Always liberal to Churches.

Every church will be given a liberal quantity of L. & M. paint. Call for it.

4 gallons Longman & Martinez L. & M. Paint mixed with three gallons linseed oil, will paint a house.

W. B. Barr, Charleston, W. Va. writes: "Painted Frankenburg block with L. & M. stands out as though varnished."

Wears and covers like gold.

Don't pay $1.50 a gallon for linseed oil, which you do in ready-for-use paint.

Buy oil fresh from the barrel at 60 cents per gallon and mix with Longman & Martinez L. & M. Paint.

It makes paint cost about $1.20 per gallon. Sold by Smith & Graham, Chestertown; F. H. Harper & Son, Still Pond; J. W. Ivens, Worton.

Dyspepsia of Women

ABSOLUTELY NEEDLESS AGONY

Caused by Uterine Disorders and Cured by Lydia E. Pinkham's Vegetable Compound

A great many women suffer with a form of indigestion or dyspepsia which does not seem to yield to ordinary treatment. While the symptoms seem to be similar to those of ordinary indigestion, yet the medicines universally prescribed do not seem to restore the patient's normal condition.

Mrs. Pinkham claims that there is a kind of dyspepsia that is caused by a derangement of the female organism, and which, while it causes a disturbance similar to ordinary indigestion, cannot be relieved without a medicine which not only acts as a stomach tonic, but has peculiar uterine-tonic effects also.

As proof of this theory we call attention to the case of Mrs. Maggie Wright, Brooklyn, N. Y., who was completely cured by Lydia E. Pinkham's Vegetable Compound after everything else had failed. She writes:

"For two years I suffered with dyspepsia which so degenerated my entire system that I was unable to attend to my daily duties. I felt weak and nervous, and nothing that I ate tasted good and it caused a disturbance in my stomach. I tried different dyspepsia cures, but nothing seemed to help me. I was advised to give Lydia E. Pinkham's Vegetable Compound a trial, and was happily surprised to find that it acted like a fine tonic, and in a few days I began to enjoy and properly digest my food. My recovery was rapid, and in five weeks I was a well woman. I have recommended it to many suffering women."

No other medicine in the world has received such widespread and unqualified endorsement, or has such a record of cures of female troubles, as has Lydia E. Pinkham's Vegetable Compound.

GOOD POTATOES BRING FANCY PRICES

To grow a large crop of good potatoes, the soil must contain plenty of Potash. Tomatoes, melons, cabbage, turnips, lettuce—in fact, all vegetables remove large quantities of Potash from the soil. Supply

REVEALED THE TRUTH.

How the Facts In a Will Forgery Case Were Brought Out.

In his capacity as judge Lord Brampton always insisted on the imperative demand that every case should be investigated in its minutest details. Upon small points the great issue of a case depends. As exemplifying this Lord Brampton cites a curious case that came before him on the western circuit:

"A solicitor was charged with forging the will of a lady, which devised to him a considerable amount of her property, but as the case proceeded it became clear to me that the will was signed after the lady's death and then with a dry pen held in the hand of the deceased by the accused himself while he guided it over a signature which he had craftily forged. A woman was present when this was done, and as she had attested the execution of the will she was a necessary witness for the prisoner, and in examination in chief she was very clear indeed that it was by the hand of the deceased that the will was signed and that she herself had seen the deceased sign it. Suspicion only existed as to what the real facts were until this woman went into the box, and then a scene highly dramatic occurred in her cross examination. After getting an admission that the will was signed in the bed, with the prisoner near by, the woman was asked:

"'Did he put the pen into her hand?'

"'Yes.'

"'And assist her while she signed the will?'

"'Yes.'

"'How did he assist her?'

"'By raising her in the bed and supporting her when he had raised her.'

"'Did he guide her hand?'

"'No.'

"'Did he touch her hand at all?'

"'I think he did just touch her hand.'

"'When he did touch her hand was she dead?'

"At this last question the woman turned terribly pale, was seen to falter and fell in a swoon on the ground and so revealed the truth, which she had come to deny."—London Mail.

RICE TABLE.

The Principal Dish at the Midday Meal In Java.

In Java, as in most really warm countries, it is customary to rise early and to take a cup of tea or coffee, together with a biscuit and some fruit, immediately on leaving one's bed. This is followed by a more substantial breakfast, but the first really serious meal is served at half past 12 o'clock and is the equivalent of the French "dejeuner a la fourchette" or the Anglo-Indian tiffin. This meal is called rice table—"rystafel"—from the principal dish, a very elaborate curry, in the preparation of which the Malay cooks are especially skillful.

The peculiarity of the rice table consists in the number and variety of dishes presented. From these dishes the guest has to select the materials which, together with the rice upon the soup plate before him, are to constitute his curry. It is also as well to know beforehand that one is not required to lunch solely on curry, but that the rice table is succeeded by courses of ordinary luncheon dishes. It is a case, therefore, of "embarras de richesses."

The second danger is that of making up one's curry "not wisely, but too well," and leaving neither appetite nor capacity for the beefsteak or for any of the other solid dishes which subsequently appear and which under these circumstances only produce a feeling of mingled horror and consternation. It is then that one suddenly realizes that the rice table is merely a sort of tremendous "hors d'oeuvre."

There are two dangers to be avoided. In the first place, it is quite possible, in spite of the number of the dishes presented singly, to say nothing of an octagonal tray containing a separate chutney in each of its nine compartments, to get no lunch at all, for nothing is easier than after saying "nein" to a succession of frivolous compounds to dismiss the one solid and palatable dish.—Pearson's.

Think Straight.

It would be impossible for a lawyer to make a reputation in his profession while continually thinking about medicine or engineering. He must think about law and must study and become thoroughly imbued with its principles. It is unscientific to expect to attain excellence or ability enough to gain distinction in any particular line while holding the mind upon and continually contemplating something radically different.—Success.

Sign of the Gambler.

When you see a man excessively shined up, new overcoat, new hat, trousers painfully creased, shoes that reflect images of the surroundings; when you see him enter a car, throw the tail of his coat up his back before dropping into a seat, stretch out his legs, jerk up his trousers and begin to clean his nails, it is safe to bet $1,000,000 he is a successful gambler.—New York Press.

A Hard Task.

Midget—The fat lady says she had a hard time making both ends meet. Glasseater—Was she in debt when she said that? Midget—No, she was trying to put on her belt.—Chicago News.

His Luck Changed.

"John," she said reproachfully as he came home at 2 a. m., "you have been out again."

"No, my dear, 'pon honor. This time I was in $11."

Forgiveness is a woman's privilege, is it not? And to need it is a man's.—Beatrice Heron-Maxwell.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured, in writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

LA GRIPPE—PNEUMONIA

So many people who have apparently recovered from an attack of *La Grippe* are stricken with *Pneumonia.* This is due to the fact that the Bronchial Tubes and Lungs are left weakened and unable to resist disease.

FOLEY'S HONEY AND TAR

not only cures *La Grippe Coughs,* and prevents *Pneumonia,* but strengthens the Lungs so they will not be susceptible to the development of serious lung troubles. Do not take chances with some unknown preparation that may contain some harmful drug when FOLEY'S HONEY AND TAR costs you no more and is safe and sure. Contains no opiates.

I had a bad case of La Grippe about ten years ago which left my Lungs so weak that I have been troubled more or less every winter since until I used FOLEY'S HONEY AND TAR, which cured me completely and my Lungs no longer trouble me.—J. H. BROWNING, D.D.S., Orrick, Mo.

G. VACHER, 157 Osgood St., Chicago, says: "My wife had a very severe case of La Grippe, and it left her with a very bad cough. She tried a bottle of FOLEY'S HONEY AND TAR and it gave immediate relief."

The 50c bottles contain two and one-half times as much as the small size and the $1.00 bottles almost six times as much.
