people to a stretch of authority which can never be other than dangerous to liberty.

I am aware that good men are withheld from advocating the prompt and successive admission of the exiled States by the fear, chiefly, of its effect upon parties and upon freedmen.

It is said that if admitted to Congress, the Southern Senators and Representatives will coalesce with Northern democrats and rule the country. Is this a nation, then, to remain dismembered to serve the ends of parties? Have we learned no wisdom by the history of the last ten years, in which just this course of sacrificing the nation to the exigencies of parties plunged us into rebellion and war?

I hear with wonder and shame and scorn the fear of a few that the South, once more in adjustment with the federal government, will rule this nation! . . . That it will have an influence, that it will contribute, in time, most important influences or restraints, we are glad to believe. But if it rises at once to the control of the government, it will be because the North, demoralized by prosperity, and besotted by groveling interests, refuses to discharge its share of political duty. In such a case the South not only will control the government, but it ought to do it.

Refusing to admit loyal Senators and Representatives from the South to Congress will not help the freedmen. It will not secure for them the vote. It will not protect them. It will not secure any amendment of our constitution, however just and wise. It will only increase the dangers and complicate the difficulties.—Whether we regard the whole nation, or any section of it or class in it, the first demand of our time is, entire reunion.

Once united, we can, by schools, churches, a free press and increasing free speech, attack each evil and secure every good.

Meanwhile, the great chasm which rebellion made is not filled up. It grows deeper and stretches wider! Out of it rise dread spectres and threatening sounds. Let that gulf be closed, and bury in it slavery, sectional animosity and all strifes and hatreds!

It is fit that the brave men who, on sea and land, faced death to save the nation, should now, by their voice and vote, consummate what their swords rendered possible.

For the sake of the freedmen, for the sake of the South and its millions of our fellow countrymen, for our own sake, and for the great cause of freedom and civilization, I urge the immediate reunion of all parts which rebellion and war have shattered. I am truly yours,

HENRY WARD BEECHER.

LEGISLATIVE NOMINATIONS.—The conservative convention of Howard county, on Tuesday, nominated for the lower house of the Legislature Hon. Edward Hammond and Geo. W. King, Esq.,

THE ASSASSINATION CONSPIRATORS.—A letter from Fort Jefferson, Dry Tortugas, says:

Besides the State prisoners, Arnold, Mudd (Dr.), Spangler and O'Loughlin, there are two hundred other prisoners, sentenced here for different periods by the widely extended provost jurisdiction of the army. All these prisoners are working upon this large and stately fortification. The party of prisoners of State are each and all in the enjoyment of excellent health. Arnold is the clerk to the commanding General, who represents him as a staid and useful young man, always doing his duty cheerfully, and possessed of friends among the officers and men of the fort. Dr. Hudd employs each day in sweeping and sanding the innumerable stairways of the fort, always under a strong guard. He still continues demure, however, as well as exceedingly impatient of restraint. It is thought that Spangler, whose term of sentence covers six years only, will be pardoned ere long for obvious reasons. He and O'Loughlin are at work on the fortification.

THE PRESIDENTIAL DINNER IN NEW YORK.—The dinner given at Delmonico's on Wednesday evening of last week was probably the most elegant and expensive affair of the kind ever enjoyed by so large a party in this country. When the committee of citizens having charge of the presidential reception had determined on a state banquet, they ordered, at the Delmonico's 14th street, place, a dinner for two hundred and fifty, with the direction that it should be the best that could be gotten up. No limit was placed as to the cost of the dinner or wines. We are informed that the dinner actually cost $25,000, or one hundred dollars for each plate.—*N. Y. Post.*

FREDERICK DOUGLASS AND THE PHILADELPHIA RADICAL CONVENTION.—Frederick Douglass accepted the appointment of delegate to the Radical Southern Convention, and in so doing he said: "If this convention receive me, the event will certainly be somewhat significant of progress; if they reject me, they will only identify themselves with another convention, which from mean motives, turned its back upon its true friends."

EXPELLED.—The Radicals have expelled the Hon. Henry J. Raymond, of New York, N. D. Sperry, of Connecticut, and G. R. Senter, of Ohio, from the National Committee appointed in 1864, "by reason of their abandonment of the principles of the National Union party and affiliation with its enemies;" that is to say, because they support the restoration policy of President Johnson and advocate the admission of the Southern States.

SUPPOSED EARTHQUAKE.—A shock of something like an earthquake was felt in various localities on the Western Shore of Maryland about five o'clock on Monday morning last. The shock was accompanied by a low rumbling noise, and was sufficiently violent in some places to cause the people to leave their houses in terror. Persons residing in the western section of Baltimore city likewise state that they felt the shock.

THE FERTILIZER
For Maryland Lands!

Baugh's Raw-Bone Phosphate,

Containing 53 per cent. of Phosphate of Lime, and 4.05 " " of Ammonia.

It should be borne in mind that the Phosphate of Lime in this article, being obtained exclusively from *Raw Bones* and a *true Bird Guano*, there is *no portion of it inoperative*, as in the case of *Super-Phosphates* made from *Mineral Guanos*, but being entirely *Soluble* in the *Soil*, continues *to impart its fertilizing qualities* to the *crops for years*.

The *remarkable success* which has attended its use in *Maryland* and parts of *Virginia*, is a sufficient *guaranty* to induce those who have not tried it to do so.

The *Grain Crop* in the State where this fertilizer has been applied is supposed to have been *increased* from 25 to 50 per cent. by its use. While for *Tobacco* and *Grass Lands* its success has been *equally decided*.
