That Spring Suit

Can't fit you too well, nor can the quality of material be too good, consistent with the price, but you can delay too much time looking around for it, if you don't come to "headquarters" where you'll find all the new shades and grades of material, marked in plain figures and sold at "one price to everybody."

It is a well known fact that we carry the largest line of Men's and Boys Clothing in Kent county, and always keep our stock fresh—not allowing Odds and Ends to accumulate, and have but little carried over goods.

These we put such a low price upon that they never reach the next season. Hence always up-to date styles.

A word about Straw Hats. We've got 'em from 25c to $3.50. The price fixed to each one is the very lowest, and Mr. Big Man if you want Underwear that is large enough, giving you complete comfort, come right here and get it.

"BOSSISM!"

A Mighty Protest to the Proceedings of Mr. Barroll's Convention Reverberates All Over Kent County.

The extreme measures adopted by the Barroll wing of the Democratic party in the county convention held in Chestertown Tuesday of last week has aroused Democracy as never before. A sweeping protestation and denunciation is heard from one end of the county to the the other.

A Democrat of the fourth district called at the NEWS office and in scathing language criticised the high handed proceedings. He said he had not voted in the primaries for nearly thirty years but would surely enter his protests against *bossism* at this time!

Another good Democrat who has been allied with the Barroll wing in Chestertown says he will never submit to such dictation and thinks the action of that day has sealed the doom of one-man politics in Kent. He says he is against the Barroll wing this time.

A Barroll member of the Convention from the Fifth district upon reaching home was heard to remark, "Well, I left the Hynson-Wickes wing because I thought they were trying to boss, but I think now that I have jumped from the frying pan into the fire!"

Another member of the Sixth district says he was opposed to such unfair and undemocratic proceedings but that he really didn't appreciate what had been done until the convention was over! Another prominent Barroll man says if he had it to do over again he would vote against such proceedings.

A good citizen of Kennedyville upon learning the action of convention was so incensed that he "spoke out in meetin'," and has since taken up the fight of Democracy against *bossism!*

Thus from Rock Hall to Galt's and from Betterton to Chestertown the voters are aroused against one-man power and a bossism that makes Quay a mere apprentice.

One man remarked that he had some warm friends on the Barroll wing for whom he would like to vote, but that he now realized that it was not a question of helping *men* but a question of placing *one man* at the head of affairs here who would rule in the same arbitrary manner with which he controlled the convention of Tuesday, and rather than encourage such conduct he had concluded to vote for the organization made up of many conservative advisers.

DR. DICKINSON ENDS HIS LIFE

Was Found Dead in Bed at His Boarding-House, 2108 North Charles Street, by a Servant—No Reason Known for the Taking of his Life

Dr. Albert H. Dickinson a retired physician, 76 years of age, was found dead Tuesday morning in a room at his boarding house, 2108 North Charles street, Baltimore.

For several days Dr. Dickinson had been suffering from indigestion, but Monday night was much improved, and seemed in unusually good spirits. He went to his room about 10:30, his usual hour for retiring, and immediately retired. For a number of years it had been his custom to have his morning meal served in his room, and Tuesday morning, a servant, with his breakfast, endeavored to get in the apartment. He could get no response to his repeated knocks at the door, and summoned the landlord. Upon entering the room the physician was found to be dead, and had been so for some time, as his body was cold and stiff.

No reason could be assigned for suicide by people with whom he boarded. He was not known to have had any domestic trouble and was a man of considerable means. He was quiet and unassuming in his manner and lived a retired live. He had spoken of some of his plans for the future to his landlady only last week, which leads her to believe that his rash act was not long premeditated.

Dr. Dickinson was born 76 years ago in Trappe, Talbot county, Md. He attended the public schools until he was 18, when he entered the University of Maryland and graduated from the institution in 1848. For several years he was associated in the drug business with his brother at Trappe. He moved from Trappe to Hearne, Texas, where he was married, but his wife only lived for a few years. From Texas he came back to Maryland and settled in Galena, Kent county, where he practiced medicine, and conducted a drug store until 1893, when he was burned out.

In 1894 he came to Baltimore, and since that time had made that city his home. He is survived by a sister, who lives in New York, and a brother, who resides in Washington State.

Latham Caught.—Sheriff Keyser visited Ringling Bros., big circus in Wilmington last Friday and while there discovered Harry Latham in the crowd and arrested him! Harry escaped from the Chestertown jail last October by sawing an iron bar, he having been sentenced to four months in House of Correction on a charge of resisting officers. Walter Milligan, colored, also escaped at the same time.

SERIOUS ACCIDENT:

George and Louis Ford, of Galena, Crushed by a Falling Tank—George Dies at Wilmington Hospital—Louis Will Survive.

A terrible accident occurred on Mr. Wilson Cochran's farm near Galena Thursday morning in which one man lost his life and another was seriously injured. Messrs. Louis and George Ford, pump-makers of Galena, were the victims. They were at work on Mr. Cochran's windmill and accidentally allowed the big watertank to fall on them crushing them to the ground. They were rescued from their uncomfortable position by Mr. Cochran who seeing their precarious condition, at once placed them on the train and carried them to the Wilmington Hospital where their wounds were dressed.

Mr. George Ford survived until 10.30 P. M. at which time he expired suffering great pain. He was about 25 years of age and unmarried.

Mr. Louis Ford although having two ribs broken and otherwise injured has a good chance to recover.

Set Fire To Shed.

Two boys, four and six years of age, came near causing a conflagation on the Benson farm, near Masseys last Monday. While the hands were at dinner these boys slipped upstairs, procured some matches, went out to the barn and these set fire to some straw! Fortunately the fire was discovered early and by strenuous efforts the blaze was stopped before much damage was done.

A long shed was destroyed and but for a shift of wind the barn and other buildings would have been destroyed. One of the lads seeing the headway being gained by the fire ran in the and notified his parents.

A few moments out of sight of his parents, Tuesday afternoon were enough to bring a horrible death to Alba Blair, 6 years old, son of Porter Blair, a farmer living near Clayton.

The little fellow left his mother's sight and seeing his father's shot gun on a shelf just within his reach, he tugged at it until he got the weapon down and the whole contents were discharged into his neck, blowing off his head. Relatives and neighbors, attracted by the loud report in the house, arrived on the scene to find the sickening sight of the little headless body and the head in another part of the room.

CLIFF'S ABANDONED!

It is reported that on and after June 1st, the Chester River boats of the Maryland, Delaware and Virginia Railroad Company will discontinue making trips to Cliff City wharf, one of the most profitable and important points on the river.

Harrison W. Vickers Esq., the owner of the wharf, states that he received a letter from the company Wednesday, stating that the boats would not stop at Cliff's after the above date. The order of the company will seriously handicap shippers and farmers in lower Quaker Neck, who have used the wharf for six years. They will be compelled to go to Quaker Neck wharf, a distance of five or six miles, to reach a landing.

The company formerly leased the property from Mr Vickers, and it is said that the lease has expired. Several citizens, interested in boating, are seriously contemplating the establishing of an opposition line to the Maryland, Delaware and Virginia Company, and the refusal of this company to stop the boats at Cliff may hasten matters.

New Freighting Line—Mr. William F. Meredith has purchased the large schooner "F. N. Bradford" of New Jersey, and will operate a freight line out of Worton and Fairlee creek and Chester river. He will have Captain Lewis as master and will make a specialty of grain, coal and cord wood.

Mr. J F. Usilton, who tenants Poole's Island and Rock Point, has purchased for his landlord, Mr. Homer, of Baltimore, a gasoline launch of Mr. Percy Rawleigh, of Chestertown.

Vessels Purchased.—Mr. James D. Lucas has purchased the "Brooks" and "Wingate," vessels formerly owned by Capt. C. R. Atkinson, and will at once repaint same and prepare them for an active grain season. Capt. Atkinson will doubtless be retained to manage the boats.
