# Hubbard's Fertilizers!

After a successful experience of 60 seasons in the manufacture of Fertilizers, we confidently refer you to our record, and earnestly solicit your patronage, and the fact we do more business all the time certainly ought to convince the most skeptical that our goods have superior quality and absolute uniformity and purity.

**Are you going to grow Potatoes?** Well, we manufacture a Special Potato goods that has been used in New Jersey for 20 years in competition with Mapes' and goods that cost $10.00 more per ton. This goods runs 10 per cent. Potash, and there is no better made, and one man from New Jersey has his orders in already for over 60 tons. Try it.

**To Top Dress Your Hay** this month. We have a cheap goods for this that works wonders.

**There Are Your Peach Trees** that should be helped, and you should use our FRUIT GROWER. We have told you before of its merits, and so can those who have used it. Just think, two cents per tree to dress them.

**Asparagus**—Are you going to do anything to it this spring? If so, we have a specially made goods for this purpose. Such men as James Bell, H. H. Klinefeter, C. H. Crew, John P. Nicholson and scores of others can tell you what it has done for them. It has Nitrate and fish as the source of ammonia, and runs high in Potash and Phosphoric Acid.

**For Corn**, use our Special CORN PHOSPHATE. Corn is a good price! You fertilize your wheat, why not your corn? it will pay. Mr. Ham. Crew says our Corn Phosphate beats them all. We sell hundreds of farmers this goods every year. Mr. I. R. Leaverton used last year several hundred dollars worth with the greatest success and buys again this year.

## FOR TOMATOES

Well, you have heard of our PEERLESS TOMATO goods. It is a wonder. We confidently believe that we sell more Tomato goods than any concern in the country. Don't mean we sell more Phosphate, but more Tomato Fertilizer. Mr. C. R. Atkinson says Numsen claimed best tomatoes brought to his cannery was grown with this goods. He paid him $287.00 from 4 acres. Mr. D. F. Louse says one ton of this goods alongside an $18.00 brought him $96.00 more. Smith, Rouse and Webster, the large canners of Belair, heard of its merits, and bought of us.

We sold Baker & Morgan on one occasion $1200.00. We have several $1,000 customers in Delaware. Mr. J. R. Leager says he got 13 tons to the acre. Mr. Benj. Moore says he got nearly 13 tons, and that you could stand off a hundred yards and see the difference. Mr. G. W. Collins has bought as high as 50 tons per year, says his men on the choice farms got from 12 to 16 tons per acre. Mr. W. T. Money, unsolicited, said to us some time ago: I would like to know how Peerless is made, for I honestly think it is the best Phosphate I ever saw.

Now if you want to sow OATS, or top dress your STRAWBERRIES, plant SWEET POTATOES or need a goods for TRUCK or want anything in the FERTILIZER line please call on or correspond with us before making your purchase.

**WILBUR W. HUBBARD.**

Manufacturer of Standard Bone Fertilizers,

March 1, 1905. CHESTERTOWN, MARYLAND.

| 14 Blocks Soap | 25c |
| 3 3 pound packages Buckwheat | 25c |

**Abe Cohen,** Sandy Bottom Department Store Leader of Low Prices.

## FOR THE HOUSEWIFE

### Hot Water Hints.

The best toilet preparation in the world is plain hot water. Here are some of the uses to which it may be put:

Drink a bowl of it every night if you want a good digestion, a good sleep and a clear complexion.

Put a bag of it to your feet when you have a cold, to your back when you have a backache or at the nape of your neck when you have a headache or feel sleepless.

Bathe the eyes with it when they are inflamed.

Soak the feet in it before manicuring.

Steam the face with it once a week for your complexion.

Bathe the cheeks in it when you want them to be rosy.

Bathe cold sores, fever blisters and pimples in very hot water in order to dry them up.

Like a patent medicine, a single dose of "hot water bag" will cure toothache, neuralgia, rheumatism and pain of all kinds. Try a free sample from the family teakettle.

### Beauty Hints.

Common powdered oatmeal that can be bought at the grocer's is as good as anything for softening water.

Drinking milk twice a day will give the complexion a creamy tint. If the milk is warmed it will increase the flesh rapidly.

An ounce of olive oil, the same of tincture of cantharides and five ounces of bay rum will cure almost any case of dandruff.

Massage will reduce a double chin better than any other treatment. Massage fills out hollows and removes superfluous flesh because it equalizes the circulation.

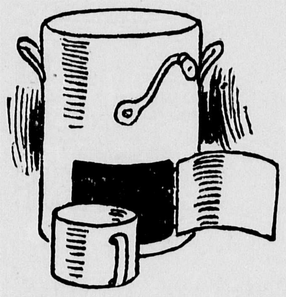

After washing the hair let it hang down the back for a few hours at least. It is a bad plan to wash it at night, as sleeping packs the hair together tightly too soon after the shampoo.

### Renovating Furniture.

To remove spots from varnished furniture hold a redhot stove lid or poker over them and they will disappear. To remove spots from furniture of all kinds without injuring the color dissolve one ounce of castile soap in two quarts of soft water, add four ounces of aqua ammonia, one ounce of glycerin. Apply with a soft sponge and rub. Sweet oil will remove finger marks from varnished and kerosene from oiled furniture. Oiled and varnished woods should be simply wiped with a flannel cloth wrung out of warm, soft water. Dull, soiled woodwork may be cleaned with oil and turpentine.

### Prevents Flour Waste.

This flour sieve prevents waste or dust from flour. It is completely closed

FLOUR SIEVE.

and the receptacle is put beneath, crank turned, and all is done easily and with neatness.

### Planked Shad.

Clean the fish thoroughly, split it down the back and lay it on an oak plank, which should first be well heated. Place the skin side down and season the flesh side generously with butter, pepper and salt. If the fish be tacked loosely to the plank it will keep its shape better. A hot oven will be required. If you think it is cooking too fast reduce the heat and place a pan over the fish. When done remove the tacks, but let the fish remain on the board when sent to the table. Garnish with parsley and lemon.

### To Clean a Black Dress.

One-half peck of Irish potatoes and a package of soap bark will cleanse your black skirt of all dirt and oil. Pare, grate and strain the potatoes and put in tub of not too hot water, to which add the soap bark after it has been immersed for several hours and then strained. Give the skirt a thorough rubbing after it has soaked in the above mixture for at least ten minutes. Rinse in two waters (tepid) and do not wring, but let it drip dry, and there will be no wrinkles.

### Laundry Hints.

When washing black lawns or calicoes make the bluing water almost black with bluing, as it renews any of the dye that may have come out in the washing.

When washing a white dress that has become yellow put a few drops of turpentine into the water and then lay in the sun to dry.

To make wash silk look like new put a teaspoonful of wood alcohol to every pint of water when rinsing and iron when damp.

### Care of the Feet.

Tepid water containing sea salt is very good for the feet, for it strengthens and hardens them and relieves the tired, sore feeling experienced after washing or standing about much during the course of the day.

Feet which easily blister should be rubbed daily with methylated spirit, for this hardens the skin and thus prevents the trouble.

# A REPRESENTATIVE SHOE

*Queen Quality*

BOOTS $3.00 $3.50 $2.50 $3.00 OXFORDS

Taking on a new line always means more or less hard thinking, doubt, &c., on the part of the dealer. In fact the reputation of this business may depend upon It. When we decided to put in a new line of Women's Shoes We went carefully over the whole list and finally selected

*"Queen Quality"*

as being the representative Women's Shoe. In fact we had no alternative since we wanted the best. (As of course we did) We had to take

*"Queen Quality"*

for it is universally acknowledged as being THE BEST WOMEN'S SHOE FOR THE MONEY. We have a carefully selected assortment of this famous shoe and invite your inspection of same.
