## M. KRAMER, The New Blackiston Building

ROCK HALL, MD.

THIS ADVERTISING is a sort of mutual affair, which has a tendency to strengthen the confidence which must exist between the seller and the buyer. Little profits and judicious advertising is the foundation upon which a successful business can be built. We call the KENT NEWS readers attention to our special sale of MEN'S AND BOYS' CLOTHING. A summer suit at reduced prices right in the height of the season is somewhat of an innovation, yet a call for these goods will convince you that they are extra values at our reduced prices. Then our SHOE BUSINESS is a hobby of ours. We try to keep the Shoe to please each and every patron. This necessitates us to carry a very large stock of shoes, and from this stock the most fastidious can be suited.

We carry a full stock of MEN'S HATS, LADIES' AND GENTS' FURNISHINGS, DRY GOODS OF EVERY DESCRIPTION, CARPETS, MATTINGS AND OIL CLOTHS. A nice line of GENERAL MERCHANDISE.

We hope to receive a liberal share of your patronage in the future.

We are yours for business,

M. KRAMER, - ROCK HALL, MD.

## Now For Your Feet

When you want a shoe for any occasion you want one that is "Just Right" not "nearly so" nothing but "just right" suits and nothing but giving satisfaction suits us, that's why we take pleasure in offering you our new spring styles, made on custom shaped lasts with the "Just Right" details that make them a winner. We have all kinds and grades in great variety in Pat Colt, White Canvass and Russett in Oxfords and high cuts. The only place in town where you can buy the celebrated W. L. Douglass Shoes for men and boys. White Canvass, Tan Shoes and Oxfords are the "right thing" this season. My stock in these is all new, every pair of them.

**Buy Your Shoes From The Shoe Man**

## THE CONSTITUTIONAL AMENDMENTS.

The NEWS began last week the publication of the proclamation of Governor Warfield, submitting to the voters of the State two proposed amendments to the constitution, passed by the Legislature at the January session, 1904.

The first is the one affecting the voting privilege, and the second permits State aid to public road improvements. Under the present provision of the Constitution there was doubt whether the Legislature had power to aid such public improvements, and the proposed amendment is to make that power definite.

The proposed amendment, adding requirements to qualifications of voters, is the important question of the campaign. *The additions will not affect the voting privilege of white men,* but adds an educational qualification for negroes.

Everybody should read the amendment and understand it. Those favoring negro suffrage have been trying to mystify the matter, but there is no mystery about it. Every person can read and understand it.

In November voters will have the amendment submitted to them on the official ballots, with the words "For the Amendment" and "Against the Amendment" printed after it. A simple cross-mark (X) in the square following "For the Amendment" or "Against the Amendment," will record your views in relation to it, just as you put a cross-mark after the name of a candidate for whom you desire to vote.

The adoption of the amendment will deny the privilege of voting to ignorant negroes, who cannot read, or be able to understand when read to them, any section of the Constitution. Men who were voters in 1869 can register and vote next year, as under the present Constitutional provision and registration law. Sons and grandsons of men who were voters in 1869 can do the same.

The voting privilege was extended to negroes in 1870 by the provisions of the Federal Constitution, proposed by a Republican Congress and adopted by carpet-bag and bayonet rule. The negro, not being a voter in 1869, will have to be able to read a section of the Constitution, or, being unable to read, be able to give a reasonable explanation of it when read to him, before he can be registered.

Simply and plainly stated, a vote for the Amendment is a vote against ignorant negroes having the privilege of voting.

A vote against the Amendment is a vote in favor of all negroes voting.

If the amendment is defeated the negroes will continue to vote, and worthless and ignorant negroes from the South will flock to Maryland in order to have a vote for sale at Republican primaries and at general elections.

The matter of negro suffrage must be decided at the November election. It is the one opportunity to do so, for it is not probable the question will be presented again. Therefore, every voter should make up his mind whether or not he desires negroes to vote, and mark his ballot accordingly.

### DEWEY PARK'S ATTRACTIONS.

Dewey Park, though but eight years old, has gained a reputation of which any resort would be proud. The grove is large and clean and has a beautiful approach, while the view of Sassafras river is excellent and this pretty stream, winding in and out between foliage lined banks presents a comely picture. The dancing pavilion is undoubtedly the best on the Eastern Shore and that it is appreciated is evident by the immense crowds who journey there each Wednesday evening.

Hospitality, for which Maryland is famed, must have had its birthplace near Dewey Park, as the glad hand is extended a stranger throughout the entire section, and Messrs. Shallcross & Massey the proprietors are endowed with an unusually liberal share of this commodity. The music is fine and the visitor, though he may have a tedious drive is well repaid by an evening at Dewey Park.

WE, FOR THE 60TH SEASON PRESENT

## ...Our Fertilizers...

TRADE MARK

TO THE FARMERS AND PLANTERS OF KENT and adjoining counties. With pride we say that we are better equipped than ever, this year to give you your money's worth.

Many cannot understand why, after so many years doing business here, that Wilbur W. Hubbard's Fertilizers are more extensively used year after year. But the mystery is solved by a visit to our factory, which is always open for inspection to the public, and those who go down to our works marvel at the pains taken in manufacturing the goods.

First the bone is shoveled in the crusher with a scoop shovel and prepared for the Denmead mill, then it is dissolved, and after getting in good mechanical condition, if making a dissolved bone goods, so many pounds of bone is put in the mixer. The nitrate of soda, fish and high grade potash are added, the whole thoroughly mixed, passed through a phosphate mill and screened and thrown up in bulk, to remain until it is shipped, and then it is bagged in new treated acid proof bags and sent out in splendid shape. We are often asked, "why don't you run the goods when first mixed, right in the bags, and not go to the expense of treating the bags, as do other manufacturers?"

We are often asked if this is not a needless extreme, but we reply—it pays to make the best.

Whilst there is some loss by evaporation by bulking, an additional expense in rebagging and an expense to treat the bags, when we remember that a farmer appreciates a good goods, and in first class mechanical condition it pays to go to extremes as it is impossible to make a first class fertilizer otherwise, and by treating our customers right in their purchases, making the time of payment of the bill to suit them, we have gotten a personal hold upon our trade.

The Fertilizers for 1905 are the best we have ever put out. Each year has its experiences. We learned something in 1904—the users of Wilbur Hubbard's Fertilizers will get the benefit of it. A poor article may sell rapidly for a time if it is pushed energetically, but a record of steady gain over a period of 60 seasons among the same people, can only be achieved by a good, reliable article. You can only judge the future by the past. If you have used Wilbur Hubbard's Fertilizers in the past you may be assured they will give you satisfaction in the future. If you have not tried them, we ask you if a record of Thirty (30) successful years with the farmers of the Middle States is not a sufficient guarantee to justify you in using the goods.

Soliciting your patronage, and thanking all our friends for their substantial support in the past, we remain

Very truly yours,

**Wilbur W. Hubbard,**

**Manufacturer of Standard Bone Fertilizers,**

July 15, 1905. CHESTERTOWN, MD.
