HOW WE CATCH A COLD.

A cold is sometimes contracted while remaining enactive for a while in an uncomfortable room or a cold draft and by failing to sleep under like conditions. But most colds are caught while sleeping too cold at night. Deep sleep causes sluggish circulation which renders the system susceptable to change of temperature. To prevent colds sleep under plenty of cover. To cure colds use Rydales Elixir it lessens the severity and shortens the duration of a cold and prevents pneumonia, Bronchitis and Consumption.

M. A. TOULSON.

A Wonderful Saving.

The largest Methodist Church in Georgia, used 32 gallons of L. & M. mixed with 24 gallons of oil, thus making the paint cost about $1.20 per gallon. They calculated to use 100 gallons of other paint. Saved about $80.00, and also got a big donation of L. & M. Dealers gladly sell L. & M., because their customers call for it, and say they used it 12, 14 and even 30 years ago.

Don't pay $1.50 a gallon for linseed oil, which you do in ready-for-use paint.

Buy oil fresh from the barrel at 60 cents per gallon and mix with Longman & Martinez L. & M. Paint.

It makes paint cost about $1.20 per gallon. Sold by Smith & Graham, Chestertown; F. H. Harper & Son, Still Pond; J. W. Ivens, Worton.

FOLEY'S HONEY AND TAR stops the cough and heals lungs.

Try for Health

222 South Peoria St.,
CHICAGO, ILL., Oct. 7, 1902.

Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

Georgia Dunbar

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist today?

RYDALE'S TONIC

A New Scientific Discovery for the

BLOOD and NERVES.

It purifies the blood by eliminating the waste matter and other impurities and by destroying the germs or microbes that infest the blood. It builds up the blood by reconstructing and multiplying the red corpuscles, making the blood rich and red. It restores and stimulates the nerves, causing a full free flow of nerve force throughout the entire nerve system. It speedily cures lingering nerves, nervousness, nervous prostration, and all other diseases of the nervous system.

RYDALE'S TONIC is sold under a positive guarantee.

IRVIN N. WELLS.

A DISPATCH from Rushville, Illinois, to the Baltimore *Herald* Monday said: Lewis A. Jarman has been elected mayor of Rushville after the hottest fight in the city's history. Mr. Jarman is a native of Caroline county, Md. and a graduate of the Western Maryland College and of the University of Maryland. He has been a resident of Rushville for fifteen years, and is the acknowledged leader of the bar of that county.

INDIANA, Wisconsin and Michigan have passed laws forbidding the use, sale or manufacturing of cigarettes in in those States. The government and the people forsee all kinds of trouble and expense in enforcing the law, while in Japan, they do the thing as easily as we make the laws. Every father whose son smokes cigarettes is fined the equivalent of five dollars. The espoinage of the youth therefore falls on the proper person, and the fine is sufficient to induce him to maintain a zeal in watching the youth, all of which may be good for the son, the Father and Goverment in ways other than that of cigarette smoking.

A Pretty Wedding.—A very pretty home wedding was solemnized at the residence of Mr. and Mrs. Wm. R. Legar, near Barclay, Wednesday April 19, at 2 P. M., the contracting parties being their second daughter, Miss Lulu Maywood, and Mr. Oden L. Coppage, son of Benj. L. Coppage. Promptly at the appointed hour the bride and groom entered the parlor to the strains of Lohengrin's wedding march, rendered by Mrs. F. N. Coursey, cousin of the bride. The bride was attired in a tailor-made costume of brown panamas, with hat to match and carried a handsome bouquet of bride's roses and ferns tied with white ribbon. The groom wore the conventional black with white vest and gloves to match. Immediately after the ceremony Mr. and Mrs. Coppage left on the train for points North. The ceremony was performed by Rev. W. O. Bennett. The presents were numerous and handsome, consisting of table linen, silver-ware, etc. Mr. and Mrs. Coppage will reside near Church Hill.

Hicks's Forecasts For May.

Reactionary storm conditions will prevail during the last two days of April and the first of May. By the 1st, disturbances will have passed to eastern parts of the country, with cooler, clearing weather and rising barometer following from the west.

The storm period central on the 6th, begins at the new Moon on the 4th.

The storm period, 4th to 9th, will be ushered in as early as the 4th with rapid change to warmer in all parts westward. The barometer will show marked atmospheric depressions in the same regions, and as these conditions increase and move eastward over the country, a series of decided rain, hail, wind and thunder storms will begin, repeating themselves in many localities for several successive days, leading up to the 8th or 9th. Along with the rising barometer and clearing weather, at the cessation of this storm period, frosts may be looked for in many central to northern sections, say from the 9th to the 12.

Centering on the 12th, 13th and 14th, reactionary storm conditions will reappear and make their regular, progressive transition from west to east across the country. These disturbances will culminate in many thunder and rain storms on and touching the 14th, following which, the barometer will rise, winds will shift to the west and north, with change to much cooler weather.

The next storm period will center on the 17th, covering the 16th to the 20th. This period will culminate on the 17th, 18th and 19th in falling barometer, much higher temperature, and another cycle of daily rain, thunder and wind storms.

If this were a season of maximum rainfall in the United States, storms of the period, 16th to 20th, would continue in daily cycles into the reactionary period, central on the 22nd, 23rd 24. As it is, light disturbances may continue through the interval and break out into renewed energy on and touching the 22 23rd and 24th. If barometric conditions remain below normal, with high temprature and much humidity—conditions which any one may discern—the chances are many for severe and violent storms on these dates. Change to anti-storm conditions—cooler weather, bracing air and rising barometer—should appear from about the 25th to 27th.

The closing storm period for May is central on the 29th, extending from the 27th to the 31st. The Moon is on the celestial equator on the 29th. These combined facts point to general and possibly severe disturbances, progressively over the country from west to east, during the last five days of May The most notable storms of this peroid will center on and touching the 28th and 28th.
