NOTICE TO THE PUBLIC.

The Law Regulating the Use of Automobiles.

IN VIEW of the use of motor vehicles in Kent county, we deem it proper to call the attention of the public to the law governing same, so as to protect the traveling public and to forewarn owners. This is a State law passed at the session of the Legislature of 1904.

CHAPTER 518.

AN ACT defining motor vehicles and providing for the registration of the same, and uniform rules regulating the use and speed thereof.

SECTION 1. *Be it enacted by the General Assembly of Maryland*, That every resident of this State who is the owner of a motor vehicle, and every non-resident owner whose motor vehicle shall be driven in this State, shall file in the office of the Secretary of State a declaration duly verified that such owner is competent to drive the motor vehicle for which application for license is made, and a written statement containing the name and address of such owner, together with a brief description of the character of such motor vehicle, including the name of the maker and the manufacturer's number of the motor vehicle, if number there be, and the rated horse power of the motor vehicle, and shall pay to the Secretary of State a registration fee of one dollar for each motor vehicle; the Secretary of State shall issue for each motor vehicle so registered a certificate, properly numbered, stating that such motor vehicle is registered in accordance with this section, and shall cause the name of such owner, with his address, the number of his certificate and a description of such motor vehicle or motor vehicles, to be entered in alphabetical order of the owners' name in a book to be kept for such purpose. This section shall not apply to manufacturers or dealers in this State of motor vehicles, except as to vehicles kept by such manufacturer or dealer for private use or for hire.

SEC. 2. *And be it enacted*, That the owner of each and every motor vehicle driving the same upon the public streets, public roads, turnpikes, parks, public parkways, public driveways or other public highways in this State shall have the number of the license issued as aforesaid by the Secretary of State upon the back of every such motor vehicle, in a conspicuous place, so as to be plainly visible at all times during daylight, such numbers to be separate Arabic numerals, not less than three inches in height, the strokes to be of a width not less than three eighths of an inch, and, excepting the numbers upon the lights, required by Section 3 of this Act, such owner shall not be required to place any other marks of identity upon said motor vehicle.

SEC. 3. *And be it enacted*, That every motor vehicle shall carry, during the period from one hour after sunset to one hour before sunrise, at least two lighted lamps, showing white lights, visible at least two hundred feet in the direction toward which such motor vehicle is proceeding, and shall also exhibit at least one red light, visible in the reverse direction; upon the side or fronts of the two aforesaid lamps showing white lights shall be displayed, in such manner as to be plainly visible when said lamps are lighted, the number of the license issued as aforesaid by the Secretary of State, the same to be in separate Arabic numerals, not less than one inch in height; every motor vehicle shall also be provided with good and efficient brake or brakes, and shall also be provided with suitable bell, horn or other signal device.

SEC. 4. *And be it enacted*, That the following rate of speed may be maintained, but shall not be exceeded, upon any public street, public road or turnpike, public park or parkway, or public driveway, or public highway in this State by anyone driving a motor vehicle:

(1) A speed of one mile in ten minutes upon the sharp curves of a highway and at the intersection of prominent crossroads where such road or highway passes through the open country.

(2) A speed of one mile in ten minutes where such street or highway passes through the built up portions of a city, town or village.

(3) Elsewhere except as otherwise provided in Sub-divisions 1 and 2 of this section a speed of one mile in six minutes: provided, however, that in meeting or passing a person driving or riding or leading a horse or horses or other animals, such speed shall be reduced to a mile in ten minutes, and that nothing in this section contained shall permit any person to drive a motor vehicle at any speed greater than is reasonable, having regard to the traffic and use of highways, or so as to endanger the life or limb or to injure the property of any person; and it is further provided that nothing in this section contained shall effect the right of any person injured either in his person or property by the negligent operation of a motor vehicle to sue and recover damages as heretofore.

SEC. 5. *And be it enacted*, That the person in charge of said motor vehicle, at the signal or request of any person riding a horse, or of any person leading or driving a horse or horses or other animals, or at the indication of such horse or horses or other animals becoming alarmed by said motor vehicle, shall go as far as practicable to the side of the road and remain stationary until the said horse or horses or other animals have passed to a safe distance, in the meantime making as little noise as possible with the steam.

SEC. 6. *And be it enacted*, That any person driving a motor vehicle the owner of which shall not have complied with the provisions of this Act, or which motor vehicle shall display a fictitious number, the same being a number other than that designated for such motor vehicle by the Secretary of State, shall, upon conviction, be fined a sum not exceeding fifty dollars, and, in default of payment thereof, be punished by imprisonment in the county jail for a period not exceeding thirty days: provided, this section shall not be construed to prohibit a motor vehicle displaying the proper number of its license from also displaying any other number for any lawful purpose.

SEC. 7. *And be it enacted*, That any person driving a motor vehicle upon any public streets, public highways, public roads, turnpikes, parks, public parkways or public driveways in this State in a race or on a bet or wager shall, upon conviction, be fined in a sum not exceeding fifty dollars, and, in default of payment thereof, be punished by imprisonment in the county jail for a period not exceeding thirty days.

SEC. 8. *And be it enacted*, That all motor vehicles used in this State shall be provided with a suitable lock to lock the starting lever, throttle or switch by which the vehicle is started, and no person shall allow any motor vehicle operated by him to stand or remain unattended on any road in said State, or street or road in any town or city in said State, without having first locked the lever, throttle or switch by which the vehicle may be set in motion.

SEC. 9. *And be it enacted*, That any person violating the provisions of this Act shall, except as otherwise provided herein, upon conviction, be fined in a sum not exceeding the amount hereinafter set forth: For a violation of Section 1, fifty dollars; for a violation of Section 2, twenty dollars; for a violation of Section 3, twenty dollars; for a violation of Section 4, Sub-division 1, twenty-five dollars; for a violation of Section 4, Subdivision 2, twenty-five dollars; for a violation of Section 4, Subdivision 3, fifty dollars; for a violation of Section 5, fifty dollars or confinement in the county jail for not less than thirty days, or both, in the discretion of the magistrate or court. In default of the payment of any of the above fines there shall be imposed an imprisonment in the county jail for a period not exceeding thirty days; provided, that any offender who shall have been guilty of a violation of this Act and sentenced therefor, and who shall be convicted of a second offense of the same violation, may for such second offense be fined in double the amount herein prescribed for the first offense, or may be punished by imprisonment in the county jail for a period not exceeding three months.

SEC. 10. *And be it enacted*, That whenever the term "motor vehicle" is used in this Act it shall be construed to include automobiles, locomobiles, and all other vehicles propelled otherwise than by muscular power, except the cars of electric and steam railways and other motor vehicles running upon rails or tracks; but nothing in this Act contained shall be construed to apply to or affect bicycles, tricycles or such other vehicles as are propelled exclusively by muscular power. This Act shall not apply to the vehicles known as motorcycles, but shall apply only to those mechanically propelled vehicles having more than two wheels.

HICKS FOR JULY.

A wave of extreme summer warmth will reach a crisis on and about the 2nd, the barometer will fall and many storms and gusts of rain, wind and thunder will pass eastward across the country from the 2nd to the 5th.

At the reactionary storm period central on the 7th, 8th and 9th, there is great probability that we will enter upon a period of prolonged disturbance. After storms on the 7th and 8th and 9th, change to cooler, fair weather may result, but the chances are good that continued cloudy and threatening conditions will prevail until we enter the regular Vulcan storm period which is central on the 14th. Normally this period would extend from about the 12th to 16th, but under the combined influences of Mars and Mercury those normal limits will likely be overleaped. During all this time, in sections where storms and rains do not cominate the weather, sustained heat and hurtful dryness will be prolonged. A crisis of storm and abnormal weather will be experienced about the 14th to 16th inclusive, after which rising barometer and change to cooler will come to most parts.

On and touching the 20th, 21st and 22nd, reactionary storm forces will again make themselves felt, causing very high temperature, falling barometer and return of threatening weather and storms. We wish it distinctly understood that "threatening weather," attended by many actual and severe storms is altogether possible at any of the storm periods in July, without appreciable or satisfying rainfalls. At all events, the rainfalls will most likely be concentrated in special and limited areas, leaving the wide districts unsupplied with proper quantities of moisture.

The temperature will rise to another climax of warmth during the first days of this period, the barometer will fall at the same time, all culminating in threatening gusts and storms on and touching the 25th, 26th and 27th. Many of these July periods will bring violent local hail storms to many sections in the middle to the northwestern states. Such results are naturally to be apprehended during both the Venus and the Mars periods in summer, the two being blended at this time.

July will come to its close with excessively high temperature, or a marked warm wave spreading from western to eastern parts of the country. The second new moon for the month falls on the 31st, being within a few days only of the center of the Venus disturbance.

Dedication of Wye M. P. Church

The new Methodist Protestant Church at Carmichael was dedicated last Sunday. All-day services were held and drew together large crowds from different parts of Queen Anne's and Talbot counties. The morning services began at 11 o'clock the sermon being preached by the Rev. Dr. F. T. Tagg, of Baltimore, the first pastor of old Wye Church. The afternoon service began at 3 o'clock, the sermon being preached by Rev. Dr. Frank T. Little, of Baltimore. The evening service began at 7.20 o'clock, the sermon being preached by Rev. Dr. Walter R. Graham, Easton.

The church, which is one of the handsomest country churches on the Eastern Shore, is a one-story frame building, with tower and bell. The interior is finished in hard wood and has circular pews upon an incline floor. The building cost $3,000 and is all paid or subscribed for. It was through the efforts of its pastor, Rev. B. F. Ruley and James H. Dodd, of Wye Neck, who gave $500 in cash and all the framing lumber for the building, that it was built.

It has several handsome memorial windows—one in honor of Rev. F. T. Tagg, its first pastor; another in honor of Gen. Richard Thomas, the oldest Methodist Protestant in the United States, who contributed $250 towards its erection; another window is to the memory of the late Emory T. Roe; another is to the memory of the late Mrs. Susan Dodd, mother of James H., and Thomas H. Dodd, and another in honor of John Bishop.

PHYSICIANS recommend "Pepsimint," the new granular, effervescent remedy for Indigestion, Dyspepsia, Headache, and Mental Exhaustion. Guaranteed harmless. Pleasant to take. 10 and 25

Wye Camp.—The grounds and tents of Wye Camp, Queen Anne's, are being set in order for the approaching meetings. The privileges have been let. A brilliant array of talent has been secured and tents are in brisk demand. All things point to an enjoyable and profitable season at this well known camping ground of Eastern Shore Methodists.

The Republican politicians complain very much that the white women of the State favor the adoption of the negro amendment and then console themselves by the fact that women can't vote. But they will find that even though they may not be privileged to cast a ballot, they wield a powerful influence with their husbands and sons, who do vote. It is but natural that they should be much interested in this issue, as their comfort and safety would be greatly promoted by the adoption of the amendment.

Cure For The Blues

ONE MEDICINE THAT HAS NEVER FAILED

Health Fully Restored and the Joy of Life Regained

When a cheerful, brave, light-hearted woman is suddenly plunged into that perfection of misery, the BLUES, it is a sad picture. It is usually this way; She has been feeling "out of sorts"

for some time; head has ached and back also; has slept poorly, been quite nervous, and nearly fainted once or twice; head dizzy, and heart-beats very fast; then that bearing-down feeling, and during her menstrual period she is exceedingly despondent. Nothing pleases her. Her doctor says: "Cheer up: you have dyspepsia; you will be all right soon."

But she doesn't get "all right," and hope vanishes; then come the brooding, morbid, melancholy, everlasting BLUES.

Don't wait until your sufferings have driven you to despair, with your nerves all shattered and your courage gone, but take Lydia E. Pinkham's Vegetable Compound. See what it did for Mrs. Rosa Adams, of 819 12th Street, Louisville, Ky., niece of the late General Roger Hanson, C.S.A. She writes: Dear Mrs. Pinkham:—

"I cannot tell you with pen and ink what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered with female troubles, extreme lassitude, 'the blues,' nervousness and that all-gone feeling. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it not only cured my female derangement, but it has restored me to perfect health and strength. The buoyancy of my younger days has returned, and I do not suffer any longer with despondency, as I did before. I consider Lydia E. Pinkham's Vegetable Compound a boon to sick and suffering women."

If you have some derangement of the female organism write Mrs. Pinkham, Lynn, Mass., for advice.

Satisfaction

THERE is a great satisfaction in a sale like that now in full blast at our store—satisfaction to our customers, satisfaction to us. It indicates that the public has faith in our statements, and in our Quarter-Century reputation for reliable qualities, reasonable prices and liberal methods.

We believe in the people—the majority are not unreasonable, but are honest and well meaning, and only want to be fairly and squarely dealt with. Long experience has taught them that that is the treatment every one receives at this store.

They have learned to believe in the reductions we announce, and to recognize them as opportunities to get genuine values in MEN'S, YOUTHS' and BOYS' CLOTHING at an actual saving of money.

They know, too, that MONEY'S WORTH or MONEY BACK is our policy, and it gives them added assurance of the safety in dealing at this store.

Men's $18 and $20 Suits for $14.50.
Men's $12 and $15 Suits for $9.75.
Boys' $6.00 Suits for $3.50.

TRACTION ENGINES.

The following is the law governing the travel of traction engines on the public roads of Kent county, and which is deemed advisable to be published:

Every Traction Engine, when propelled by steam upon or over any public road in this State, shall be accompanied by at least two men, whose duty it shall be to so conduct the Engine as to cause as little alarm as possible to horses, ridden, driven or led upon such road, and to render at all times all reasonable assistance to persons so riding, driving or leading horses upon such road.

The person in charge of said engine, at the signal or request of any person riding a horse, or of any person leading or driving a horse or horses attached to any vehicle; or at the indication of such horse or horses becoming alarmed by said engine, shall go as far as practical to the side of the road, and remain stationary until the said horse or horses have passed to a safer distance, in the meantime making as little noise as possible with the steam.

One of them en accompanying such engine shall precede such engine at least three hundred yards to warn persons riding or driving upon any Public road, of the approach of said engine, and shall assist such person or persons in the management of any horse or horses that may require his assistance to control the same.

If any person in charge of any such engine shall neglect to comply with the provisions of the three preceding sections, he shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than ten dollars, and in default of the payment of said fine, shall be committed to jail for not less than thirty days or until the fine is paid, or be both fined and imprisoned in the discretion of the Justice.

It shall be the duty of the owner of such engine to have a copy of the four preceding sections, and of this section, posted on said engine, and default thereof he shall be subject to a fine of not less than ten dollars.
