OWNS $33,000,000,000 MINE?

Mr. Walter Scott's Claims Do Not Impress Old Miners.

"Talk about John D. Rockefeller, his fortune would not be pin money alongside the wealth of Walter Scott if that alleged mysterious mine in Death Valley pans out as gloriously as the claims of Scott make."

This is the opinion of old Western mining men who have taken the pains to analyze the Aladdin-like stories of treasure told by Scott to his new Chicago acquaintances

"I'm a plain miner," he says, "but, say, I've got the only gold mine in the country. Someone said the ore assayed $88,000 a ton, did they? Ridiculous! My ore runs $144,000 a ton, and there's plenty of it—more than I'll ever get through if the mine was worked steadily until coyotes turn into elephants.

"I've just done a little figuring," said one man who was questioned by a reporter on Scott's probable wealth. "Basing my estimate on the $144,000 a ton and on the description of the mine as volunteered by Scott, I should say there was something like $22,600,000,000 in sight. That would pay the national debt 30 times over, I guess, and leave enough to run the Government for several years, to say nothing of building the Panama canal.

"I'm not going to mention names, but many of the famous gold mines of the Northwest produce ore assaying no more than $30 a ton. One of these was sold to an English syndicate for $7,000,000."

Contenting himself with a drawing room on a Twentieth Century Limited sleeper instead of the special 13-hour train which he had declared he was going to hire, Scott and his yellow dog left Chicago Friday afternoon for New York. While the Death Valley miner took his dog, he left his wife.

"I gave the missus a chunk of my roll and she'll stay at the Great Northern Hotel until I get back," declared the Westerner, as he saw that the yellow dog was made comfortable in the baggage car. "I'm only going to stay in New York a couple of days and then Chicago can have another chance to roast me because I don't throw $1,000 bills into the street. I'm only going to New York for a pleasure trip, there's no business about it. Did you see the new decoration I've put on the dog?"

Scott here showed that the animal was adorned with several yellow-backed bills, tied on tight.

"They're just the color to match his complexion," declared Scott. The dog barked joyously. Scott today received his hotel bill and kicked like a commercial traveler at the charge of $25 a day for the bridal suite he and his wife occupied at the Great Northern.

"What!" he cried when he saw the bill, which made only the usual charge for what is one of the better apartments of the hotel. "Twenty-five dollars a day? Why, I've had this suit for $20 a day."

"You never had this suite before in your life," blandly said the manager.

"Well, a friend of mine did," said Scott, weakening. Then he paid the bill.

PIE HOLDS UP A RAILROAD

Ptomaines Crippled Engineer And Fireman And Traffic As Well.

Topeka, Kan., July 14.—Pie struck a hard blow at the Sante Fe system yesterday. Neils Jorgensen, engineer, and W. D. Johnson, fireman, who tackled the pie, are now in the hospital.

Cocanut was the principal ingredient next to ptomaines. The ptomaines began to get busy when the freight train approached Saffordsville. Jorgensen, agonized and writhing, grabbed the reverse lever when he wanted to get the other, and the train came to a stop in the middle of a big corn field, with no station in sight. The brakeman found both men rolling on the cab floor in terrible distress.

One brakeman remained with the stricken men and the other two flagged fore and aft. Meantime passenger and freight trains bound in each direction clogged the yards at Emporia and Saffordsville. After three hours of suffering the sick men were placed on an eastbound train and brought to Topeka hospital. The blockade was raised and through business on the Santa Fe was resumed.

Firing Cause the Fishes to Leave.—Great complaint is heard among the fishermen of Chesapeake bay over the scarcity of fish this season. One of the oldest and best known fishermen, Mr. John E. Foster, stated that this has been the most disastrous season the fishermen have known in thirty years. The catch up to the present time, Mr. Foster declares, has not been one-third what it should have been, and he is of the opinion that the fishermen will lose great sums of money before the season ends. Mr. Foster says he is unable to account for the scarcity of the "finny tribe" unless the recent army and navy exercises have something to do with driving the fish away. The heavy firing at that time killed many small fishes, and it may be that the larger ones became frightened and left Chesapeake bay.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root,** the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co. Binghamton, N. Y. When writing mention reading this generous offer in this paper.

KIDNEY DISEASES CAUSE ONE-THIRD OF THE TOTAL DEATHS.

When the Kidneys fail to perform their functions properly by not straining out the poisonous waste matter from the blood as it passes through them, the poisons are carried by the circulation to every part of the body, deranging the different organs. This causes heart trouble, stomach trouble, sluggish liver and a host of other ills, all due to deranged Kidneys.

FOLEY'S KIDNEY CURE

corrects irregularities and cures Kidney and Bladder diseases in every form, tones up the whole system, and the diseases that have resulted *from* disordered Kidneys disappear, because the *cause* has been removed. Commence taking FOLEY'S KIDNEY CURE at the first sign of danger. Do not risk having Bright's Disease or Diabetes.

CURED OF BRIGHT'S DISEASE.

Mr. Robert G. Burke, Elnora, Saratoga Co., N. Y., writes:—I am glad to have an opportunity of telling what magnificent results I have had from using FOLEY'S KIDNEY CURE after having tried other advertised medicines and several physicians. Before I began it I had to get up from 12 to 20 times each night to relieve my bladder. I was all bloated up with dropsy and my eyesight was so impaired that I could scarcely see one of my family across the room. In fact, I was so badly used up that I had given up hope of living when I was urged by a friend to try FOLEY'S KIDNEY CURE. One 50-cent bottle worked wonders, and before I had taken the third bottle the superfluous flesh had gone, as well as all other symptoms of Kidney trouble. My friends were surprised that I was cured, as they all thought I was going to die. Every few days some one comes from miles away to learn the name of the wonderful medicine that cured me of Bright's Disease, and not one that has tried it has failed to be benefitted.

Two Sizes, 50 Cents and $1.00.
